The body design of this new Overland carries out the latest streamline design. The equipment compares with that of cars very much higher in price. At the same time, it is a low-priced car that costs very little to run. It is equipped with the Autolite two-unit starting and lighting system. Its rear springs are the famous cantilever type, probably the easiest riding springs ever designed. It has four-inch tires all around; non-skids on rear. Demountable rims are used and one extra rim is included. There is a magnetic speedometer and a full set of tools. It is not only a thoroughly high-grade car, but carries with it a completeness of equipment unheard of in cars of this price.

A measurably heavy fall of snow has given new impetus to lumbering operations in towns about Barre and immediately after the storm of Saturday and Sunday lumber men were able to work their horses for the first time in several weeks. Farmers in Orange and others who devote their time in the winter to getting out timber are making the most of their opportunities this week. Portable and permanent mills in the hill regions are being besieged with logs, and shipping points like Barre, conveniently near the scene of logging operations, are profiting by the influx of timber. Lumber is high this winter and big dealers are not holding their output for higher prices. Consequently there has been a heavy demand for teams to transport logs and sawed timber to the shipping points.

At the First Presbyterian church last night, members of the congregation enjoyed the rare privilege of examining Darius Cobb's masterpiece, "The Master," which was exhibited by Dr. C. F. Hill Crathern of Worcester, Mass., who has been a guest of Rev. Edgar Crossland, Dr. Crathern gave an interesting informal talk on great paintings of the world and referred to the sensations which one is apt to experience after viewing some of the great paintings in Milan, Florence, Rome and Antwerp. He spoke of the life of Darius Cobb, who is now in his 82d year, and then permitted his hearers to view the picture that took Cobb 30 years to create. A second picture, "The Prince of Peace," by the same artist, was exhibited by Dr. Crathern.

Engelman, financial secretary of the central committee of New York, acknowledging the receipt of \$33.20, the amount turned into the fund from Barre. On the day designated by President Wilson last month Jewish people throughout the United States secured subscriptions aggregating more than \$4,000,000 for the relief of Jews suffering through the European war. This money is to be applied immediately for the relief of the war sufferers. Some of the Slickest That You Will See

this season in Wash Goods and Silks will come from our store. Lots of these new ideas have already arrived. Lots more were bought by us last week while in Boston and New York. Our early purchases will help you a whole lot on your spring buying. Better styles, better goods for the money. You will notice a difference. Look around in other stores in other cities. You will then like our buying better. You will see where you can do better right at home, save a part of your money and be used as though we wanted your trade. We look after your interests every day in the whole year—things that go wrong, we make go right. Let us show you the following:

Nothing Newer or Better in Wash Goods

New lot of 36-inch Irish Poplins. These on account of scarcity of color material will be hard to get. We have the following colors: Brown, Black, Reseda, Rose, Apricot, Garnet, Tan, Heliotrope, Battleship Gray, White, and six different shades of Blue. We doubt if there is another assortment in Vermont so large as this lot. Yard wide, at 35c per yard.

Awning Stripes for Skirts and Suits are good—25c per yard.

Burton Brothers' New Cloth in Colored Stripes is very good. This at 25c per yard.

New Beach Cloth in Covered Patterns at 25c per yard.

Burton Brothers' Reception Voiles in a large variety of new patterns. These at 25c per yard.

New Wash Goods

Here is a new Cloth, one of our best, Tissue Raye. This cloth will be one of our very best. Price, 39c per yard.

Yard-Wide Fashion Silks for Waists, Dresses and foundation work. These at 39c per yard.

Silk Striped Organadies are very pretty, having all the style of all silk goods. These, 45c per yard.

New Crystal Silks, the latest in nice wash goods. These will be hard to buy a little later. Manufacturers are short on all kinds of desirable merchandise.

Forty-five Inch Ramie Linen. This comes in colors of Reseda, Pink, Light Blue, Brown and Heliotrope, suiting weight. When these are sold, no more at this price. You know what is happening to all kinds of Linens. If you don't, you will know when you go to make your second purchase a little later in the season.

Send for samples and buy early. We parcel post free.

Early Showing of Suits

You can be stylishly dressed at really moderate expense. It isn't the amount you spend on clothes that makes you look stylish and well-dressed—it's the way the money is spent. Our constant study is to get the Suits that mean the maximum of correct style, dependable fabrics, and careful tailoring, at moderate cost.

Our early showing of Suits comprises many of the new features of the season. The coats, while a little shorter, have that fullness at the bottom that give them the grace and style of the season.

The Black and White Shepherd Checks will be very popular this season. Blues in the several different shades will be very popular; Blacks, Browns and Greens will be good.

Our early showing are in Serges, Poplins and Gabardines, also the fine Black and White Shepherd Checks. If interested in Suits, you should see our early display.

We are putting prices on a lot of Winter Suits to clean them up at once. Here are some good Suit values that are not much different in weight and material than the spring models, and the prices are very cheap.

Ladies' Separate Warm Coats

We have put on one rack a lot of heavy warm winter Coats in styles that have been the winter's best values, at prices from \$10.00 to \$20.00. These are all on one rack to close at only \$4.98 each. If you want a good Coat value, you should see this rack of Coats.

Our next will be a Bargain Basement ad. You will want to get first chance at this new lot of merchandise that will save you lots of money on your early spring purchases. These goods were bought in New York last week at a sale. All perfect goods, at Basement Prices.

CUT DOWN MONTPELIER'S LEAD

But Barre Knights of Columbus Haven't Quite Overcome It.

Barre knights pegged their way to victory last evening in the third of a series of cribbage and pool matches that are being played by Barre and Montpelier Knights of Columbus this winter. Last night's tournament took place in the rooms of Barre council in the Scampini building and the fourth assembly of the series will be held in Montpelier next Tuesday evening, as the teams are to alternate between the two cities until six meetings have been held. By virtue of victories in the cribbage set, Barre council came out of the third skirmish with a majority of 218 points for the evening, thus lessening Montpelier's margin for the series to date from 370 to 162. Pool honors remain with Montpelier thus far, but the cribbage laurels rest with the Barre knights.

Below is given in recapitulation the cribbage and pool matches played last night.

Are You Losing Money?

Or are you saving it by buying Ladd's Cream Bread? The average family (five persons) will consume a loaf of Bread per day, seven days a week. Here is what it will cost to make seven loaves of the same size and weight as our Cream Bread:

7 1/2 lbs. Flour at 4c	30c
1 1/2 quarts of milk	11c
Shortening	3c
Salt and incidentals	1c
Two yeast cakes	4c
Any woman's time should be worth at least 15c per hour on special work, or your maid's time will cost that and will take three hours a week—Labor cost	45c
	94c

This makes no allowance for extra fuel or loaves spoiled in baking.

Seven loaves of our Cream Bread at three for 25c cost you 60c—less 5 per cent. at store, 57c.

Or, in other words, you get 8c above cost of raw material for labor, extra fuel, etc. Compare this with convenience of getting a fresh loaf of Bread whenever you want it.
