

COMPANY E MYSTIFIED

Could Not Follow the Swift Passing by Barre Shamrocks

AND WERE DEFEATED BY 56 TO 22 SCORE

Game in Church St. Gym. One of the Best of the Season

The Shamrock aggregation of basketball players started off their home series with a sweeping victory over the Company E. team of Bellows Falls last evening in the Church street gymnasium by the score of 55 to 22.

The game was one of the fastest and cleanest games seen here this season. The passing and general team work of the Shamrocks was a revelation to the spectators and their shooting was all that could be desired. The Co. E team were also good at passing but were unable to find the cages, even when they had an even chance for a goal. Stuart and Grady for the local team and Keppell for the visitors were the greatest individual point getters, each of these three men securing seven baskets from the floor. The guarding of M. Fountaine by the visitors was especially worthy of mention. Fountaine is a light man and looked too small to be dangerous but the members of the opposing team soon found out their mistake if they attempted to ignore him. The work of referee Scampini was described by one of the visitors as the best he had found in any of the towns visited on the trip.

Stuart started the scoring for the Shamrocks with two clean shots from the floor almost before the echo of the referee's whistle had died away. Manning for the visitors secured the third basket of the game. Ogston, Grady and Keppell were the only other men to score during the first period, the first two getting one basket each and the latter two. The score at the end of the first period stood 10 to 7 in favor of the Shamrocks. The Shamrocks salted away the game

in the second period, securing 26 points to their opponents' 5. It was in this period that the best exhibition of lively and accurate passing was given, Grady securing a goal after nearly every man in the team had handled the ball at least twice and the visitors had failed to get their hands on it. The same man also secured a fine shot from the center of the floor in this period. Every man on the local team scored at least twice in the period, while the only man to cage a goal for the visitors was Keppell.

The third period was much the same in its results as the one just described for the Barre team exactly doubled the visitors' score. Keppell and Manning secured all the points gained by their team while each man in the other team scored. Smith was substituted for Tomasi, and Sharkey for M. Fountaine during this period.

The summary:
Company E Shamrocks
Keppell, rb. Tomasi, lb. Grady, rb. Manning, rb. Grady, rb. Burch, c. Scampini, t. Boone, lb. Lyndstrom, rb. Ogston, rb. Stuart, M. Fountaine, Sharkey, lb. r. Sturt

Score—Shamrocks 56; Company E 22—Goals from floor, Keppell 7, Stuart 7, Grady 7, Ogston 5, Boone 4, Manning 3, Smith—Points from fouls Company E 2. Referee, Scampini, timer, Oliver and Barry—Time, two 15 and one 10-minute periods.

BERNSTORFF THE BUTT OF AMERICAN PARTY POLITICS

Cologne Gazette Defends German Ambassador Against Press Attacks.

The Hague, Netherlands, via London, Feb. 25.—Berlin newspapers publish a dispatch from the United States relative to criticism in the American press of Ambassador von Bernstorff on the ground that he has misused his diplomatic position by attempting to influence public opinion. His position is described in this dispatch as shaken. The Cologne Gazette has published two editorial articles on this subject, defending the ambassador. It attributes attacks upon him to the exigencies of party politics in America, and continues:

"Germany must go ahead in the course chosen without regard to the changing currents of American politics. Otherwise her head will grow dizzy and her foot will slip."

Meeting of Vermont Editors.

The meeting of the Vermont Press association as the guests of the University of Vermont was one of the epochal gatherings of that organization. It brought the editors of the state into closer touch with the magnificent facilities of that institution for educating the young people of the state for Vermont life. It revealed to them the high purposes of the management of the university to serve well all who come to that institution for a higher and more complete education. The banquet of Vermont foods and products served by young ladies mastering the intricacies of domestic science in a Vermont institution was a forcible demonstration of the resources of the state. There was genuine pleasure and an education that should make every editor a promoter of Vermont. Each man returning from that meeting should be endowed with the material for a year of helpful, and optimistic writing.

We also desire to acknowledge the good work of former President Gilpin and Secretary Johnson as heads of the organization for the past two years. They took charge of the work of the association when it was at a low ebb. By faithful and thoughtful effort they awakened an interest that made such a large and beneficial gathering possible. They have put new life into the organization and directed its forces to a more practical application in the field of Vermont journalism. The meeting was a convincing demonstration of their assistance to the organization. It was a very satisfactory reward of their labors. We congratulate them on the record they have made.

Their successors are worthy of the mantle that has fallen upon their shoulders. In President Handley and Secretary Cushing we see evidence that the usefulness, influence and progress of the Vermont Press association will not only be continued but carried to even greater heights.—St. Johnsbury Caledonian.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy, Glossy and Beautiful at Once

Try as you will, after an application of Danderrine, you cannot find a single trace of dandruff or falling hair, and your scalp will not itch; but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp. A little Danderrine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderrine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderrine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.—Adv.

WORLD'S CROP REPORT.

War Needs Have Enlarged Area 7 3-10 Per Cent.

The February report of the international institute at Rome, compiled from official data supplied by each country indicates that war needs have increased the crop area of the world seven and three-tenths per cent. Increases in wheat, rye, and oats in the United States, Canada and elsewhere are more than neutralized by a decrease in cultivation in Russia and Hungary. The forecasts that the wheat production of Argentina and Australia would show an increase are confirmed. Cattle in the United States increased five and three-tenths per cent, thus making a total of 61,441,000 head. Cereal crop conditions are backward in France and England and favorable in Italy, Switzerland, India, Algeria and Egypt. In Spain there is an increase of six per cent in wheat, of 21 per cent in barley and of 17 per cent in oats over the corresponding period of last year.

TEXAS WOOL FOR BOSTON.

Del Rio Exchange Sells 1,750,000 Pounds of Fall Clip at 27 1/2 Cents.

Del Rio, Tex., Feb. 25.—The Del Rio Wool and Mohair exchange has sold to Boston buyers 1,750,000 pounds of the fall clip wool at 27 1/2 cents per pound. The same exchange has sold to Boston buyers 1,426,000 pounds of the fall clip mohair at 41 1/2 cents per pound. This is all of the fall clip of wool and mohair in Valverde county that remained in the hands of the exchange.

WILSON IN GEORGIA.

Must File Declaration of Intention to Be Candidate.

Washington, Feb. 25.—President Wilson yesterday was notified that he must file with the secretary of state of Georgia on or before March 20 a statement permitting Democratic candidates for delegates, to the Democratic national convention to use his name as their choice for the presidential nomination. The president will send a letter permitting the use of his name.

Attempt to Wreck Nebraska State House at Lincoln Fails.

Lincoln, Neb., Feb. 25.—Discovery of what authorities believe to be an attempt to wreck the state capitol building here by use of a strangely constructed bomb, was announced by officials yesterday.

The bomb, a thin pipe, nearly five feet long and filled with a black powder, damaged the garbage incinerator in the basement of the capitol building into which it had been thrown. The force of the explosion hurled the bomb from the furnace against a stone wall six feet distant. Only a small portion of the contents had exploded. The remainder was examined by chemists yesterday.

SNOWSTORM GRIPS ENGLAND.

Heaviest in Years—Severe Weather Throughout Europe.

London, Feb. 25.—The British Isles yesterday were in the grip of the severest snowstorm of years. Reports from the continent show that severe weather prevails throughout Europe. The snowfall in England began Wednesday and yesterday morning the snow varied from one to several inches in depth. Scotland has suffered more than England or Wales. Telephone wires have been broken down generally. Along the coast shipping is in difficulty, owing to blinding sleet accompanied by a strong gale. Several vessels sent out distress signals, but lifeboats were unable to locate them in the thick weather.

WILLING TO EXTEND.

Majority of R. & M. Note Holders Grant Further Time.

Boston, Feb. 25.—Pending the adoption of a plan for the reorganization of the company, the Boston & Maine announced yesterday that 97 per cent. of the holders of its short-time notes, due March 8, had signified a willingness to extend the time of payment until June 2. The remaining note holders, it was stated, will be given until noon on Feb. 25 to file their acceptances.

UNACCEPTABLE ON FACT BASIS

Petitions in the New Haven Case Only Reflect Sentiment

IN INTERSTATE COMMERCE HEARING

And They Will Be Taken on That Understanding Only

Boston, Feb. 25.—The hundreds of petitions from boards of trade and manufacturing and mercantile organizations favoring or opposing the application of the New York, New Haven & Hartford railroad for permission to retain its Long Island sound steamboat lines will be accepted by the interstate commerce commission on a basis of sentiment and not on a basis of fact, according to a ruling yesterday by J. H. Howell, special examiner for the commission.

The question as to the weight of such petitions arose at the opening of the second session of the hearing in this city, when W. F. Garcelon filed 150 petitions from textile industries favoring the retention of the lines. A. H. Elder, attorney for the commission, claimed that the commission should not be guided by sentiment in deciding the questions before it.

These, he said, were, first, whether there is any competition between the railroad and the sound lines; second, whether continued ownership is in the public interest, and third, whether such holdings would prevent, exclude or reduce competition.

Mr. Elder said that unless the petitioners came forward with facts to substantiate their own opinions the petitions could not be accepted as showing actual conditions. He said that 30 petitions had been filed with him opposing the application of the New Haven, but he did not intend to introduce them unless the parties appeared and testified.

R. L. Day, secretary of the Massachusetts state board of trade, offered a resolution favoring the petition of the New Haven, which was adopted at a meeting of the board last week.

G. L. Graham, representing the National Association of Wool Manufacturers and the American Woolen company, said that both organizations favored the petition and were satisfied with the present service.

MESSAGE FROM L-19 IS PICKED UP AT SEA

"Expect To Be Drowned," Wrote Zeppelin Commander—Defective Motor.

Copenhagen, Feb. 25.—A farewell message from Captain Uhl of the Zeppelin L-19, wrecked while returning from the last raid on England, was picked up in a bottle by the Swedish vessel Stella and brought here yesterday.

"Expect to be drowned," wrote the Zeppelin commander. "Hundred metres aloft. Defective motor. Finder please tell wife and little boy. Goodbye."

In another bottle picked up by the Stella was a brief message: "Crew now drowning."

Loss of the L-19 was admitted by the German admiralty. The English trawler King Stephen encountered the wrecked airship drifting in the North sea a few hours before a heavy gale that presumably sent her to the bottom.

BOMB IN CAPITOL.

Attempt to Wreck Nebraska State House at Lincoln Fails.

Lincoln, Neb., Feb. 25.—Discovery of what authorities believe to be an attempt to wreck the state capitol building here by use of a strangely constructed bomb, was announced by officials yesterday.

The bomb, a thin pipe, nearly five feet long and filled with a black powder, damaged the garbage incinerator in the basement of the capitol building into which it had been thrown. The force of the explosion hurled the bomb from the furnace against a stone wall six feet distant. Only a small portion of the contents had exploded. The remainder was examined by chemists yesterday.

Burning rubbish was scattered about the floor of the basement, but the fire was extinguished by the janitor on duty.

LONGER HOURS FOR CLERKS.

Uncle Sam Hopes to Save \$4,000,000 Yearly By Change.

Washington, Feb. 25.—Thirty-five thousand government clerks in Washington must work eight, instead of seven hours, daily if a provision of the annual legislative, executive and judicial appropriation bill, reported to the House yesterday, is adopted. The committee's action created a sensation among the department employees.

Congressman Borland estimates the government would thus save \$4,000,000 annually.

SHIP SCUTTLER BY PRIZE CREW

Westburn Outside Santa Cruz Harbor.

London, Feb. 25.—Flying the German naval ensign and with a prize crew aboard, the British steamship Westburn put into Santa Cruz, Tenerife, Canary islands, Wednesday. Yesterday the crew ran the vessel out of the harbor, sank her and returned to the port.

This was done, according to a dispatch from Santa Cruz, because the Spanish authorities hinted that the Westburn probably would be returned to her British owners if the Germans decided to intern her.

ITALIAN TRANSPORT SUNK.

By Austrian Aeroplanes in Harbor of Durazzo.

Vienna, Feb. 25.—An Italian transport carrying troops from Albania has been sunk by Austrian aeroplanes in the harbor of Durazzo, it was officially announced yesterday.

DON'T GO TO BED WITH COLD FEET

Says: "Often Brings on Attacks of Acute Rheumatism"

An ounce of prevention is worth a pound of cure, and people who are subject to attacks of rheumatism should never go to bed with cold feet. A whole lot is being said about taking salts and effervescent tablets for rheumatism and sciatica, but those who suffer sharp twinges and painful swollen joints need something powerful to overcome their piteous suffering.

Any broad-minded druggist will tell you that one-half teaspoonful of Rheuma taken once a day is driving more rheumatism out of afflicted people than all the salts on earth. Right in this neighborhood the Red Cross Pharmacy and all druggists sell large quantities of it, and it's the surest and most inexpensive remedy—about 50 cents a bottle.—Adv.

NO APPETITE—LITTLE SLEEP

Symptoms of a Run-Down Condition—We Have a Remedy

We ask every weak, run-down person in Barre to try our Vinol, with the understanding that their money will be returned if it does not re-establish their health. Letters like the following give us confidence:

"I am in the millinery business and on my feet most of the time. I got so weak and run-down that I lost my appetite and was unable to sleep, had a severe, chronic cold, and lost my color. I learned about Vinol through a friend, and within three weeks after taking it I noticed an improvement, and soon gained in weight, health and strength. I am recommending Vinol to my friends, and they also speak highly of it." Catherine Hoar, West Chester, N. Y.

In hundreds of cases where old-fashioned cod liver oil and emulsions have failed to restore strength and health, Vinol has succeeded, because while it contains all the curatives they do, its good work is not retarded by useless grease and oil.
