

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS.

Snow is reported 4 inches deep on a level in Chittenden, 20 inches of it having accumulated in the recent storm.

Brad Smith was found dead from exposure on a hill in Cuttingsville March 7. He is survived by a wife and six small children.

Having missed considerable grain lately, John Scramon and his sons of Wardsboro kept watch a few nights ago to apprehend the thieves and found them to be rats, of which they killed 57.

Charles Dumas, a wireless operator for the French government, has been visiting in Springfield. He is on a 60 days' furlough and has been within 40 miles of the fighting front for several months.

Mrs. William Horst, wife of the chef at Ludington inn in Wilmington, who was badly burned recently when the kitchen range exploded, is slightly improved. Mrs. Horst suffered two broken wrists at the time and it was feared that her skull had been fractured also.

At the town meeting in Townshend the voters cut off the library appropriation, except the \$25 required by law, which may make necessary the reduction of the number of open hours for the institution and which will prohibit the purchase of new books this year.

At the Vergennes town meeting it was voted to erect municipal horse sheds and to tear down what hitching posts are left in the city. Last year posts were abolished from the main street and placed on side streets, but complaints from property owners resulted in the substitution of municipal horse sheds, as a solution of the difficulty.

Rutland's new \$5,500 motor fire truck became stalled while on the way to a barn fire Thursday and had to be shovelled out. The deep snow and the delay in getting the truck started, which could be started, and in the meantime the horse-drawn hose wagon had passed it and had the fire about out before the truck arrived. The fall of 18 inches of snow was too much for the latter.

Laoni B. Sanborn, probably the oldest person in Sutton, died recently at the residence of W. I. Campbell, his son-in-law, where he had made his home the past six or eight years. Mr. Sanborn was a soldier in the Civil war, and was badly wounded in his right arm, his wrist being nearly torn to pieces. He could not use it at all. He is the last of a family of several children.

GET "DOPE" IN RUTLAND.

Users of It Tell of Their Successful Efforts.

Rutland, March 12.—Some of the inside workings of the "dope" game were explained at the Rutland police headquarters Saturday afternoon by Thomas Murray of Albany, who told of the ease with which morphine, heroin or cocaine can be obtained from the drug stores of this city on prescriptions issued by Rutland physicians at a price considerably in advance of the usual office fee. It was said that Murray was within the law and he was given his liberty.

He makes frequent trips to this city from New York state for his "rations." When taken to the police station by Chief B. S. Hyland and Officer T. C. Elsworth he was supplied with about \$15 worth of "dope" which he was taking back to Albany.

He admitted that many of his fellow "dope fiends" came to Rutland regularly for their supply.

LIFELONG BURLINGTON RESIDENT.

Capt. Henry W. Bullock Died Saturday After Week's Illness.

Burlington, March 13.—Capt. Henry W. Bullock, a lifelong resident of Burlington, died Saturday at his home at 29 South Willard street after a week's illness with heart trouble and complications. Prayer service was held at the late home to-day at 1:30 with funeral at 2 o'clock at St. Paul's church. Burial was in the family lot at Lake View cemetery.

Captain Bullock was born in Burlington July 23, 1837, the son of William S. and Catherine Dunn Bullock. In early life he was engaged in boating on Lake Champlain with his father. Nineteen years ago Captain Bullock purchased the laundry business of W. L. McCormack, on Bank street. His wife, the late Mary E. Lee, died January 12, 1915.

Five children survive, Dr. W. S. Bullock of Atlantic City, Robert H. Benjamin H. Earl M., and Irene S. Bullock, all of this city. There are also two sisters, Miss Elizabeth Bullock and Mrs. W. H. Buckley of this city, and a stepmother, Mrs. Helen M. Bullock of Long Beach. Capt. Bullock was a member of the National Laundrymen's Association of America, and of the Vermont and New Hampshire Laundrymen's association; Green Mountain lodge, I. O. O. F.; Vermont lodge, New England Order of Protection and Burlington lodge, F. O. E. Captain Bullock was also a communicant at St. Paul's church. Captain Bullock was a man highly respected in the community and his friends, who were many, particularly among the older residents, will greatly miss him. He was greatly attached to his family and the sudden death of his wife caused grief from which he never fully recovered and which doubtless hastened his end.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, drowsy feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets at the substitute for catenol.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At the 25c and 50c per box. All druggists. The Olive Tablet Company, Columbus, O.

RURAL SCHOOLS

Material Presented by C. R. Bee-man, Supt. Schools, Williams-town, Vt.

Promotion of Local Industries.

The rural school has the very best opportunity for the promotion of local industries and the patrons of such schools have the right to look to their teachers for suggestions and leadership. At this time of the year the maple sugar industry should receive the lion's share of attention. In order to create a healthy interest in the industry, the teacher may have the pupils make a maple sugar survey of the school district.

Such a survey should ascertain the following: 1. The number of trees tapped last year. 2. The number of trees tapable but not tapped and why not. 3. Pounds of sugar made, cost, selling price, profit. 4. Gallons of syrup made, cost, selling price, profit. 5. (a) Where are the best markets? (b) in what form can it best be sold, as sugar (1), in pails (2), in bricks (3), in small cakes, or as syrup in gallon or smaller cans (4)? 6. What are some of the most discouraging things in connection with the industry? 7. A list of recipes for using maple sweets in cooking, home candy-making, etc.

Such a survey would serve many purposes, create interest in the industry, furnish problems for arithmetic classes, motives for the study of the geography and history of the industry, material for many language lessons and some real compositions. Such compositions might use some of the following topics: (a) History of the industry from the time when an Indian squaw accidentally let her chief's venison boil too long in the sweet water of the maple tree, to the modern evaporators, tools or equipment. (b) Best methods of work. (c) Best forms in which to sell. (d) Markets, etc.

A very valuable topic for debate would be, "Resolved, That it is more profitable to make syrup to sell at \$1.20 a gallon than to make sugar to sell at 15 cents a pound."

An interesting writing and language exercise would be the collection of all available maple sweets recipes and making little cook books.

Material for the study of the maple sugar industry may be had from the department of agriculture of the University of Vermont at Burlington, also from the United States bureau of agriculture. If your school is having a vacation now, it need not prevent your children making a maple sugar survey. You will be surprised at the interest they will take in making the survey if you show them that you too are interested. The information secured may be the means of creating a deeper interest in your farm products.

Have you ever wondered why your children do not take a greater interest in the work on the farm? If you have, perhaps you will be interested to try the following experiment. Select, or perhaps let your children select, a certain number of good maple trees which they may call their own for this season at least. Tell them that you will give them all the money they can make from these trees if, in addition to the usual help during the sugar season they do all of the bookkeeping. That is, keep track of every cost entering into all of your sugar-making and selling this season. Such an account would show cost of all wood used, new equipment, interest on investment in old equipment, hired help, value of all work done by every member of the family figured at regular wages, freight, express or postage, selling prices and profits.

At the end of the season your boys and girls have not gained a new interest in farm work, then I do not know boys and girls.

Startling Statistics.

"The average estate lasts from seven to nine years following the creator's death, 90 per cent of estates of over \$5,000 dissipated in seven years." Our monthly income policy obviates this possibility. National Life Ins. Co., of Vt., Mutual, N. S. Ballard, general agent, Rialto building, Montpelier, Vt.

Conquers Rheumatism in a Very Few Days

One-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.

Powerful and sure; quick acting, yet harmless; Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land, and there is not a druggist anywhere who cannot tell you—if he will—of almost marvelous cures.

If you are tortured with rheumatism or sciatica, you can get two bottles of Rheuma from the Red Cross Pharmacy or any druggist for not more than \$1.00, with the understanding that if it does not drive rheumatic poisons from your system—money back—Advt.

ROCHESTER.

The town voted last Tuesday to raise \$1,000, so as to take advantage of the state highway. Leslie Pierce was elected library commissioner for five years, in place of John Marsh, whose time had expired.

Mrs. C. E. Townsend was in Montpelier last week. Mr. and Mrs. Birney Swinney were in Sharon last week to attend the funeral of A. C. Gibson.

The marriage of Carroll Alexander and May Kinsman, daughter of John Kinsman, took place Feb. 29.

The basketball game between Rochester and Bethel high school team resulted in a score of 16 to 13 in favor of Bethel. Mrs. Annette Goodwin left \$300 to the Congregational church to be used for current expenses and also left to the Vermont Missionary society a like sum.

HANCOCK.

A quiet wedding took place last Monday morning at the home of Carl Eaton, when Miss Mildred, his daughter, was united in marriage to Worth Shampney of Rochester by Rev. Mr. Blackford. Only the near relatives were present and the bridal couple left immediately for Rutland for a few days' visit with relatives. Mrs. Frank Whittier is quite ill. Mrs. Wesley Raymond is on the sick list.

The funeral of Elliott Eaton was held from his late home Sunday afternoon, March 5. Rev. Mr. Blackford officiating. Mr. Eaton leaves a wife, two sons, three grandchildren, a sister and other relatives. He was a kind neighbor and friend, and, having lived in the community nearly 83 years, with the exception of ten years in the West, he will be missed in many ways.

Mrs. Josephine Taylor, who has been very ill with pneumonia, is gaining a little. Mrs. Edward Buxton spent Thursday in Rochester.

Does Your Child Have Worms?

Thousands of children suffer agonies from worms, and their parents do not know it. Familiar symptoms of worms in children are: Depressed stomach, swollen upper lip, sour stomach, offensive breath, hard and fully belly with occasional gripings and pains about the navel, pale face, lenden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

Grown folks are subject to worms also. The one best remedy is Dr. Trues's Elixir, the Family Laxative and Worm Expeller. Good for adults also. Mrs. Curtis, of Houston, Texas, believes this, and writes that she will be glad to tell her friends of the benefits she has received. Get a bottle to-day at your dealer's. 25c, 50c and \$1.00. Advice free. Write me to-day.

THE D. A. PERRY REAL ESTATE AGENCY Telephone Connection Howland-Cave Building, Barre, Vt. ANOTHER SPRING BARGAIN

One of the nicest, cleanest, little CRIST-MILL AND FEED STOREs ever opened in New England, carrying small line of paints, oils, and doing a big gasoline business as side line; this proposition is located on a desirable line of railroad and includes side track, elevator for unloading grain; in fact, everything complete, up-to-date, and in first-class condition; will be sold for less than the real value; 7-room home with 1 acre of land, extra nice barn, apple and shade trees, house all finished in ash, modern in every way; with a fine class condition; this entire property can be bought for less than the house alone is worth, and it's a bargain. CALEDONIA REAL ESTATE CO., St. Johnsbury, Vt. 28512

FOR SALE—House with large lot situated on South Main street; must be sold to settle estate. For particulars inquire of E. Robinson. 27517

READ J. J. DASHNER'S AD. As the spring is approaching and the people are thinking of going farming, I want to tell them where they can find bargains on farms; here is a nice small farm, NO. 288, of 18 acres of nice level land and very productive, with about 50 young fruit trees of different kinds; there is a nice set of buildings, almost new, consisting of a good house, with a good barn, and a garage; this place is situated between Barre City and Westerville. It would make an excellent place for truck raising, and poultry raising; it would be right in the center of one of the best markets in New England; I would sell this property at a reasonable price and other stock that there is, and a good equipment of tools sufficient to carry on the place; we would make the price right for the party who wants to sell. 30517

NO. 289 is a large farm of about 200 acres; 75 acres of tillage and the balance pasture and woodland; the land lays very good and is very productive and very free from stones; there is a nice place of 1,000 trees, mostly apple and orchard of about 500 trees with a lot of craft-fruit; large amount of hard wood and soft timber enough for the farm; plenty of barns, basement and shed room and a silo; there is a good large farmhouse; this farm is situated on a nice level land, with a good road, and 2 miles from the saw-mill; plenty of good water running at the buildings; for a quick sale and good payments down, would sell for \$2,200. 30517

NO. 290 is a good proposition in a 2-tenement house with bath in each tenement, hot and cold water, gas and electricity; the house is in first-class shape and a nice lot, centrally located; it is a bargain for an investment or a home for a man who can live in one tenement and rent the other; the rent is worth \$28 a month; if sold before the first of April would sell for \$2,500. 30517
