

They'll Remember This Sale 40 Years From To-day!

Perhaps you will be one of the numerous housewives to look affectionately at your Hoosier Kitchen Cabinet forty years hence, thinking how many, many hours of toil it saved you during all those years. Perhaps you, too, will say like so many women who already own the Hoosier:

"If it had cost me double the price, it is worth it."

But Hoosier prices are exceedingly low because each year the great Hoosier factory is building these cabinets for thousands and thousands of women. That cuts the cost per cabinet away down.

Why waste money on some flimsy, poorly planned cabinet that means at the best only more shelf-room? The Hoosier brings you 40 inventions that actually save you time and labor and miles of steps. Remember, we are demonstrating all these things at this sale.

Remember, there are Hoosiers for farms, camps, apartments, big and little kitchens, for window spaces and the center of big kitchens. No further need for old-fashioned, built-in, uncleanable cupboards.

HOOSIER Gold Medal Sale

Come and see them at this store, as thousands did at the Panama-Pacific Exposition, San Francisco, where Hoosier won the Gold Medal because of its unrivaled convenience and superior construction.

You can afford a Hoosier N-O-W—and pay for it at your leisure—only \$1 a week. You'll never miss that small amount, but you will miss the HOOSIER SALE if you delay.

Spare one hour to-morrow to save many hours for a lifetime. Lots of your neighbors already have been here and bought the Hoosier. They'll remember this sale forty years from to-day.

This important event demands your attention. See this Gold Medal demonstration—NOW. Next week will be too late.

Among amateur basketball teams of the city contention reigns over the question of awarding the city championship to one of the several clubs that have had teams in the field during the season now approaching its close. One of the foremost contenders is the Combination Five, which is completing its third successful year in the field with a record of having defeated every team encountered this season. Manager J. Glass of the Combination Five asks The Times to insert a challenge to the North Barre D. C. V. team, or to any other contender, for the championship to be decided by one game or by a series of three games. Manager Glass, who may be seen at his home on Dix place, submits the following combination line-up: Ingram if, Glass Jr, Geals e, Ross rg, Halsall rf.

TALK OF THE TOWN

Israel Zangwill's great play, "The Melting Pot," in six parts, with Walker Whiteside, at the Pavilion to-night—adv.

News is received here of the serious illness of Mrs. A. H. Gerhardt, a former resident of Barre. Mrs. Gerhardt is at her home in Indianapolis, Ind.

Within a few days the assessors' office at city hall will be occupied by the 1916 assessing board, members of which have obtained authorization from the city council to proceed with the customary preliminaries. Just now the office is being subjected to a thorough housecleaning. Additional facilities, it is expected, will be provided for filing inventories in the vault adjacent to the office, as the quarters are cramped already. A telephone is to be installed in a few days and a requisition on the city treasurer will make it possible for the assessors to have their blank forms ready for use April 1, when inventories are taken. As in former years a number of canvassers are to be engaged for the distribution of blanks and notices prior to April 1.

Dog taxes for 1916 are due within a fortnight, but to date there have been only a few calls at city hall for the little metal tag that keeps a canine from harm. And there is little reason to believe that people who own dogs are in any hurry to get their dogs licensed until their present permits are nearer expiration. Usually there is very little of a demand for license tags until two or three days before April 1. After the first of next month the law provides for an appreciable increase in the fees for male and female dogs with a very drastic penalty for dogs whose owners fail to get them licensed before May 1. Last year 324 dogs were licensed in Barre, although this figure by no means represents the real dog population of the city.

WILLIAMSTOWN

The members of the Rural Good Luck club met by invitation with Mrs. Oliver W. Martin on the afternoon of Feb. 29, which was the birthday of the hostess. Correction as to Mrs. Hattie Colby's Funeral.

Editor of the Barre Daily Times: The item in your paper under the head of Montpelier news last night in regard to the funeral of Mrs. Hattie Colby was entirely incorrect and I would like you to make this correction; that the funeral party will arrive in Barre to-morrow (Friday) morning on the 8 o'clock train on the M. & W. R. railroad. Short services will be held at Mrs. E. C. Colby's, 218 Washington street, at 8:30. The remains will then be taken to East Orange by the way of West Topsham, where funeral services will be held in the church at 1 o'clock p. m. Transportation in backs from Barre will be provided for all relatives who will make a request known to Pearl Lanier of Montpelier or to the undersigned.

Yours respectfully,

R. S. Currier.

Born to Mr. and Mrs. Frank E. Craddock of Highland avenue Wednesday, March 15, a son weighing nine pounds.

"Ladies' night" will be observed in the rooms of the Victoria club this evening, when Prof. James L. McConaughy of Dartmouth college will speak on "Kipling in America." There will be music and refreshments during the evening.

Almost with one accord, people whose employment called them into the rural districts yesterday declare that the weather was as wild as at any other time this winter. Travel was fraught with many hazards in the hill sections, when the full sweep of a northwest wind was brought to bear on the highways. One man who journeyed from Barre to a height of land in Plainfield, stopped at his destination for a moment and then turned about toward home. He was surprised to note that the wind and snow had obliterated practically every trace of the tracks his horse and rig had made in traversing the road the first time. A blinding snowstorm prevailed during a greater part of the afternoon and evening. Here in the city, trains were reported overdue, even as late as this morning, although a restoration of normal service was predicted before noon.

TALK OF THE TOWN

Manager C. F. Millar of the Consolidated Lighting Co. has returned to the city from Middlebury, where he attended a hearing before the public service commission.

At the City hospital, where Mr. Adams was removed soon after the accident, it was ascertained that one of the lower limbs had been fractured below the knee.

Prof. James L. McConaughy, inspector of secondary schools for Dartmouth college, is in the city visiting Spaulding high school to-day. According to the system now in use at Dartmouth, admission on a high school certificate is dependent on a report of the work of that school made by an inspector who visits the school during the year and judges from personal observation whether graduates of that school should be eligible to admission to the college on certificate. Prof. McConaughy will speak at the Victoria club ladies' night this evening on "Kipling in America."
