

A Wall Paper Surprise

is just exactly what you will say when you see the pretty assortment of Kut-Out Borders we are showing — a surprise that we are able to develop new decorative effects that you did not know were possible with WALL PAPERS — a surprise to know how small the cost of such decorations will be, and a greater surprise when you find what a beautiful home they have made you.

Hooker's Stunning Wall Papers have a real decorative value. They are designed by the most skilled artists in the country. Thus Wall Papers from Hooker's mean more than something to cover the walls. They express character and individuality which are appreciated by discerning buyers, and they cost no more than the ordinary kind, which can be obtained anywhere. Why not select a paper that possesses a stately and refined appearance, and not one which merely changes the walls of a room? It's merely a matter of coming here for them.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion in This Letter

Overworked, run down "fagged out" women who feel as though they could hardly drag about in a profit by Mrs. Carter's experience. She says: "I am the mother of six children and I got so weak and run-down that I couldn't eat anything and it seemed almost impossible for me to get around and do my work. I tried different doctors' remedies without benefit. I saw Vinol advertised and decided to try it, and received so much benefit from the first bottle that I continued to take it, and it has built up my strength and made me strong and well. I consider Vinol the best medicine I have ever taken, and advise all weak, run-down women to try it." Mrs. Bessie Carter, state Road, N. C.

If all the tired overworked run-down women in Barre could only realize how our delicious cod liver and iron tonic, supplies the vital elements necessary to build up blood and strength, we wouldn't be able to supply the demand.

The Value of "Preparedness"

Years ago, Benjamin Franklin, in one of his proverbs, said: "He who looks not before will soon find himself behind."

To-day the same good advice is verified in the one word, "Preparedness."

To the end that our trade could buy wisely and sufficiently for their needs, regardless of the difficulties and shortage of supplies now confronting us, we planned months ahead of time to be in the position that is ours to-day.

Because we prepared and are prepared to supply your demands in every department, we are reaping the fruits of our enterprise and foresight. Never were we so well prepared to take care of your wants and needs as this season. And in many lines you will find no advance in prices, and the quality is fully up to the usual standard.

The Season's Leading Models

Every day now brings new Suit and Coat models into our department. The warm days of last week brought to every lady's mind the thoughts of what she would need for her Easter wardrobe. It was a very busy week with us. Many of our choice Coat and Suit models were picked up. But we will be in New York the first of this week in the interest of the department, and your needs.

See our many Coat models in the popular designs of the season.

A number of persons interested in the organization of a rifle club met in Odd Fellows hall last evening to discuss tentative plans for a series of rifle meets to be held during the spring and summer. The attendance was encouragingly large and sentiment seemed to be entirely on the side of organization. To the end that the club may get under way as soon as possible an organization was effected, therefore, with the following officers: President, Charles Gauthier, vice president, Ernest Houston; secretary, Richard Verner; treasurer, John Gregoire; chairman of the executive committee, E. M. Clark. Nearly everyone participated in the discussion and there were many indications that interest in the project will not be allowed to lag. It is expected that a second meeting of the club will be held Thursday evening, probably in painters' hall, although the place of meeting has not been determined definitely as yet.

Notice.

Eight Five-Cent Boxes Ohio Matches—40c value, 25c

These Matches are a dollar a case higher to-day than they have ever been. We had a large contract at the old price. We give you the benefit.

This is one reason why we are able to give you such good values in other lines. We watch the market and are in position to take advantage of good trades.

Take Canned Goods, for instance. Did you ever think that they are all packed in about two months in the fall? The usual way is for the packer to sell to the jobber, he to the wholesaler, and he, in turn, a few cases at a time to the small retailer, which means two or three extra freights and profits.

The amount we handle enables us to place contracts direct with the packer. They are shipped direct, and we carry our year's stock ourselves at a big saving.

We already have contracts for several hundred cases for next fall's pack.

This takes room and money, but it enables us to give you much better value than it is possible to get under the old system.

Our aim is to give you the best possible value for the least money, and we know that we are in a position to do it.
