

BARRE DAILY TIMES

THURSDAY, APRIL 27, 1916.

Entered at the Postoffice at Barre as Second-Class Mail Matter.

Published Every Week-Evening Afternoon

Subscription Rates: One Year \$5.00, One Month .50, Single Copy 1 cent.

FRANK E. LANGLEY, Publisher

Along with the cool wave, a wave of crime seems to have hit Vermont in many scattered localities.

Americans enamored of Germany will have plenty of chance to enjoy that country with the doors of exit locked against them.

The world is waiting for Henry Ford to put out two-cent motor-driving liquid. Or is his Long Islander friend's alleged discovery all a bluff?

Woodrow Wilson is the only presidential candidate in Vermont, strange as that may seem in a Republican stronghold.

A citizens' meeting of considerable importance will be held at the city hall this evening, the articles of the warning including sections relating to the salaries to be paid certain officials during the present municipal year.

A flagman at that Main street railroad crossing in the village of Milton would have saved the life of Cassius A. Pratt on Wednesday.

CHANCE TO CO-OPERATE FOR BARRE'S GOOD.

The reorganization of the Barre Board of Trade and the decision to engage a paid secretary are steps which mean much to the advancement of Barre in many ways.

AN IMPORTANT PRINCIPLE INVOLVED.

Without a doubt the case growing out of the payment of liquor license fees in the city of Rutland in 1915, which was decided by a jury in Rutland county court in favor of the city, will go to a higher court for establishment of an important principle under the liquor law.

UNPLEDGED DELEGATES.

While the face of the returns in the Massachusetts primary on Tuesday shows the election of an overwhelming unpledged delegation to the Republican national convention, the real outstanding feature of the result was the turning

back of a most vigorous effort to pin down Massachusetts for Theodore Roosevelt for president. A very energetic fight was made in behalf of the former president although apparently he himself was a passive figure in the contest.

The campaign was conducted down to the very hour of the primary. A greater effort could scarcely have been put forth, barring, of course, the appearance of Roosevelt himself in a personal appeal to the voters.

PROPOSE QUARANTINE FOR VERMONT TOWNS

U. S. Department of Agriculture Has Plan to Include Bradford and Fairlee in the Gypsy Moth and Brown-tail Moth Restriction.

Washington, D. C., April 27.—An extension of the area in the New England states under quarantine against the gypsy moth and brown-tail moth is being considered by the United States department of agriculture, and a public hearing on this question will be held in Washington at 10 a. m., May 2, 1916, in room 410, Bieber Building.

TO ESCAPE HOSPITAL

New York Woman Jumped from Seventh Story Window and Died.

New York, April 27.—Her mind unbalanced through nervous disorder, Mrs. Theresa Kaufman, forty years old, wife of Henry Kaufman, until recently head of a large Pittsburg department store, committed suicide yesterday by jumping out of the window of her room on the seventh story of the Ritz-Carlton hotel to the street below.

ARMY BILL UNDERSTOOD

The Proposed "Federal Reserve" To Be Made Much Less Pretentious.

Washington, D. C., April 27.—As a result of pronouncements by Chairman Chamberlain and Hay of the Senate and House military committees, who will lead the conferees from the respective houses, the outlines of the army bill as it is expected to emerge from conferees some weeks hence were pretty well known to members yesterday.

SWEDISH OFFICERS HELD.

Heads of Persian Gendarmerie Arrested By Russians.

London, April 27.—Dispatches from Copenhagen announce the arrest of four Swedish officers in Persia.

WOULD CHARGE TWO CENTS.

Pennsylvania Newspapers May All Come to That Figure.

Philadelphia, April 27.—A resolution to increase the cost of all Pennsylvania newspapers to two cents in case there is not an immediate reduction in the cost of publication was passed at the State Editorial association's convention here yesterday afternoon.

We can hit you all right on the shoe proposition.

Everything from dress to work shoes, and for men, women and children.

A snappy line of the celebrated Walk-Over shoes for men and women, \$3.50 to \$7.50.

Rogers' Walk-Over Boot Shop

Here's the new young men's nobby suits, new stripes that are all the go, \$15, \$18, \$20, and as good values as ever. The colors and wear guaranteed.

F. H. Rogers & Co. We Clean, Press, and Repair Clothing

THREE BELGIANS EXECUTED.

Four Charged with Treason by German Court Martial.

Amsterdam, via London, April 27.—According to a Brussels dispatch to the Handelsblad, a German court martial, sitting on April 11 and 12, condemned the following named persons to death on the charge of "war treason":

CURRENT COMMENT

The Russians in France.

The landing of Russian troops in France is a strange and unexpected development. If they are in any considerable force the common sense deduction is that the French have suffered such heavy losses that they need greater aid than the British are at this time able to give.

COAL STRIKE THREATENED

As Result of Failure of Anthracite Miners and Operators to Agree.

New York, April 27.—The failure of the committee representing the anthracite coal miners and operators to agree on vital points means but one thing—a strike of the 176,000 men in the anthracite fields.

Montpelier & Barre Light & Power Co.

Willys-Knight Model 84 B \$1125

ROADSTER \$1,095 f. o. b. Toledo

Let this fact be impressed on your mind at the start: There is not now, and never has been, any other car embodying all the advantages of this Willys-Knight.

It improves with use. Better than any poppet-valve motor to begin with, continued use serves only to polish its sliding surfaces and make it even more smooth-running, more powerful, more efficient. All other motors deteriorate with use.

It is more powerful—delivers more power than a six-cylinder poppet-valve motor having the same space for gas.

It requires no adjustments—and most automobile repair work is on motors. The valve timing is positive and must always remain so.

It is more flexible—as flexible as any six-cylinder poppet-valve motor.

It is quiet in operation—and stays so. Its valves slide, like those of a steam engine. There is no pounding of valves and cams.

It is simple—free from complications. It has fewer parts than a poppet-valve motor, and those parts are mechanically correct.

No valves to grind. No carbon to be removed.
