MY LITTLE GIRL A TERRIBLE SIGHT
With Rash on Back and Arms. Also Over Face. Very Red. Formed Eruptions. Itched Badly.

HEALED BY CUTICURA SOAP AND OINTMENT

"My little girl was five years old when a rash broke out on her back and arms and also all over her face. When it first came out it was very red and then it began to form into eruptions like smallpox, and her face was so full of the eruptions that you could not put a pin head between them, and her eyes were closed. She was a terrible sight. She cried night and day the eruptions itched so badly, and I had to tie her hands so that she could not scratch. She also had a fever and was sick.
"The rash was very bad for three weeks. Then I got a cake of Cuticura Soap and a box of Cuticura Ointment and the eruption began to heal and after using three cakes of Cuticura Soap and two boxes of Ointment she was healed." (Signed) Mrs. Watson Haines, Gameville, N. Y., Oct. 21, 1915.
