Runaway Auto in Burlington.

When Miss Dorothy Hickok left her car, a six passenger Studebaker in front of a Burlington residence Thursday as she went in the house, Theodore Edwards, aged six years, jumped upon the running board of the car and in a few minutes, the child claims, the car started and he jumped off. The car soon gained in speed, estimated by the neighbors, at 40 miles an hour. It sped down Maple street hitting cutting down a small telegraph pole and a city light pole 12 inches thick and 25 feet tall on the south side of Union street, opposite the corner of Maple. The automobile stopped when it hit this pole, and Miss Hickok was notified of the accident and drove the car to the garage.

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS For 25 years Charles G. McGaffey has been a Burlington letter carrier, and all that time on the same route.

The new Grace Methodist church in St. Johnsbury is fast nearing completion and will be dedicated June 3.

W. S. Streeter, a native of East Burke and for several years cashier of the Merchants' National bank in St. Johnsbury, died April 29 in Pasadena, Cal., at the age of 61 years, after a three weeks' illness. His widow was formerly Miss Jessie Wright of Ryegate.

A 1910 Packard car belonging to the Silby garage in St. Johnsbury was entirely destroyed by fire near Charles Harvey's at East Barnet Wednesday. The car, stuck in a mud hole, became stalled and backfired, with the result that the car is a total loss to the garage.

A fire in the home of John Eley of West Charleston did considerable damage to the kitchen May 5. It caught from the boiling over of ketchup which Mr. Eley was heating on an oil stove. The week's washing, which hung on a rack back of the stove was entirely destroyed and the woodwork was also scorched.

When operated upon at the Hardwick hospital, David Smith of Stannard was found to have had a splinter embedded in his head for the past eight years. For a long time he has had trouble with his head and last week a piece of wood about the size of a toothpick was removed from back of his ear. It was driven there when he was saving lathe eight years ago and has caused him more or less trouble ever since.

Norwich University School of Citizenship.

The Norwich university school of citizenship or military training camps, which begins July 1 and extends in series of two-week courses, to August 11, promises to be a very great success. A great many inquiries are being received from those who will not be able to spare the time to attend the Plattsburg camp for a period of one month or longer. Another feature of the Norwich camp which is entirely different from that of other camps is that it offers courses to undergraduates of high schools fourteen years of age, or older. A great many applications are being received for this high school course. The high school camp will be entirely separate from the college men's camp and the business men's camp, and will be under the command of Major H. L. L. Boody, who has had extensive experience in work of this kind.

"Why Swear, Dear? Use 'Gets-It' for Corns!"

It's the New Plan—Simple—Sure as Fate—Applied in a Few Seconds

"Why, John! I never knew you to use such language! I've told you several times it's no use to try those bandages, salves, tapes, plasters, and contraptions for corns. Here's some

"You Wouldn't Lose Your Temper, John, If You Used 'Gets-It' for Those Corns."

"Gets-It" is just wonderful how easy, "clear and clean" it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it—there's nothing to stick or roll up, form a bundle of your toes, or press on the corn. It's painless, simple as rolling off a log. Now put away those knives, razors and scissors, use "Gets-It" and you'll have a sweeter disposition and no more corns and callouses.
