**Every Rising and Setting of the Sun
Brings Style Changes in Wearing Apparel for Ladies**

The most essential changes often comes in the Brassiere or Corset. This season styles are marked by certain very effective changes. To be right one should place their confidence in the very best makers—those that have built their business on safe principles of always being at the head of their profession. DeBevoise Brassieres are style leaders of this country. Try just one of their Brassieres.

Lady Ruth and Royal Worcester Corsets

High cost of materials is putting small Corset manufacturers out of business. It's only the larger concerns that can procure the materials and deliver the goods. At that, orders are from one to two weeks behind.

Corset like cut is a topless Corset for young ladies; made of fine Batiste with full set of strong hose supporters, at \$1.00.

Lady Ruth Lace Front Corsets are not only new in shape and materials, but one of the very best lace front Corsets on the market, and the first number is only \$1.25 each.

Royal Worcester Corsets for quality. There are no others at their price their equal. Materials are better. Steels are better. They are better put together. They hold their shape better, and, as one would expect, they wear better.

Royal Worcester Corsets are the leaders of Corset styles in America to-day, and are far ahead of foreign-made Corsets in every way.

Royal Worcester Corsets are made by what are called the Royal Worcester family, mourning that workers, from the president down, all dine at one table. They are a family by themselves, all working to produce the best Corset in America.

See how they are made—with patent heading. Nothing to rip; hemming or pinning unnecessary. Fine, double-threaded Nottingham Lace. Most wonderful improvement in Lace Curtains without increased cost.

These Curtains come in the White and the Two-Toned Effect. The lace is fine and the patterns are new and of a very neat and attractive design.

These Curtains are made the right length to come just below the window sill. The prices range from 87c to \$5.50 per pair. Can order you the better qualities.
