73 DEGREES AT MIDDLEBURY

Of the Number Seven Were
Honorary and Remain-
der in Course

NEW HEPBURN HALL WAS DEDICATED

Structure Is to Be Used as
Dining Hall for Men
of the College

Middlebury, June 21.—Middlebury college conferred 71 degrees in course today; seven masters of arts and 64 bachelors of arts and sciences. The honorary degree of doctor of divinity was conferred upon Rev. Thomas G. Thompson of Schenectady, N. Y., and upon Rev. Arthur H. Bradford of Rutland. Professor Albert D. Mead of Brown university, a graduate of Middlebury, received the degree of doctor of science. Howard Elliot, president of the New York, New Haven & Hartford railroad, received the degree of doctor of laws, as did also John Godfrey Saxe, of New York; the college thus recognizing the centennial of the birth of the poet of the same name, who graduated in 1839.

At the corporation dinner, addresses were delivered by Mr. Bradford, Mr. Elliot, and Mr. Saxe.

Middlebury, June 21.—Hepburn hall and commons, a dining hall for 100 boys, with social rooms, was opened here yesterday. It is a fireproof building of most approved construction and arrangement. A letter from the donor, Hon. A. Barton Hepburn of New York, was read. Mr. Hepburn explained that he was interested in Middlebury college not merely as an alumnus, but because his father was born in the village in 1798 and his mother in the adjacent town of Salisbury. In speaking of his motive in giving the building he said:

"I look upon the small college as a most important factor in the economy of our nation. I believe the small college has a call and responsibility—I might almost say a mission to perform—in our educational system. If we may credit current criticism, it possesses a freedom not shared by the larger institutions, both those privately endowed and those supported by the state. The reflex glory of giving to small colleges does not attract plutocracy and hence there is no claim that beneficent donors seek to control their curriculum or influence the principles of economics or sociology which they teach to their students. Such charge is made against some of our large universities, however well or ill-founded it may be—witness the controversy of Prof. Neuring and the University of Pennsylvania. Our state-controlled universities, not only controlled but supported by the state, have politics to contend with at all times and at all angles—witness the recent experience of the University of Wisconsin, the investigations and report. The teachings, the writings and public utterances of the progressors in state-owned universities are scrutinized and criticized by the devotees of protection and the advocates of freer trade, and most objectionable of all, by the politicians. The small college has no such embarrassment. It is left free to teach pure science, the generally accepted principles of economics and sociology, in short to teach things as they are.

"The small college has another advantage, and it is a most important one. The student body is composed of people

who go to college, as distinguished from those who are sent to college; those who affirmatively seek an education as an instrumentality to aid them in their life work. Having gone of their own volition for the purpose of getting an education, they get it and do the work necessary for the purpose; college to them means a sacrifice and a struggle and is immune from the enervating influence that follows a plithoric purse at home. They may not suffer from cerebral exudation, but I think it is generally agreed that the quantity and quality of the work they do exceeds the average work done by the students of wealthier parents in our larger and more popular universities.

"There is much reason for giving support to the small college. There is every reason for supporting and feeling proud of Middlebury with 116 years of usefulness to her credit, especially in view of its exceptionally able administration under President Thomas and his faithful and efficient co-workers."

EAST ORANGE

James Cummings, Mrs. Elwin Barrows and daughter, Agnes, of Lancaster, N. H., are visiting Mr. and Mrs. John O'Mera.

Carroll Button was in Bradford recently on business.

F. A. Burroughs and son, Arthur, visited Arthur Mason and family in Bradford Saturday.

Harley Hood has returned to his work at J. A. Dasher's after spending a week with relatives in Groton and West Topsham.

A. R. Beede's mill is about to start work again, with Mr. Bowen from East Topsham as engineer.

Mr. and Mrs. Carroll Ricker, Miss Mayme Roushan and their mother, Mrs. James Roushan, motored from Groton Sunday to visit Mrs. A. C. Palmer and daughter, Mrs. Nora Jesseman.

Mr. and Mrs. G. H. Bohannon visited at Charles Hull's in Washington Sunday.

Mr. and Mrs. Austin Patterson of Washington called on Mrs. A. C. Palmer Sunday.

Henry Hood of West Topsham was a business visitor here Monday.

Charles Dees was in Barre recently.

Frank Bowen was in Westerville recently on business.

Mrs. John O'Mera and son, Lawrence, were recent visitors in Williamstown and Graniteville.

Mr. and Mrs. George Felch were at their home here Sunday and also visited Frank Burroughs and family.

Miss Ethel Hamilton arrived to-day from her school in Wayland, Mass., to spend the summer.

Dr. Bailey of Graniteville was in the place recently to see Mrs. A. C. Palmer.

Arthur Prescott was in East Barre the first of the week on business.

Mrs. E. H. Dickey visited friends in East Barre the last of the week.

Ora Hutchinson is building a new

GAYSVILLE

The home of Dr. and Mrs. F. C. Fletcher was very prettily decorated last Wednesday evening, the occasion being an informal reception given in honor of Mr. and Mrs. Benjamin L. Goddard, who were married June 4, and returned that day from a 10 days' wedding journey to points in the state of New York. The young couple, standing beneath an arch of bridal wreath, received their friends, who were introduced by Lawrence and Irene Fletcher. Dainty refreshments of ice cream and cake were served. Many gifts of linen, china and silver testified to the high esteem in which these young people are regarded. They are to live on the farm on Taggart hill, where Mr. Goddard has spent the greater part of his life.

Mrs. Lucy Mills of Pittsfield, 82 years of age, is enjoying a visit among relatives and friends here.

Mr. and Mrs. Theodore White of Rochester were guests of his parents, Mr. and Mrs. Walden White, the first of the week.

Mrs. Walter Blanchard and two children spent the week-end with relatives in Bethel.

Joseph Couter of Bethel spent Sunday with his mother, Mrs. Fred Brown.

Mr. and Mrs. B. L. Osgood were in Randolph Sunday.

Mr. and Mrs. Jerry E. Wilson were at home from Woodstock from Friday until Monday.

George Judkins has been in Boston and vicinity for a few days.

Mrs. Oliver Luce and small child of Windsor are visiting at C. A. Luce's.

Miss Leda Smith attended the graduating exercises of the high school in Rochester last Thursday.

Mr. and Mrs. C. H. Osgood of Sandown, N. H., arrived Monday to spend a few weeks at E. L. Osgood's.

Funeral services of Herman Barnes were held last Wednesday at the Universalist church, Rev. V. M. Martin officiating.

Lewis White and Gladys Williamson, both of this town, were united in marriage by Rev. V. M. Martin at the home of the groom's parents, Mr. and Mrs. Or-

son White, June 14. Only a few relatives and friends were present.

J. Harwood Eggleston of Fayetteville, N. C., has arrived in town and is spending the summer at J. D. Blackmer's.

GROTON

F. M. Wild of Berlin was a visitor in town Saturday.

Mr. and Mrs. Scott Welch of St. Johnsbury were in town Friday and Saturday.

Dr. Guy N. Welch, Charles A. Plumley, tax commissioner, and sons, Allen and Fletcher, and Clyde M. Coffin of Northfield were in town Friday.

Miss Julia Foster of Melrose, Mass., arrived here Friday on a visit to her brother, Ralph Foster.

Mr. and Mrs. Carl Rylander of Montpelier were in town yesterday on their return from Canada, where they were called by the death of their brother.

Mr. and Mrs. C. A. Miller were visitors in Barre Saturday.

Mr. and Mrs. William Foley and Mr. and Mrs. M. H. Whitehill were at Peacham Saturday to attend the funeral of William Orr.

Mrs. Jessie Corwin of Bradford arrived in town Monday and will pass the week with Mr. and Mrs. J. T. Darling.

R. L. Heath has purchased the tenement house of the Groton Manufacturing company, now occupied by Mr. Scott.

Mr. and Mrs. James Frost went to Canada Saturday afternoon, where they visited Mrs. Frost's daughter and family, returning home yesterday.

Mr. and Mrs. Bernard Smith and Ernest Richards returned from Canada yesterday, where they were called last week by the death of their brother.

Mrs. Emma J. Clark, Mrs. E. F. Clark, Mrs. B. S. Eastman and Mrs. George Clark were in Barre yesterday, shopping.

There was a large attendance at the Methodist church Sunday morning, the occasion being children's day exercises.

The church was beautifully decorated with white spirea and red peonies. The singing by the choir and children was especially good and much enjoyed by all present. Four children were baptized and this service was followed by a short program by the children of the Sunday school.

The Factory Behind the Food

More than forty different kinds of corn flakes were prepared experimentally before New Post Toasties were finally developed to perfection. As a distinguishing feature, note the tiny bubbles on each flake—raised by the quick, intense heat of a new, patented process of manufacture.

New Post Toasties are the first corn flakes with a self-developed flavour—the full, true flavour of choice white Indian Corn—unlike common "corn flakes" that depend largely on cream and sugar for their palatability.

Try a handful dry—this simple test will demonstrate the delicious new flavour. But the flakes are usually served with cream or rich milk.

New Post Toasties do not "chaff" or crumble in the package, and they "stand up" when cream or milk is added. They're untouched by human hands and put up in moisture-proof packages to preserve their oven freshness until served.

Try some of the

New Post Toasties

At your grocer's now.

That delicious Perfection taste GREW

All of their rich, savory mildness grew right in the tobacco that makes them so naturally good. They don't need any "secret processes" or "curing stunts."

As we smokers know, there's nothing under the sun that can improve the natural flavor of naturally good tobacco. It's only poor tobacco that needs artificial curing to bolster up its taste.

Every tender leaf that goes into Perfections is full of its own natural richness and mildness. You've been waiting for a cigarette made of naturally good tobacco like Perfections. Get them—because they're **JUST NATURALLY GOOD!**
