

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Mrs. William Ellis, who died July 20 at the home of her son in Whiting, would have been 93 years old in a few days.

The 18-month-old child of John Cushing of South Burlington, who was made violently ill by drinking bluing, is recovering.

A piece of ice weighing 150 pounds dropped on one foot of George S. Dickinson in Bellows Falls recently, fracturing two bones.

The Windham County Agricultural society and the Vermont state grange will hold a field meeting and basket picnic in Brattleboro Aug. 13.

In the vicinity of Vergennes, Lincoln and Starkboro the potato crop will be practically a failure, owing to the continued rains in the early spring.

William H. Finn assumed his duties as postmaster at St. Albans Monday, succeeding Charles S. Forbes, Republican, who had served four years and 38 days.

John C. Dowd, inventor of ebosonite and ironoid, used extensively as substitutes for ebony and ivory, died Friday at Long Beach, L. I. He was a native of Brattleboro.

F. W. Bissonette of Shelburne fractured a rib a few days ago when he fell 14 feet from the roof of a barn on which he was at work. He was also badly bruised.

Ernest Pease, arrested in Dover Saturday for getting into an altercation at a dance in that place, was sentenced to three months in the house of correction and to pay costs of \$13.20.

Corporal James Macallum Wardlaw of the 10th Canadians, who gained a medal at St. Eloi, was presented to the king during the latter's visit to Cambridge, Eng. Corporal Wardlaw was a former resident of St. Albans.

Phillip Hogaboom, who was taken ill at his home in Enosburg Falls last Wednesday, rallied and went later to the home of his daughter in Berkshire, where he was found dead in the woodshed Thursday morning, apparently as he had started to go outdoors.

A bull terrier bit John White, aged 13 years, son of J. J. White of Burlington, the last of last week, badly tearing the boy's face. The animal was at once killed. It showed no symptoms of rabies and unless blood poisoning should develop the boy should soon be over the wound.

Walter Cleveland and Charles Ives were sentenced in St. Albans city court Saturday to spend the remainder of their minority at the state industrial school at Vergennes, for stealing \$11 from A. W. Fisher. The boys are each 14 years old and have been at the industrial school before.

Elbert Forbes, ten-year-old son of Mr. and Mrs. Walter J. Forbes of Middlebury, was severely kicked in the face just below the left eye recently, making a deep cut and rendering him unconscious for several minutes. He was driving a colt from the pasture into the barn.

Camille Savard, a Winooski truckman, had his leg broken between the knee and hip Saturday, when his horse ran away at Queen City park, and, upsetting the wagon, threw a load of heavy bath lockers onto Mr. Savard. He was taken to the Fanny Allen hospital.

Raymond Goodrich of Rutland, while on the road towards Middlebury with a number of companions Friday for a day's outing, was struck by an automobile which came up from behind and was seriously injured. The flesh about his face, arms and one leg was badly torn and bruised, and he was taken to the Rutland hospital. The driver of the car which ran him down was said to be J. C. Coombs of Ira.

Died on Farm in Vermont.

Edward Reynolds Andrews, who had for years maintained a farm in Putney, and who had a Boston residence at 119 Beacon street, died on Sunday at Putney in his 86th year. He was born in Boston on Dec. 22, 1831, the son of William Turrell Andrews and Fanny Mackay (Reynolds) Andrews. His education was received at Chaucey Hall school, the Adams school and the Boston Latin school, before he went to college, and he was graduated A. B. in 1853 from Harvard, which in 1856 gave him an A. M. degree.

After leaving college Mr. Andrews spent about two years in Europe and later was on a farm for nearly ten years. He afterward became a banker for about ten years as Andrews & Co. Following that Mr. Andrews introduced the improved method of crosscutting timber in the United States and he had operated in Boston, as well as in New Jersey, and Virginia. He had been a director of the United States Coal and Oil company.

In politics Mr. Andrews was a Republican and in his church affiliations was a Unitarian. He was a member of the Union club, Boston; the Massachusetts Agricultural society, and the Harvard and Century clubs in New York. On December 8, 1853, Mr. Andrews married, in New York, Sarah Hannah Addams, whom he had outlived.

Brick and Tile Products.

The value of the brick and tile products of the United States in 1915, according to the United States geological survey, department of the interior, was \$125,794,814. These varieties of brick and tile and miscellaneous products increased in value in 1915 compared with 1914. Front brick, valued at \$9,835,536, increased \$245,913, or nearly three per cent over 1914; drain tile, valued at \$8,872,264, increased \$337,225, or four per cent; fire brick, valued at \$18,839,931, increased \$2,412,384, or nearly 15 per cent; and miscellaneous products, valued at \$8,716,944, increased \$551,130, or 17 per cent. There was a decrease of the total product of about three per cent.

The product that showed the greatest decline was sewer pipe. Common brick and terra cotta also showed decreases compared with 1914. The decrease in these industries occurred during the early months of the year, but the conditions improved during the last three or four months of the year, the year closing with bright prospects for 1916.

A TALK WITH A BARRE MAN

George L. Cummings, Engineer, of 124 Prospect Street, Tells of an Interesting Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Barre man:

Mr. Cummings says: "I had a constant, dull ache in the small of my back and was bothered by kidney weakness. Doan's Kidney Pills, procured at Drown's Drug Store, cured these troubles, and there have been only two slight return attacks. At such times, I have taken a few Doan's Kidney Pills and have found prompt relief."

Price, 50c at all dealers'. Doan's simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cummings had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

ORANGE COUNTY FARMERS' ASSOCIATION NOTES.

Notes for week ending Aug. 5:

Harold J. Bailey of Bradford, an assistant to Commissioner Brigham, visited Randolph Monday to inspect the potatoes grown by the Randolph Center Potato Growers' association for seed. Those growing Irish Cobbler and Green Mountain varieties can by means of these inspections by the commissioner of agriculture have their seed certified by the state as being pure and thus have an advantage in selling. More farmers in this vicinity are taking advantage of that than any other section of the state, 15 fields being inspected. At this time, the fields were inspected for plants with off-color stems or flowers. Later they will be inspected again for blight and a third time in the bin for type of seed. Isn't this an opportunity that more farmers could take advantage of to profit? This would be true especially where a group could be secured as at Randolph Center, so that the marketing could be done in carload lots.

The last of the alfalfa demonstration plots, that of Benjamin Tucker of Tunbridge, was seeded Friday, Aug. 4. Another demonstration plot was arranged for with E. N. Longmoore of Newbury, which is to be seeded at once. Two other co-operative plots will be seeded this week. I very much advise against seeding alfalfa after this week and would prefer having it done before the first of August, based on the experience in other counties.

Out smut is showing this year as much if not more than last year. This is very easily handled by treating with formaldehyde when seeding. Look your oats over and see if your seed will need treating next spring. Charles Luce of Braintree, W. J. Chamberlain of Orange, W. B. Tullar of Vershire and E. P. Riford of Randolph treated last spring. Watch for results.

A circular letter was sent to the members of the association Aug. 4. This contained a detailed summary of the top dressing results and the use of lime and announcements of the meetings and picnics for August. An error was made in the date of the canning demonstration at Tunbridge and Topsham, the correct dates being Aug. 22 and 23, respectively, instead of a day earlier.

Remember this coming week the annual meeting at Chelsea Aug. 10 and the Theford field day Aug. 12. A large attendance is expected at the annual meeting, judged by the reports heard. The week ending Aug. 19 is full of picnics. Thursday, Aug. 17, grange field day at Randolph Center; Friday, Aug. 18, Chelsea farmers exchange picnic at Brooklebank, Tunbridge; Saturday, Aug. 19, the bi-county field day at Barre. Jay Corryell of Burlington will be present at Randolph Center and Chelsea. All will be worth attending, but you want to go to Barre anyway, if possible. This is going to be the biggest picnic this section has seen for many years.

A meeting will be held at the school-house, the Sargent district, Corinth, the evening of Aug. 15.

Summary for week ending Aug. 5: Farmers visited 33 Letters written 15 Telephone calls 2 Meetings held 1 Attendance 5 Circular letters sent to 492 Miles traveled 422 E. H. Loveland, County Agent.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients in what produces such wonderful results in curing catarrh, is beyond testimony. Free.

Auction Sale 25 COWS

As I wish to fix over my stable and do other repairing on my buildings this fall, and as I am unable to milk on account of an accident to my hand last fall, although I have a milking machine, but I am unable to do the stripping, I will sell at public auction to the highest bidder, on

THURSDAY, AUGUST 10

at 2 o'clock in the afternoon, at my farm situated on the west hill, adjoining the well-known Morrison farm, and 1 1/2 miles from Barre City, Vt.:

MY ENTIRE HERD OF COWS

TWENTY-FIVE HEAD in all, and a fine lot that I have taken great pains in raising and getting together. They are black and white grade Holsteins, with 2 or 3 exceptions. All young, not an old cow in the bunch, and are nearly all of them large cows; 4 or 5 of them that have very recently freshened, and as many more that are due in the next 2 or 3 weeks; a few that freshened in May and June, and the balance to freshen this fall. These cows have not had a spoonful of grain this season, but are looking well. You will find them to be the kind you are looking for, good, slick, healthy, profitable cows to buy, and all to be sold to the highest bidder, without reserve, as I mean business. I will also sell at the same time 1 nearly new Empire milking machine with a 1-1/2 p. engine. This machine is perfect and right in every way and has not missed a milking since it was installed. Remember the date of sale—Thursday, Aug. 10, 1916, at 2 p. m. Terms at time of sale.
