The new Suits are fashioned of velour, men's-wear serge, poplins, etc. Colors are navy, brown, green and black. The coats are longer than those of preceding seasons. Skirts are quite full although they do not look nearly as full as they are, as a matter of fact, they fall in graceful lines from the waist. Only one candidate had filed nomination papers for the office of city representative this forenoon, although there are two other avowed candidates in the field whose papers will be filed by to-night if they are to have their names on the ballot to be used at the Sept. 12 primaries. Rev. J. B. Beardon, a candidate of the Democratic party, had papers filed to-day. Nomination papers for Frank G. Howland, an ex-representative and former state senator, have been in circulation several days as have papers for Henry A. Phelps. It is understood that both men are to file as Republicans. Any other and all candidates must have their papers in the office of the city clerk by to-night or their supporters will find it necessary to write their names on the ballots to be used at the primaries. Signatures equal in number to 2 per cent of the vote cast for city representative two years ago are required on each set of nomination papers. Therefore, to be legal, each candidate in Barre must have 47 names signed to his papers.

WILSON ASKS

LEGISLATION ON STRIKES

(Continued from first page.)

some operative it developed yesterday, after careful consideration of the belief that a demonstration by the 2,000,000 or more union men who will march in Labor day parades in behalf of the brotherhoods would have the effect of winning much public support for the strikers.

By Labor day, also, the strike order will have been scattered to all points on all divisions in the country. The last of the delegates who left here Sunday will have reached their homes by Friday night.

Although the strike order is for 7 o'clock next Monday morning, all lines affected probably would not be tied up before some time that night if the order were released.

Every member of the brotherhood is subject to the strike order. Brotherhood heads intimated last week that supply trains running to the Mexican border, some passenger trains and possibly some milk trains would be exempted. Last night they declared that all trains would be tied up.

"We hope to tie up all freight and passenger lines," one of the leaders said. The strike order is brief. It is addressed to all members of the four brotherhoods, is signed by the various general chairmen and reads as follows:

"Sirs and brothers: This is to advise that the vote of the employees in train and engine service on the eight-hour day and time and one-half overtime proposition was overwhelmingly in favor of a strike.

"Notwithstanding this, your representatives have been unable to effect a satisfactory settlement and a strike under the laws of the respective organizations becomes effective on Sept. 4, 1916, at 7 a. m.

"Impart this information so those interested will understand that they are to promptly obey."

On a separate sheet the duties of members and officers in the conduct of a strike are set forth. Particular emphasis is placed on conducting the proposed strike as peacefully as possible. Among the duties of members set forth are these:

"No man in road service involved in the strike will perform any service after the hour set to strike, unless he has already begun a trip and has actually left the terminal. If the train has left the terminal he will complete the trip and deliver the engine and train at the end of the run, or tie up point if tied up under the law, after which he will perform no further service until the close of the strike. Men in other than road service will leave the service at the appointed time.

"So far as your legal right to strike is concerned, there is no difference between a mail train and a freight train. You have identically the same right to refuse to perform service on a mail train as you have to refuse to perform service on a freight train.

"All men on strike will keep away from the company's property except such men as are designated certain duties to be performed by the authority of organizations.

"Every man should understand that the laws of the land must be obeyed. Acts of violence of any nature will not be tolerated by the organizations."

WILLIAMSTOWN.

The parade Wednesday morning will start at 10:30 in the lower end of the village and will proceed from there to Mrs. L. F. Seaver's, then around the square and back down the street.

Notice.

The P. N. G. of the I. O. O. L. M. U., who have taken the purple degree, please meet at Mrs. Harry Gamble's house at 28 Division street Wednesday evening at 7 o'clock.
