Rogers' Walk-Over Boot Shop

of young people even until winter weather sets in. No doubt many boys and girls who will come into Vermont during the next month have been spending the summer months in sections where infantile paralysis has been raging, and they might have acquired the germ or whatever it is that causes the peculiar attack on the human body, known as poliomyelitis.

CURRENT COMMENT

Italy's Eastward March. Italy's declaration of war against Germany was inevitable. The wonder was that Italy could fight Austria for 15 months without fighting Austria's principal ally.

TO VERMONT EDUCATIONAL INSTITUTIONS

It would be a reasonable precaution on the part of Vermont schools and colleges which draw any considerable percentage of their attendance from other states of New England and from New York and New Jersey to require that each student present to the college or school authorities a certificate of clean bill of health as regards infantile paralysis.

GRANITEVILLE

Miss Jeannette Bilodeau of Manchester, N. H., who has been the guest of her cousin, Miss Yvonne Bilodeau, for the past three weeks, returned to her home today.

Mr. and Mrs. Norman McLeod and family, accompanied by Mrs. John McFarland of Westerville, motored to Montreal, P. Q., to-day to visit relatives.

Glenn Hayford has moved his household goods here from Woodbury. Miss Helen Boyce of Westerville is visiting Miss Mildred Miles.

Mr. and Mrs. C. E. Frenier and little son, Wendell, are visiting at M. M. McIver's for a few days. Mrs. H. J. Houghton, Mrs. W. S. Alexander and Mrs. W. B. McKenzie were visitors at William Alexander's to-day.

The many friends of Miss Mary MacDonald of Barre will be glad to hear that she is recovering from the effects of an operation performed Aug. 22 at the Mercy hospital in Springfield, Mass.

Notice to the members of Court Rob Roy, No. 6, F. of A., wishing tickets for the private dance to be held on Saturday, Sept. 2: Tickets can be procured from the following committee, M. P. Sullivan, Albert Healey, D. W. McLean, W. A. Vivian and John B. Rabitaille.

Resolution. Whereas it has pleased almighty God in His infinite wisdom and mercy to remove from our midst our beloved and esteemed brother, Michael Coughlin, and therefore be it

ACTYLENE LIGHTING.

Many Farmers in This Vicinity are Installing System. A recent tour of prospective buyers looking over actylene lighting plants already installed in this vicinity by the Night Commander Lighting Co., gave a very impressive opinion of the practical value and efficiency in lighting the buildings of the farmers, who have them installed.

There have been several plants installed by local salesmen, J. C. Parter in the past three months, a few of them being in the farm buildings of W. G. Nelson, Worthen Button, C. E. Bixby, E. L. Sanborn, Thomas Mikkelsen, C. H. Farr, Thordore Blair, and B. E. Marble & Son; besides many more that will soon be put into service, a few of them being in buildings of L. J. Warner, W. L. Davis, James Allen, Frank Lafayette and Frank Gooley.

While there are many ways of installing the system, and many uses that it can be put to, none of them have been brought out in this vicinity except that of lighting the buildings, with the exception of one instance, and that of utilizing it for heating purposes. It is stated that all insurance companies sanction the use of the system, as they claim that it is safe from all dangers of fire in any form.

It forms the same illuminant that the government has chosen for the canal zone; it is the same light that the battleships surround themselves with, when they hurl their buoys out on the waters; also dangerous points along the coastline are illuminated by with actylene lights, which are exactly the same kind of lights as these less powerful systems.

WILLIAMSTOWN

Dance in the grange hall Thursday, Aug. 31, at 8 o'clock. Carroll's orchestra will furnish the music. Admission, 75c a couple. As this is the closing event of Old Home week it is hoped there will be a large attendance.

FOR THROAT AND LUNGS STUBBORN COUGHS AND COLDS Eckman's Alternative SOLD BY ALL LEADING DRUGGISTS

LETTERS TO THE EDITOR

SUSPECTS COPPER DEPOSITS

Because of the Presence of Sulphur Springs Hereabouts.

Editor, Barre Times: While your correspondent was in Tunbridge last week surveying or trying to locate a disputed boundary line, a prominent Tunbridge man inquired of me if I had a surveyor's license. I told him no, it wasn't necessary. A civil engineer was supposed to have a diploma from the school from which he graduated, but it wasn't necessary for him to exhibit it before he tackled a job at surveying.

He said they had engaged another to come and make a second survey and he had had a civil engineer run a line on his home place in Tunbridge for several days without any better results and that the other party was so disgusted with the survey that he would not pay his share of the cost of the survey and that he had had to pay it all.

Now, perhaps neither of the surveyors were at fault. There are many places here in Vermont, as elsewhere, that the magnetic needle is deflected from its northern course by minerals in the ground. About 20 years ago I was running a line between what is now the Delano and Hood pastures in Randolph and I came to a place where the needle deflected several degrees from its northern course. I was sure of it, as I was running a course beside an old stone wall perfectly straight for more than 50 rods.

By the way, I think there are copper deposits near all our sulphur springs. All copper ore is impregnated to a large extent with sulphur, nearly enough to smelt the ore. It was the burning of this sulphur while smelting the ore at the Ely copper mines at Vershire that destroyed all vegetation near the mines and caused litigations between the farmers and the mine owners a quarter of a century ago.

Speaking of the variation of the compass—the needle of the compass does not point to the north geographical pole but either to both Cook and Peary are supposed to have found, but points to the north magnetic pole, which is continually changing towards the west. The north magnetic pole was discovered years before Cook or Peary began to hunt for the north geographical pole.

South Randolph. STILL NEED MAGAZINES. First Vermont Infantry at Eagle Pass Appreciate Generosity. To the Editor of the Barre Times: Because of my responsibilities as president of Middlebury college, I have tendered my resignation as chairman of the First Vermont infantry, which will become effective September 1.

Barre Eagles at Eagle Pass Appreciative. Editor of the Barre Times: Dear Sir: The Barre members of Company H of Montpelier belonging to the Barre aerie of Eagles wish to thank their lodge for forwarding clean receipt of dues each month. The Montpelier boys would appreciate it if the same was carried out by the aerie in their city.

She knew. "How useless girls are to-day. I don't believe they know what needles are for." "How absurd you are, grandma," protested the girl. "They're to make the graphophone play."—Detroit Free Press.

THE VAUGHAN STORE

SOUTH WALDEN

Chauncey Downes has sold his farm to Sanford Hooker.

Mrs. Sabra Jackson was a recent guest at John Stevens'.

Carroll White and family returned to their home in Barre last Thursday.

Mrs. Sarah Nelson of St. Johnsbury visited relatives on Houston hill recently.

Ray Taylor has just been having his farm in Danville.

Mrs. William Kirkpatrick and children are stopping at the home of her mother Mrs. Ainsworth, at Walden Four Corners.

Mrs. Theodore Woods returned home last week Tuesday from Burke, where she had employment for several months.

Frank Strong and Harry Barnett are threshing in Hardwick.

Harry Perkins is rearing oats for several of the farmers in this vicinity.

Miss Jennie Goodenough spent the latter part of last week with Lola Kirkpatrick at the Four Corners.

Archie Miles and wife of Craftsbury have moved into Carroll White's house. Mr. Miles is working for Mr. White.

Chauncey Downes and family are moving to Hardwick onto a farm which they have just purchased of William Clowse.

Washington County Farm Bureau Notes. To the Farmers of the Vicinity: I wish to call your attention to the demonstration meeting which will be held Friday, Sept. 1, at 2 p. m. at the Dodge brothers farm on the Barre-Montpelier road.

The demonstration centers around the growing of soy beans with our corn and the county agent will have some charts to illustrate the possibilities of this crop. The acreage yield will be figured out and you will have an opportunity to learn just how much this crop means in dollars and cents.

There is also a variety test of corn, there being six different varieties planted in this field side by side. This will give you an excellent opportunity to judge which of the varieties is the best, as we shall weigh up each one and determine their acreage yield.

A new Papee blower will be on the job and in operation. This may interest those who would like to see one of these machines in action. We hope also to discuss the forming of a farmers' club for this vicinity. This

for the purpose of acting co-operatively in buying farm supplies and also to take advantage of the educational opportunities offered in connection with the Washington County Farm Bureau association.

I think you can afford to spend the hour and a half for this meeting.

F. H. Abbott, County Agent.

MIDDLEBURY FOOTBALL

Practice Will Commence Sept. 11 at Lake Dunmore.

Middlebury, Aug. 26.—The football training camp of Middlebury college will commence September 11 at lake Dunmore. About 25 men are expected to

report and scrimmage will be held every day preparatory to playing Bowdoin September 23. New material is abundant. The coaches will be E. N. Holmes, S. A. Murch and A. B. King. E. H. Towne is managing the team this season, and F. P. Lang is captain. The schedule follows:

September 23—Bowdoin at Middlebury. September 30—Amherst at Amherst. October 7—Springfield at Springfield. October 14—Stevens Inst. Tech., at Hoboken, N. J.

October 21—New York State Teachers' college at Middlebury. October 28—R. P. I. at Middlebury. November 4—Norwich at Middlebury. November 11—N. H. state at Durham. November 18—Vermont at Burlington.
