

### MEXICO BORDER PLAN AGREED ON

#### U. S. Troops Will Remain for the Present

#### VILLA FORCES NOT FEARED NOW

#### Carranza Must Demonstrate That His Forces Are Adequate

New London, Conn., Sept. 22.—The Mexican-American commission has about finished its first task—that of settling the problem of border patrol. A tentative program for border patrol was yesterday practically completed. It provides that General Pershing's forces shall remain where they are for the present. There is an additional proviso by which the Carranza forces are to take over a share of the work of protecting the border later, but its exact form has not been revealed. Positive assurance was given yesterday that the plan contains no recommendation for immediate withdrawal. "That situation remains as it is for the present," it was stated. The border plan is being submitted to General Bliss for approval. It is possible that the plan will be in shape by Saturday, but more probably it will require another week before it is submitted to Washington and Mexico City. If the scheme succeeds and Carranza forces are found adequate the withdrawal of American troops will be accomplished later. Villa's activities around Chihuahua will not vitally affect the situation. The American members feel that Villa at present menaces neither General Pershing's column nor the border, but they desire to see how the new Carranza patrol will work before recommending Pershing's withdrawal. The Mexican commissioners apparently have approved the plan suggested by the Americans and will be willing to discuss collateral issues as soon as the border problem is definitely out of the way.

#### FLAG STILL FLIES. Stars and Stripes Won't Disappear from the Pacific.

Washington, Sept. 22.—The turning point in the fortunes of American shipping on the Pacific was marked by the recent purchase of three large ships by the Pacific Mail Steamship company and there is no further danger of the American flag disappearing from the Pacific. Department of commerce report announced yesterday. The Pacific Mail company's purchase adds 17,500 gross tons to the 5,000 that remained to American shipping on the Pacific. "The United States," the report concludes, "has more merchant vessels under construction than any other country in the world and while the greater part of this new tonnage is not intended for immediate use on the Pacific it is probable that sooner or later some of it will be diverted to the far eastern trade."

### BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning, to wash out of the system all the previous days' poisonous waste, gases and sour bile, before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate, which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv.

the blood. Perfect elimination is indispensable to health. Stimulate the liver, open the bowels, and get the system into a good habit by taking Hood's Pills, the old reliable family cathartic. Do not irritate nor gripe. Price 25c. of all drug stores or promptly by mail of C. I. Hood Co., Lowell, Mass.

### TO ENFORCE ARBITRATION OF NEW YORK STRIKE

#### State Board Acts and Directs Both Sides to Present Testimony Next Week.

New York, Sept. 22.—Arbitration of the city's transit strike, now in its third week, will be enforced by the state board of arbitration and mediation, it was announced here yesterday by M. J. Regan, a member of the board. Hearings will be held beginning Monday and both sides will be directed to present testimony.

### BASEBALL BRIEFS

Commencing next Saturday, the Braves have 17 games to play in 10 days. Two Sundays and one open date will give the pitchers a chance to rest. The regulars do not mind the playing of double-headers in the cool autumn days but the test on the pitchers is very severe and brings into the game the members who are the weakest on the pitching staff. The teams left on the Braves' schedule are Pittsburgh, New York and Philadelphia. Boston has been able to win 25 out of 48 games played with these teams this year. Eleven of the games are to be played against New York and Philadelphia away from home.

The Red Sox certainly showed the fans who were in doubt of their gameness as fighters under fire the fighting qualities of their machine. It is a well balanced club in every department when all the regulars are playing. Since Larry Gardner was able to get back into the game there has been nothing to but the Red Sox. Gardner's presence in the lineup put spirit into the team when they were in a big slump at the beginning of the series at Chicago last week.

President Timme of the Milwaukee club announced yesterday his intention to sign a big league player or exploit of some big league club to manage his team next season. Timme said that more than 20 former men connected with major league ball had already applied for the job.

Shorten, the recruit acquired by the Red Sox last spring, is certainly a find. His work is improving in every game. Shorten is not only a good fielder but he can wield the willow in the pinches.

Four games in Cleveland and then the Red Sox will be homeward bound, playing the remainder of the games on eastern soil, against the softer teams. The club has won 13, lost seven and tied one on the present invasion of the West for a percentage of .650, which is good enough to win.

Olaf Henrikson, the hero of the 1912 world's series, again came into the limelight in Tuesday's game, when he took Carrigan's place at bat in the eighth inning with one strike against him. The little Swede went to the plate with all the confidence that he carried through the crucial series of 1912 and sent the first ball pitched sailing into right field, sending Scott home for the winning run.

Demaree of the Philadelphia Nationals performed the unusual feat of winning two ball games from the Pittsburgh Pirates Wednesday, when he won the first game 7 to 0 and the second 3 to 2. Demaree held the visitors to 16 hits in the two contests, seven in the first and nine in the second.

### ALONG THE SIDELINES

Tufts' football practice commenced yesterday with 21 men out for the team, most of them veterans. With the opening of college to-day it is expected that there will be a great many more who will don the tugs and go out this afternoon. From the start the Tufts men will be given work that will put them into the fight, as they will be in the big games. Capt. Westcott and the other veteran halfback, Mitchell, were out, both looking in the pink of condition. Big Alger, the 240 pounds of meat and muscle, was out in tugs.

Things come from the Yale bowl that Charles Coffin, the former Exeter player and captain of last year's freshman eleven, has caused a sensation by his exceptional kicking, and Harry LeGore will have to look to his laurels.

Football practice at Columbia university began yesterday with 25 candidates out for practice under the supervision of Head Coach T. Nelson Metcalf. Six members of last year's squad reported for practice, including Capt. Healey and Quarterback Miller, the drop kicker.

Billy Higgins, the all-around athlete at Lawrence high school, will enter Holy Cross. He intended until recently to go to Purdue.

### WILSON BUSY ON SPEECHES

#### He Is Deluged by Applications from Many Cities

#### FIRST ONE IN BALTIMORE

#### The President Will Defend His Eight-Hour Railroad Law

Asbury Park, N. J., Sept. 22.—Great importance is attached by the Democrats to President Wilson's address next Monday afternoon before the National Grain Dealers' association at Baltimore. What the president has to say on that occasion and the reception accorded his speech, they believe, will have a strong influence in two of the most important voting strongholds of the country.

The grain dealers are in intimate touch with the farmers. They also are among the foremost shippers of the country, who, the railroads say, will have to "pay the freight" as a result of President Wilson forcing the eight-hour legislation through Congress.

Appreciating the importance of the address, the president already has begun work on it. It is likely to show what the administration has done and proposes to do for business, and what it has done for the farmer.

The president also is expected to open up at Baltimore for the first time in a counter attack upon Republican Candidate Hughes on the eight-hour issue.

The president will be in Baltimore only a short time, arriving shortly before 2 o'clock in the afternoon. He will speak at 2:30 o'clock in the Lyric theatre, and will leave for Shadow Lawn almost immediately after his address.

Since the news has gone forth that the president will accept several western speaking invitations the executive offices here have been literally swamped again with appeals from cities seeking a place among the chosen few.

Before accepting any of the invitations the president is making a careful study of the conventions, organizations, etc., before which he has been asked to speak, as he has decided to stick to his resolve not to address purely political bodies.

Arrangements have been completed for receiving the delegation of Trenton business men at Shadow Lawn Saturday afternoon.

Saturday's visit will be the first of a series of similar meetings to be held at Shadow Lawn between now and election day.

### MOB IN KANSAS GOES LYNCHING

#### Mob Batters Jail Door to Get the Slay-er of Two People.

Olathe, Kas., Sept. 22.—Storming the jail, fifty armed men early yesterday lynched Bert Dudley, avenging the brutal murder of Mr. and Mrs. Henry Miller, for which he was convicted Tuesday.

The mob called on Sheriff Carroll about midnight and demanded that Dudley be released to them. He refused. "Better let us have him," said the leader, "we are prepared to take him."

The men cut loose with a volley of shots and the officer yielded. But Mrs. Carroll had fled in the meantime with the jail keys. Determined to get their man, the mob battered in two jail doors, and when the fire department attached the crowd with streams of water they forced the firemen to retreat at gun points.

Seizing Dudley, the mob hurried with him to waiting motor cars, threw a rope around his neck, sped a quarter of a mile to the "Erisco" depot and hanged him to a telephone pole.

Dudley, a former convict, white, was convicted of first degree murder, which carries with it a sentence of life imprisonment.

### CHINA ASKS FOR A \$50,000,000 LOAN

#### Appeals to Quintuple Group of Bankers and Offers Salt Monopoly Surplus as Security.

Pekin, Sept. 22.—Chen Chin-Tao, the Chinese minister of finance, yesterday formally asked the quintuple group of bankers for a \$50,000,000 reorganization loan on the security of the salt monopoly surplus.

The quintuple group is composed of representatives of American, British, Russian, French and Japanese financiers.

The bankers talked in a favorable manner regarding the loan and referred the question to the headquarters of their respective houses. The entente representatives explained to the Chinese minister of finance that they could not co-operate with Germany.

At the Japanese legation it was denied that the Japanese government will support the \$2,500,000 loan negotiated recently by the Japanese bankers on the security of the Yangtze valley mines.

### DRIVING FORCE OF PATRIOTISM

#### That the Great Need Just Now, Says Mr. Hughes

#### IS NEEDED TO INSURE PROGRESS

#### Republican Demand for a Protective Tariff Is Reiterated

Lafayette, Ind., Sept. 22.—Charles E. Hughes, addressing an audience in the open air here yesterday, outlined the policies for which he stands and declared that he wanted to see in the United States "a great driving force of patriotic sentiment" which would furnish the motive power for progress.

"I want American rights protected throughout the world," Mr. Hughes said. "I desire to see a great force of patriotic sentiment which will give us the motive power of progress. We cannot have progress unless we have that loyalty and love for our country which will enable us to get up steam to supply energy."

"And, therefore, that we may have that, I say that American rights must be protected throughout the world with respect to American lives, property and commerce, with respect to all nations of the world."

The nominee reiterated his declaration that "the pathway of surrender to force leads only to civil war in the end" and declared that he stood firmly for arbitration of industrial disputes.

"I am the friend of labor," he said. "Who is not the friend of labor? If a man is not the friend of labor, he isn't the friend of America, because we are all laborers in this country and we have all got to go up or down together."

Mr. Hughes went into details concerning his tariff views. The protective tariff, he said, would have to be applied to enable America to meet European competition after the war.

"If it is not," he said, "we will not only have a repetition of the period of unemployment that we had just before the European war, but we will have agitation and confusion and disaster in this country."

Mr. Hughes defined a true American as follows: "The man who is a true American is one who rejoices in the virtues of our institutions in giving opportunities in which everybody shall have a share, not a selected few, but the diffusion of prosperity among the great mass of people in this country."

Mr. Hughes spoke for only 20 minutes at the suggestion of the throat specialist who accompanied him. The nominee's voice was husky and showed the effects of constant speaking in the open air.

### CONSTANTINE URGES BLIND OBEDIENCE

#### Greek King Says "Woe Betide the Country" When Soldiers Act on Their Own Initiative.

London, Sept. 22.—The ceremony in regard to the taking of the oath of allegiance by new recruits in Athens, Wednesday, was attended by King Constantine and the royal family, says a Reuter dispatch from the Greek capital, under date of Wednesday. The king in a speech, says the dispatch, recommended blind obedience by the men to their superior officers and their sovereign, adding that when every soldier should act on his own initiative with regard to his country's requirements, "woe betide the country" possessing such an army. "You will have many things told you in order to mislead you," King Constantine is quoted as continuing. "Believe patriotism like retailers. They seek to commit crimes under the cloak of patriotism."

### BLACKMAIL TRIALS IN NEW YORK

#### Defendants in So-Called Syndicate Probably Will Be Removed to New York at Once.

Washington, Sept. 22.—Conferences of federal agents who have been investigating the so-called blackmailing syndicate were continued at the department of justice yesterday.

The department practically has decided to institute its first campaign of prosecution against the alleged blackmailers of Mrs. Regina S. Klipper of Philadelphia in the federal court in New York City. The defendants in the case probably will be removed to New York immediately for trial, which is expected to begin in a month.

The conferences were called by A. Bruce Bielaski, chief of the department's bureau of investigation, with a view to co-ordinating all the information in the possession of the federal agents.

Besides Mr. Bielaski those present included Hinton G. Clingbush, who has been working up the blackmailing cases in Chicago; John C. Knox, assistant attorney general at New York; William M. O'Leary, chief of the New York office of the investigation bureau, and Frank Garbino of the Philadelphia office.

### LIVING COSTS SOARING.

#### Chicago Food Prices Will Be Even Higher This Winter.

Chicago, Sept. 22.—Prices of foods, clothes, luxuries and materials have advanced alarmingly within the last year, according to a table of comparative prices compiled here yesterday. Merchants and producers say that prices for food will be even higher this winter.

## How Hart Schaffner & Marx Look After the "Little" Points---

# Waistcoats for Instance

There was a time when nobody thought about style in a waistcoat; the coat covered it, why bother. But nowadays the coat doesn't cover it—the waistcoat plays a very conspicuous part, often giving the finishing touches of smartness to a suit.

Hart Schaffner & Marx have carried out the Varsity Fifty Five idea in waistcoats—style that's different; some have soft roll collars with five buttons, deep points; decided waist lines with full chested effects; athletic shoulders; some with welt pockets, others with flaps on the pockets.

This is just a small part of the Varsity Fifty-Five idea; we would like to have you know more about it.

## Moore & Owens

### Barre's Leading Clothiers, 122 No. Main St.

Canned fruits will be 30 per cent higher and canned vegetables will be advanced from 15 to 20 per cent, according to wholesalers. Paper bags, which a year ago could be purchased in wholesale lots for 95 cents, now cost \$1.55. The advance is typical of all paper and paper products.

Cigar jobbers raised their prices this week. Five-cent cigars which the dealers have been getting for \$31 or \$32 a thousand have been advanced to \$35. Better grades of cigars also have been advanced.

Cotton goods have advanced between 25 and 35 per cent. Woollens also have kept pace with cottons. In the best lines of women's shoes the prices have almost been doubled, dealers said.

### OBSTRUCTING HIGHWAY.

#### Charge Brought Against Auto Truck Driver on Another Motorist's Complaint.

Brattleboro, Sept. 22.—An unusual charge of obstructing a highway was brought in municipal court here against John Manning, who is in the employ of the Bay State Trucking Co. of Springfield, Mass., and, in addition, the charge of operating an automobile with only one headlight was brought against the man. Bail was fixed at \$25 and \$15 in the two cases and the hearings will be held later.

The complaints were made by Dr. Harry P. Green and D. E. McElhinny who stated that they were compelled to drive from Bernardston, Mass., to Brattleboro back of the slow-moving truck operated by Manning.

Dr. Greene drove Mr. McElhinny's automobile to Greenfield, Mass., to meet Mrs. McElhinny and their daughter at the railroad station there and bring them to Brattleboro by automobile.

They had reached a point about a mile north of Bernardston when they overtook a large automobile truck. Dr. Greene sounded the horn for the right to pass and the driver of the truck paid no attention. Later when the physician attempted to get past, the driver, whose name is being withheld, deliberately turned his truck to the left and cut off the touring car.

The result was that the party, which had made arrangements to be in Brattleboro at 6:30 o'clock, did not reach here until about 8 o'clock, being obliged to follow the slow moving truck until on Canal street near Clark avenue, where, by turning into the ditch, they managed to pass.

The charge of obstructing a highway was brought by Manning.

### CASTORIA

For Infants and Children  
In Use For Over 30 Years  
Always bears the Signature of *Chas. H. Potter*

was brought by State's Attorney O. B. Hughes under act 141 of the laws of 1910, which, in part, is as follows:

"A person driving or riding a horse or other draft animal or operating an automobile or motor vehicle, shall on overtaking a horse, draft animal or vehicle, when it is safe and practicable to do so, pass on the left side thereof, and if the person riding or driving a horse or draft animal or operating an automobile or motor vehicle overtaken by a person riding or driving a horse or draft animal or operating an automobile or motor vehicle shall, when it is safe and practicable to do so, turn to the right so as to allow free passage to the left."

The state claims that Manning not only failed to do this but repeatedly prevented the touring car from passing him, by steering to the left. As Manning had no lights the occupants of the other machine surmised that he was keeping the car behind him to benefit by its lights.

### BRITISH TO TURN KRUPPS GREEN WITH ENVY

#### Weird War Inventions Seen by Dr. Benjamin Rand of Harvard—Will to Win Evident.

New York, Sept. 22.—The British are manufacturing new war inventions "which would turn the Krupps green with envy," according to Dr. Benjamin Rand, of Harvard university, who returned yesterday from a visit to England. Accorded privileges of inspection by the British foreign office, Dr. Rand said he visited munition and ordnance inventions, but that he was pledged not to disclose their nature. He found among every class, he said, an intense determination to do all possible to win the war. In one factory he saw 7000 women at work, uniformed in khaki. New factories were being built and existing ones enlarged, he said.

Dr. Rand delivered lectures while in England on America's attitude toward the war.

### BLOODY MILITARY AND CIVILIAN ENCOUNTERS

#### German Newspaper Says Street Fights with Fatal Effect Are Assuming Alarming Proportions.

London, Sept. 22.—Reuter's Copenhagen correspondent sends the following: "The Wilhelmshaven Zeitung says the number of sanguinary and apparently organized encounters between civilians and the military lately has assumed alarming proportions. Last week several street fights occurred with fatal results. Another occurred on Sunday night, when civilians, armed with knives, attacked a

party of marines near the railway, killing two and mortally wounding others. The assailants escaped."
