SOUTHERNERS AVERAGE LIGHTER

Than Their Northern Brothers By Four to Six Pounds.

Washington, D. C., Sept. 28.—The average weight of men south of the Mason and Dixon line is from four to six pounds lighter than the average weight of men north of it, say United States marine corps recruiting officers operating there in a report received at marine corps headquarters to-day. These recruiting officers have asked that the minimum weight for recruits in the south be reduced from 124 to 120 pounds, stripped.

"The large, raw-boned southerner" is seldom seen, the recruiting officers aver, and while the men of the South are as sound and fit as the men of any other section, they are usually small-boned and light in weight. The officers point out in their recommendation that some of the best "hikers" and fighters in the marine corps are the lean, wiry men from the southland.

Young people need clear complexions

If you find yourself "left out" because of a poor skin, and want a clear, fresh complexion, use

Resinol Soap

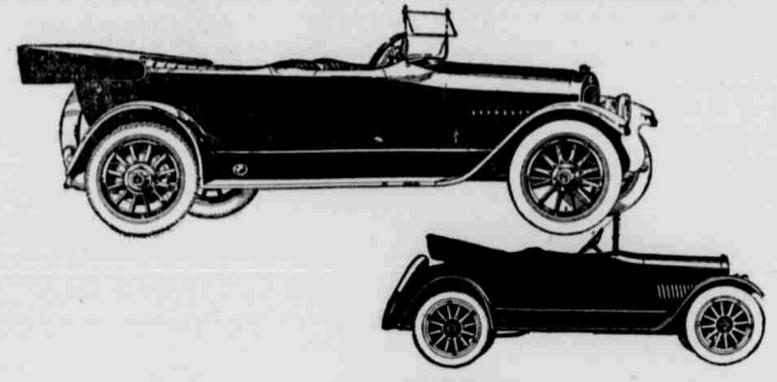

at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water.

It does not often take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the perfectly pure soap is cleansing it.

Resinol Soap and Ointment heal eczema and similar skin-eruptions and usually stop itching instantly.

Two American Beauties

Here are two of the most efficient and most beautiful cars in America. These new Cole models are typical of the modern American spirit. They have clean cut lines; power and personality in abundance; are stunning and smart; are swift as a swallow—and as silent.

In a word they are theogue. Each has the great 70 horsepower eight cylinder motor. This motor has the strength of a locomotive, yet all one can hear is a soft, gentle purr.

The big, but exceptionally light touring car, in the largest Eight built. Also it is the most comfortable. Seven can be seated without crowding or squeezing.

The aisleway between the front seats is a marked convenience.

For the big family—get the Cole Eight seven passenger touring car.

For the smaller family—get the new Cole four-passenger roadster. This model is a perfect dream. It has the snappy double coil design.

AMUSEMENT NOTES.

The Champlin Comedy Co., at the Barre Opera House All Next Week.

The management of the Barre opera house takes great pleasure in announcing the Champlin Comedy Co., for a week's engagement at the opera house with Saturday matinee, starting Monday evening, Oct. 2. The following well-known successes will be presented: "The Natural Law," "The Final Settlement," "The Girl He Couldn't Buy," "The Road to Happiness," "Damaged Goods," and "The Way Women Love."

The opening play will be the big Republic theatre success "The Girl He Couldn't Buy." It is a play of discussion dealing with the vital questions of life which have become quite a fad during the past few years owing to the support given them by both the press and public, solely because of their wholesome subjects and the truthful lessons they contain.

"The Natural Law," one of the big plays of the Champlin repertoire and which will be played during their engagement, is with the theme, love cannot live without respect, as a keynote. Charles Summers wrote "The Natural Law," and in this distinctive drama illustrates his moral by making an example of a young woman who heard the call of youth and heed not the warning of maturity.

The repertoire, as it will be played, will be announced in Monday's paper. The usual popular prices will prevail. The seats sale opens Friday, at 10 a. m. 10c, 20c, 30c, and 50c; and the Saturday matinee, adults 20c, and children 10c. The seats sale opens Friday, at 10 a. m. 10c, 20c, 30c, and 50c; and the Saturday at Cummings & Lewis.—adv.
