To-morrow evening, the Murphy & Weaver team will meet the Royal team for the second match of the season at the Pearl street parlors. The Pearl street aggregation is leading in this tournament by a 61-point margin.

At St. Monica's church Monday morning at 8 o'clock, Miss Eunice Mattott, a daughter of George Mattott of Brooklyn street, was married to James P. Simmons of Montpelier, the parish priest, Rev. Fr. McKenna, performing the ceremony in the presence of a few relatives and immediate friends of the bride and groom.

The bride wore a blue traveling suit. She was attended by Miss Pearl Abare and Ansey Mattott, a brother of the bride, acted as best man. Before the ceremony the bridal party enjoyed a wedding breakfast at Hotel Barre and later in the forenoon Mr. and Mrs. Simmons left on a wedding trip. Mr. Simmons, a brother of Conductor Charles Simmons of the Barre branch, is employed at the capital as a printer.

Arthur Wilson of South Main street, who managed the Hub restaurant for A. J. Gauthier for two years and was for some years employed as a night clerk at the Hotel City hotel, has decided to locate in Springfield, having purchased a restaurant in that rapidly growing industrial town. Mr. Wilson left Barre last week, after having been employed for some weeks in the Hub restaurant after it was taken over by Mrs. John Forbes. A Springfield contemporary tells the following story: "Arthur Wilson of Barre has purchased the South End restaurant of C. L. Douglass and took possession Saturday. The new proprietor has had six years' experience as manager of a restaurant in Barre City. He proposes to cater to the public satisfactorily and later to serve meals on both the American and European plans."

One of the most successful social functions at Goddard seminary during the present school year was held Saturday evening, when the members of the sophomore class held their annual ball at Goddard hall with one of the largest crowds in attendance that ever assembled at a sophomore dance. The members of the class put a good deal of work into making it a success and the hall was beautifully decorated with the class colors of orange and white. At the beginning of the entertainment Messrs. Hollister and Barker of the faculty with Mr. Tillotson of the class, and Mrs. O. K. Hollister, Miss Spafford and Miss Waite were in the receiving line. Messrs. Tillotson, Samelson and Misses Waite and Vignacelli of the class were the officers in charge. Forsell's orchestra furnished music for the occasion.

Regular business meeting of Iroquois tribe, No. 16, I. O. R. M., Tuesday evening, Feb. 13, at 7 o'clock. Social dance will follow meeting. Corn and venison will be served.

Announcement was made to-day by the officials of the Central Vermont railway to the effect that the legislative trains on the main line, Nos. 17 and 18, would be canceled every day in the week with the exception of Monday and Friday until notice is given for them to run as has been scheduled. The reason given by the company for canceling these trains is because of the heavy snows of the winter, which have made it almost impossible to make regular schedule time for the past month, and the dropping of these trains will help to regulate the regular schedule and get the trains to running on time again.

Members of the University of Vermont Independent basketball team arrived in the city this afternoon from Burlington and will line up to-night against the Goddard seminary quintet of basket shooters. The Vermont team has not played together this season, but a fast game is assured, as there has been steady practice during the past two weeks. Vermont does not make basketball a major sport, but there is a league among the several fraternities in college, and the Independents are the stars selected from the different teams in the fraternities.

Word comes from the Bethel branch of the quarryworkers' international union that there is a prospect of more work for the quarrymen early in April, as the Woodbury Granite Co. has secured a building contract that will set the wheels at its quarry and cutting plant in motion early in the spring. According to advices received at the headquarters of the international association in Barre, business has suffered greatly from lack of orders at Bethel. Gangs of men were employed during the summer and fall in using the channel bars and other heavy drills at the quarries, but some weeks ago work was suspended altogether. The cutting plant has been closed for several months.

Charlie Wong, Chinese laundry man, and the other tenants in the building at 10 Merchant street are on skids for a few days while Anthony Tomasi begins his forward movement toward the curbing. It is not the intention of the proprietor of the building to inconvenience any of the tenants and even though a big lot of blasting has been in progress there during the past fortnight, the laundry person and others have been enabled to pursue the even tenor of their way. Pursuant to the plan outlined by Mr. Tomasi before the city council, a third story will be added to the building as soon as it is set flush with the other structures fronting Merchant street.

SERVED IN FRANCE.

Dr. G. Albert Moore Has Returned to the United States.

St. Johnsbury, Feb. 13.—Mrs. John P. Moore of Melrose has received a telegram announcing the safe arrival at New York of her son, Dr. G. Albert Moore of Brockton, Mass., who has been a house surgeon since last October in one of the American ambulance hospitals.

People traveling by mileage over the line traversed by the Cannonball between this burg and Barre are advised to have an eye out when the mileage is taken up by any except the regular conductors, as three instances have come to the notice of the scribe in the last two days when more mileage was pulled than should have been. It is trying enough to be obliged to pay for nine miles by rail to Barre when as a horse travels it is only six, but to have some railroad man lift 29 or 31 miles when he should take but 18, or worse yet to extract 39 miles when 27 was all that was traveled, that is surely rubbing it in some.

"No Barre Times or Boston papers" was the unpleasant fact that was echoed many times by some 200 disappointed people last night when the mail finally arrived at about 7:30 o'clock. An inquiry at the Barre postoffice by phone showed that there was no fault there, as the papers were all sent to the station in ample time to connect with the train coming to this town. We know that we are a pair of sizes smaller than Burlington, but we have learned to read, and we want our papers every night, and somebody is going to have a good cry if we don't get them. We want our baseball news and our Billy Sunday news, and we want—Oh, what's the use of talking? We want our daily papers every day. How would you like to have your supper in the middle of the next day forenoon?

RUTLAND SCHOOLS CLOSED

Because of Outbreak of Scarlet Fever—State Health Board Confers.

Rutland, Feb. 13.—Following a meeting of the local board of health, attended by Dr. Charles S. Caverly, president of the state board of health, held at the office of Health Officer F. H. Gebhardt yesterday afternoon, it was decided to close the public schools for the present, to permit a thorough washing of the rooms and the disinfection of books, pencils, etc., which are used in common by the pupils, this to be done because of the outbreak of scarlet fever.

It was announced at the close of the meeting that following an investigation of the scarlet fever situation, the Otter Creek Dairy farm management voluntarily agreed to discontinue the sale of milk until all regulations required by the health board are complied with.

Two Cases of Measles Break Out in St. Albans.

St. Albans, Feb. 13.—The school nurse yesterday discovered two well-developed cases of measles in the local high school, and as a result the school has been closed until further notice. Several of the instructors are ill, and two of them are quarantined under suspicion of measles. There is a serious epidemic of grip raging in the city, one physician estimating that there are 450 cases in town. The doctors have not been so busy in many months, and several of their own number are ill with the grip.

WILLIAMSTOWN

Mrs. Etta M. Covell, teacher of the village intermediate school, has returned from Bakersfield, where she went last week to see her daughter, Doris, a student of the school.

Leon McAllister moved yesterday from the house at the foot of Quarry street owned by Mrs. Dora Brockway, where he has lived for something over a year, to the tenement on the east side upstairs in the old Edson block, now owned by Dr. Lewis D. Martin of Barre.

Sheriff A. A. Reed made an official trip to the industrial school at Vergennes last week to take to that institution two young people from Bradford.

Plans for the Masonic concert, ball and supper at grange hall Friday evening are now well matured and indications point to a large attendance.

It was thought best to postpone the reopening of the primary, intermediate and grammar rooms at the village school for another week, as measles are still prevalent and there are some new cases. Frank Downs' four children all have the disease at the same time, though some were supposed to have had it before.

People traveling by mileage over the line traversed by the Cannonball between this burg and Barre are advised to have an eye out when the mileage is taken up by any except the regular conductors, as three instances have come to the notice of the scribe in the last two days when more mileage was pulled than should have been.
