BETHEL

Mrs. W. M. Fisher, Till Recently a Resident Here, Died in Springfield. Mrs. W. M. Fisher, aged 47 years, died at her home in Springfield, Mass., of pneumonia last Saturday morning after a very brief illness. On returning from his railway mail trip to Newport, this state, last Wednesday, her husband found her suffering from a severe cold. A physician suggested that she stay in bed the next day, which she did, and Mr. Fisher made his usual trip to Newport. On returning Friday he found her critically ill with pneumonia, a trained nurse in charge and everything possible being done for her. Her death occurred the next morning. The remains will be brought here to-morrow afternoon and the funeral will be held at the home of her husband's sister, Mrs. Guy Wilson, on Wednesday at 2 o'clock. Less than a year ago Mr. and Mrs. Fisher went from here, where they had spent most of their 12 years of married life, to her home city, Springfield, Mass., principally because it was a terminus of Mr. Fisher's mail route. Besides her husband she is survived by her mother, Mrs. Abbie French, and a brother, both living in Springfield. While here she was active in many ways and served two years as president of the Congregational ladies' aid society.

Safe Home Remedy for Skin-Troubles

Eczema, ringworm, and other itching, burning skin eruptions are so easily made worse by improper treatment that one has to be very careful. There is one method, however, that you need never hesitate to use, even on a baby's tender skin—that is the resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful, that thousands of other physicians have prescribed it constantly for over twenty years. Generally resinol stops itching at once, and heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's. Resinol Soap is not only unusually cleansing and softening, but its regular use gives to the skin and hair that natural beauty of perfect health which cosmetics can only imitate.
