

"Put Your Things in the Front Room"

On the night of the party you take your guests upstairs to put their things in the front room—your bedroom. Whenever they come to your house, their first impression is of your bedroom. To them it is the keynote of your home. Its tone, its taste are their impression of you.

Dignity, Sturdiness and Beauty are characteristic of our line of Bedroom Furniture. Our stocks are particularly well filled and varied. Our prices are low—the values great.

New Fall Goods

Nearly all of our new fall goods are in stock. This is your best time to buy as a new adjustment of prices will have to be made very soon. In large cities they make up as fast as the cost to them increases. We handle it a little different. We go by what we have on hand at prices we have paid rather than what we will have to pay. Your interests are ours; we must work together to keep prices down.

New Fall Goods
While styles are not so very different from last fall, new goods will look very good to you. Styles are very smart, not loud or flashy, but with very well-defined lines. Very pretty.

Goods in Bargain Basement
In our Bargain Basement are lots of kinds that you can save quite a lot in price from goods bought in the usual way.

Early Showing of Suits
We have now ready for your inspection and selection a good showing of Fall and Winter Suits. These Suits are especially attractive, the style lines are conservative and well balanced, the coats are longer and of straight lines, many of them belted with large buckles. The skirts are with a nice fullness.

Ladies' Separate Coats
This season bids fair to be the largest Coat season we have ever seen. The styles are very conservative and of materials that for style and service are the best that we have ever shown.

You should see this, our line of Coats. These Coats were bought very early, at prices that are more reasonable than you could imagine under the present conditions of the market. You will find here more than double the Coats that we were ever able to show in any other season before. We bought them early so as to get the cloth and get the price before the big advance. See these Coat values.

The popular colors will be Navy, Brown, Balsam, Burgundy Taupe, Beetroot, and Black. These made up in such cloths as Poplins, Broadcloths, Chevots, Men's Wear Serges, Bucilla Cloths and Wool Velour. These are cloths that are very serviceable and attractive.

You need to see these models to appreciate their value. The prices are but a little more than other seasons.

We have an unusually large line of the new fall waists now ready for your selection. The special silk waist we are showing at \$2.00 are as good values as we have ever shown. The better waists at \$3.75 and \$5.00, in Crepe de Chine are very good. See our line of voile waists at \$1.00 and \$1.25.

Harold Morrison arrived yesterday from Claremont, N. H., where he is employed by the Sullivan Machine company, to spend a few days with friends in town.

Mr. and Mrs. Rowe Morrison returned this morning to their home in Chicago, after having spent the past few days at the home of his former's father and brother on Hill street.

A small boy named John Gates had a narrow escape from injuries this morning when an automobile struck him on the Pearl street crossing near the Arcade building. The automobile, a Ford bearing the license number 16,148, was turning into Pearl street and bystanders stated afterward that the driver sounded his horn several times. Apparently the boy did not hear the warning, for the car bowled him over. In an attempt to avert the accident, the driver turned his car toward the Hale block and was making straight for a plate glass window in the Houston & Bell jewelry store. Once the lad regained his feet, only to be caught again by the car and rolled toward the building. Fortunately the driver was able to apply his brakes effectively and the car was stopped before the wheels passed over Gates. The latter escaped without a scratch.

Mann, accompanied by his assistant, G. W. Groom, and S. S. Russell, spent a part of the afternoon near the spot where the body of James B. Edward was picked up. Photographs of the crossing were made and measurements taken preparatory to making a report on the accident.

F. A. Slayton's string of horses was shipped from Barre Thursday to Portsmouth, N. H., where the fall campaign is to begin within a few days. In the consignment were Major Deen, Anna Deen, May B., and Queen E., and Mr. Slayton's trainer, Edward Barrett of Burlington, who has been with the horses since spring, is in charge of them. Because of the fact that few if any fairs are to be held in Vermont this year, Mr. Slayton plans to do most of his racing in New York during the next few weeks and when the circuit in the Granite state closes, the horses may be transferred either to Maine or to Massachusetts. Both Deen horses are in fine fettle and the other members of the string have been showing up well.
