Beginning at sunset last evening and continuing until the first stars are seen to-night, Yom Kippur, one of the most important holy days in the Jewish calendar, is engaging the attention of Barre Hebrews to-day, although nothing of a formal or public character attaches to the observance. Yom Kippur is the Day of Atonement for faithful Hebrews and in cities where there are synagogues everyone gathers at midday for prayers and renewal of vows.

Jewish institutions in need of financial assistance receive many donations on Yom Kippur and even in the smallest Jewish communities an offering is usually taken for charitable institutions. A number of Barre Hebrews went to Montpelier last evening to join in a special observance of the beginning of Yom Kippur.

A sharp metallic crash followed a mishap at the entrance to the Kennedy garage on North Main street late yesterday afternoon, but a large crowd which hastily assembled found only a Ford touring car with a mudguard bent and other damage of a trivial nature, the noise having been emitted from the machine when it brought up against the corner of the Currier building. The car was being towed into the garage and the accident occurred when one of the rear wheels settled into a declivity in the road. Four husky lifters picked up the machine and transferred it to firmer ground, after which the trip to the garage was resumed.

From Gorham, Me., where they remained until the close of the fair, the race horses of F. A. Slayton have been moved to Great Barrington, Mass., where the big money taker, Major Deen, is to start to-morrow. It is expected that the string will remain in Massachusetts until the end of the week and possibly longer. On the northern New England circuit Major Deen, the fast traveler owned by Fred Meers, traveled in 2:13 in the 2:18 class and was back of the money because of the heavy entries. The absence of any racing in Vermont this fall has flooded most of the New England courses with all kinds of fields and the horses which are coming through for the money are showing their real mettle. Mr. Slayton has been out for the past three weeks and plans to spend most of the fall in racing his string.
