Present plans call for an addition to the southerly end of the main shed which shall conform in width and height to the main building. It is to be 63 feet long and will be 60 feet wide. The room is to be used for general purposes. Although the plant of McDonnell & Sons was built in recent years, the business of the firm has grown rapidly and the expansion has made the erection of an annex imperative.

C. F. Smith, auctioneer, was in Cabot yesterday holding a sale for the town. The farm had been sold at private sale before the auction. Twenty-four grade cows sold from \$49.25 to \$130, several sold for over \$100, and the entire bunch averaged around \$70. Two year-old heifers, \$35 to \$55; four shoats that were said to weigh about 125 lbs. brought \$27.50 each; one horse, \$225; one horse, \$171. The hay was late cut and sold cheap, the best of it for \$6.75 by measure in the barns. Farm tools and household furniture all brought good prices. Mr. Smith holds a sale for Homer Douglass just outside the city to-morrow afternoon at 1 o'clock, of 15 head of cattle, consisting of six nice cows, part now fresh, balance a little later; 9 head of sleek young cattle, large brood sow and 12 nice four-week-old pigs.

From a three-tenement house on Prospect avenue a still alarm was received at the fire station this morning around 5:20 o'clock and regulars who responded in the auto truck found a brick closet blaze in a downstairs tenement occupied by Charles Gallagher, an insurance agent. Apparently the blaze had been smoldering all night in a closet adjoining a sleeping room, but it was not discovered until occupants of the apartment smelled smoke early to-day. The firemen used their chemical outfit effectively in smothering the blaze and the damage was not great. Clothing owned by the Gallagher family was ruined and the panels of the closet door were badly scorched. Otherwise, the damage was confined to that caused by smoke. Mr. Gallagher's furnishings were protected by insurance, as was the house, which is owned by Mrs. Stella Day. Other tenants are Alderman C. H. Reynolds and Mrs. Duffany.

Francis Giguere, a 14-year-old boy, is detained from his studies at Spaulding high school as the result of injuries received when an automobile struck him on Monday, the opening of school. The young man, with his schoolmates, had emerged from the main building at noon and was on his way to dinner when the accident occurred. Young Giguere had just reached the Academy street crossing on Washington street when an automobile came down the hill and turned into the intersecting thoroughfare. According to Giguere and his comrades, the automobile driver did not give sufficient warning of his approach, with the result that Giguere was struck by the front of the car and thrown to the ground. The blow rendered him unconscious for a few moments, but he recovered sufficiently to make his way home. It was noted that the driver of the auto did not stop his car. A doctor who was consulted by the Giguere family found that the young man's nose had been broken. In addition he received a badly blackened eye and facial contusions. The injuries are more painful than serious.
