

WORCESTER

Hattie Curtis of Burlington has been spending a few days at the home of her brother, Charles Curtis. She returned home Thursday.

Mrs. Emily Bailey is home from East Montpelier for a few days.

Mrs. Ada Witham and granddaughter, Katie, are visiting in Williamstown for a few days.

Mr. and Mrs. Ben Johnson returned Friday from a two weeks' visit with her daughter in Worcester, Mass.

Meetings are being held every evening. Mr. Dees preached Sunday morning to the children at 10 o'clock, at 10:45 the regular sermon and in the evening. He will preach to the men Sunday at 3 p. m. and Thursday afternoon to the women.

Mr. and Mrs. Richard Cane from Saranac, N. Y., Allen Collins and wife from Comstock, N. Y., visited at the home of Mr. and Mrs. Charles Cane recently. They made the trip by auto.

Dr. and Mrs. Turner are visiting Mrs. Turner's parents in New York City.

The telephone company has commenced work on the eight line over Hampshire hill and west hill. The men have taken Dr. Turner's house on his farm for headquarters.

Archie Saxby, Miss Pike and Miss Gibson have gone to St. Albans to attend the teachers' convention.

Henry Gray has gone to Worcester, Mass., to work.

Mr. Grandfield, who has been sick at his daughter's, Mrs. Fred Howieson, has been taken to the hospital.

Mr. and Mrs. Thomas Utton were called to Morrisville Friday by the sickness of their daughter, Mrs. Prosper Springer.

MORETOWN

Town Hall Filled at Patriotic Rally—Much Enthusiasm.

Roads almost impassable and a drenching rain seemed to enthrone rather than discourage the people of Moretown on Wednesday evening, when the patriotic rally was held in the town hall. Filled almost to the last seat, children and adults alike listened to the speeches and music, cheering with an enthusiasm which the times call forth. Plans perfected by J. W. Bates and Rev. Arthur Abbott gave an interesting evening, Rev. Abbott being in charge. Seated on the platform beside the speakers of the evening was Private Harry Irish, representing the army, and Sailor Moses De-Gell of Waterbury, representing the navy. Mr. Abbott was very apt in introducing the speakers and stated clearly the purpose of the meeting that of Liberty bond day. Mr. Bates was very willing to arrange for bonds for those who wished to invest and Moretown is expected to do her share, as she is well represented in the army. Prayer was offered by Rev. Dr. Bass, a native of Moretown, now of Providence, R. I., who was back to his native place. Rev. Robert Devoy, pastor of St. Andrew's church, was gladly received, not only by his Moretown parishioners but others. A brief address was also given by Dr. Bass and the closing one by Rev. Stanley Blomfield, pastor of Bethany church of Montpelier, was serious and very emphatic, showing the need of work and funds from all that America, with the allies, may be victorious. Before the program, music was furnished by Buzzell's orchestra, which also led in the

singing of patriotic songs. Songs by the school with flag and wreath drills and a reading by Miss Gladys Balentine added much to the impressiveness of the evening. "The Stars and Stripes Forever" orchestra during the evening and all other selections were played by the joined in "America" at the close.

A Million Breakfasts Cooked This Morning on

Crawford Ranges

Was Yours One?

This style Range in four types, Palace, Castle, Fortress and Cottage.

Among the exclusive Crawford features that have made this range preferred above all others are:—

A convenient gas end oven, equipped with new and improved gas broiler. This broiler is instantly adjustable to hold the food at any required distance from the flame without touching the pan, without bending over. It folds away when not in use.

Two separate ovens, both large and roomy—one for coal, the other for gas—both are perfect.

Five center heat gas burners of a new and efficient type bring the heat directly under the center of utensils without wasting gas.

Guarded gas cocks which eliminate danger of accidental opening.

Perfection of design and finish, long service and utility, distinguish Crawford coal ranges—or gas combinations.
