

SOLDIERS IN CAMP

The abrupt change from home comforts to camp life may be trying on your boy's health, but if he will only take the rich liquid-food in

SCOTT'S EMULSION

it will create richer blood to establish body-warmth and fortify his lungs and throat. Thousands of soldiers all over the world take Scott's Emulsion. It is exactly what they need.

NEURASTHENIA

Another Name For Nervous Exhaustion

How It Is Caused and How It Can Be Treated Without Leaving Your Own Home

Neurasthenia is the physicians' name for a condition of weakness or exhaustion of the nervous system. The patient finds difficulty in keeping his mind on his work, is inclined to worry over trifles, is often depressed and irritable, is subject to headaches, or a feeling of pressure on the head, is sleepless and some times the digestion is disturbed. Overwork or worry is often the cause.

The treatment consists largely in rest, recreation and the use of a tonic, the discontinuance of any practice that may have caused the trouble and abstinence from tea, coffee and stimulants. As the nerves receive their nourishment through the blood the latter must be built up and made rich and pure. Especially if there is loss of weight and pallor indicating a weakness of the blood, Dr. Williams' Pink Pills are the tonic best adapted.

Mrs. James H. Dyer of No. 21 Lowell street, Lowell, Mass., says: "I was a sufferer from nervous debility for years. I felt weak all of the time and could not stand any physical strain. I had frequent sick headaches and often fainted away. I was worried constantly and was very much discouraged."

"The doctors said I had neurasthenia, or nervous debility, and advised a complete rest and change but I was unable to take them because of my children. For years I was under treatment and had almost given up hope. A friend who had taken Dr. Williams' Pink Pills for Pale People urged me to try them. I was much stronger after a short trial of the pills and resolved to keep on with them. My health is now much better and I recommend the pills very highly."

Dr. Williams' Pink Pills contain no harmful or habit-forming drugs, and the sufferer who gives them a trial will avoid the danger so common in taking drugs which only deaden pain.

Every person who is interested in the home treatment of nervous disorders should send for the new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment."

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.—Adv.

URIC ACID

An Enemy in Ambush

(BY DR. M. C. LUCAS.)

It was not until the discovery by Sir Arthur Garrod, in 1848, that the blood of gouty patients contained uric acid in an excessively large amount; that much attention was paid to this subject.

Later scientific men learned that in gout (also true in rheumatism), the kidneys do not work properly to throw off the uric acid poison; consequently uric acid crystals are deposited in and about the joints, where an inflammation is set up in the nearby tissues. When for any reason the circulation is sluggish, as in the joints of the toes, crystals formed from uric acid are deposited there, and one suffers from gout; or, when deposited in the tissues, one suffers from muscular rheumatism or articular rheumatism. My only medicine to counteract the uric acid and to throw it out the system is tablets of Auric (double strength), three times a day.

The pain in the back, lumbago, pain in the neck, creaky joints, stiffness in muscles, have all been proven to be caused by uric acid poison in the blood and tissues. The kidneys soon become diseased, then there often follows disease in the muscles of the heart.

Kidney disease carries away a large percentage of our people. What is to be done? What can the ordinary person do to properly balance bodily health? The answer is easy. Eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent before meals for awhile, such as Auric (double strength), obtained at almost any drug store. It was first discovered by Dr. Pierce, of the Surgical Institute in Buffalo, N. Y. Most every one troubled with uric acid finds that Auric dissolves the uric acid as hot water will dissolve sugar.—Adv.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and luster, and try as you will you cannot find a trace of dandruff or falling hair, but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.
