GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanser. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.—Adv.

EAST CORINTH

Friday, Feb. 22, was class dinner day in the Mary Dickey class in Sunday school. It being rather cold for them to meet in the vestry, they went to C. M. Page's, 36 strong, where a baked bean dinner, with a good array of dainties, was served, followed by a business meeting and social hour, which was, as usual, an enjoyable affair.

The Truth Seekers' class is planning to have its annual class meeting and dinner soon.

THE SPRING TONIC FOR PALE, THIN PEOPLE

If You Want to Gain in Weight and Recover Your Appetite, Energy and Ambition, Try This Well-Known Remedy.

This is the time of the year when many people who have no great reserve of strength, who have thin blood and weak nerves, need a tonic.

People with strong constitutions escape many minor ills that make life miserable for others. Don't you envy the friends who does not know what a headache is, whose digestion is perfect and sleep undisturbed?

How far do you come from this description and have you ever made an earnest effort to strengthen your constitution, to build up your system to ward off disease and discomfort?

Everyone cannot have perfect health but unless you have an organic disease it is generally possible to improve your physical condition by attention to the rules of health, the first of which is to keep the blood built up.

Gained Six Pounds in Two Weeks. E. S. Southwick, an employe of the public library at Woonsocket, R. I., had an experience that will help many others. "I was ill for several years," he says, "not confined to bed, but so that I could hobble around. My blood was thin, I was troubled with rheumatism and suffered a great deal with lame back. One day I read in the newspaper about Dr. Williams' Pink Pills and got a box from my druggist. I had taken them but a short time when I saw that they were helping me. I gained six pounds in two weeks, my appetite became good once more and I cannot say too much in favor of this blood-building remedy."

Brought Color to Her Cheeks. Mrs. Frank McLaughlin of No. 315 Seventh street, St. Clair, Mich., says: "Before taking these tonic pills, I was a physical wreck, unable to do anything. I was all run down, had no ambition, my blood was so thin that my face was white, and I had stomach trouble, palpitation of the heart and spells of nervousness. It seemed as though my sleep did not rest me and I would feel very tired when rising in the morning. I had terrible headaches."

"One day I read about Dr. Williams' Pink Pills for Pale People in the newspaper and decided to try them. That was in December, 1916. Before I had taken the third box I could see that they were helping me. After I had taken five boxes the color had come back to my cheeks."

Why Good Blood Is Red. When the blood is deficient in these red corpuscles the person not only becomes pale but the body is under-nourished, the weight is usually reduced and as the nerves share in the general starvation some form of nervousness follows. When the blood is improved in quality the tissues are better nourished and all the functions of the body are better performed.

When the blood lacks red corpuscles, it is a scientific fact that a course of treatment with Dr. Williams' Pink Pills will cause them to increase. This can be demonstrated by a microscopic examination and anyone can prove it by looking in a mirror for an increase in red blood shows quickly in the cheeks and especially in the lining membranes of the eyelids.

No Increase in Price. There has been no increase in the price of Dr. Williams' Pink Pills. Your own druggist can supply you or the pills will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write to-day for the valuable booklet, "Building Up the Blood." It is free.—Adv.

Mothers! Here's Something New For Croup and Cold Troubles

An External Treatment That Replaces Internal "Dosing." You Can Let the Children Run Outdoors in All Weathers and Get Their Needed Fresh Air and Exercise.

Young children need plenty of fresh air and outdoor exercise and this exposure is bound to cause some colds. These colds should not be neglected, and yet, mothers know that constant "dosing" is bad for the delicate stomachs of children.

The best protection is plenty of fresh air in the bedroom, and at the first signs of trouble a prompt application of the Southern external "vapor" treatment, Vick's VapoRub. You simply rub it well over the throat and chest, and cover with a warm flannel cloth.

Leave the covering loose around the neck, as the body heat releases

medicated vapors that are inhaled all night long, loosening the phlegm and opening the air passages. In addition, VapoRub is absorbed through and stimulates the skin, taking out that tightness and soreness in the chest. Usually croup is relieved within 15 minutes and colds over night.

The local druggists realize the value of an external treatment, especially in the case of small children, and in the interest of their customers, are offering VapoRub in any of the three sizes—25c, 50c or \$1.00—on 30 days' trial. If you are not delighted with the results, the purchase price will be refunded.
