HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The Brattleboro Daily Reformer began its sixth year March 1.

J. J. Fenton & Co. of Bellows Falls celebrated their 30th anniversary in the clothing business in that place last week.

A 12-pound daughter was born Feb. 27 to Mr. and Mrs. William LaFore of North Ferrisburg. This is their 13th child, 12 of whom are living.

The sugar situation was somewhat relieved in Rutland the last of the week, but by Saturday it was practically impossible again to find any in the city.

A fire in the home of Dr. C. F. Ball of Rutland Sunday caused a loss of \$1,500. It started from a patent ash remover which connects with the stove and cellar.

Mrs. Julia H. Catin-Park, widow of the late Tenor L. Park of Bennington, was married recently at Oise, France, to General Tausseil, commander of the 37th corps of the French army.

Mark Albee attempted to draw a load of wood down a hill in Townsend a few days ago, but it proved to be more than his oxen could hold and they ran against a tree, breaking the neck of one ox.

Forty-eight of the 90 enlisted men who went from Caledonia county to Camp Greene 10 days ago, are at home again, rejected by the doctors at the training camp. The majority of them were rejected on account of their teeth.

One of the fastest trips on record between Plattsburg, N. Y., and Burlington was made Saturday when Frank P. Murphy did the distance in 35 minutes in his ice boat. The distance covered is about 30 miles, so the boat went nearly a mile a minute.

Rev. W. R. Shaw of Salem, N. Y., has accepted a call to the pastorate of the Advent Christian church in Rutland and has already commenced work there. The Rutland church has been without a minister for three months, or since the resignation of the pastor, Rev. C. M. Seaman, who went to Boston.

Thomas Hunter, aged 75 years, who lives in Castleton, is in a serious condition as a result of an experience through which he passed last week. He had been ill and it is supposed was left somewhat dazed, for he walked all night Feb. 28, going from Castleton to South Wallingford. At that place a man recognized him and took him to his home. Mr. Hunter's hands and feet were frozen and he appeared to have fallen in the water, or he may have lain down beside the road and fallen asleep.

The ladies' aid society of the Brattleboro Methodist church has come into possession of an old album quilt which was made at the time the present church was built, in 1881, to help in raising money. It had been in possession of Rev. D. E. Miller, pastor of the church at that time, until his death at Concord, N. H., when it was returned to the Brattleboro church. Along the edge of the quilt is a band of white where the names of practically all the parishioners of the church are recorded, each person paying 10 cents for the privilege. The quilt, through Mr. Miller's influence that the present church was built, although he preached in it only one time and then was assigned to another field.

GARDENS ABOUT FORTIFICATIONS. Paris People Clamor for Little Plots of Ground.

Paris, March 5.—Amateur gardening around the fortifications of Paris was so successful last year that applications for gardening plots for the coming season have multiplied beyond the space available. The allotment of these garden spots of a hundred yards square each will soon be made upon written applications, preference being given to large and necessitous families. Families with five or more children will be allowed two lots.

COURT UPHOLDS 'SUFF' PICKETS. Reverse Conviction of the Women Sentenced in Washington.

Washington, March 5.—The local court of appeals yesterday reversed police court convictions of the White House pickets of the National Woman's party, holding that picketing of the White House by the silent sentinels was not an unlawful assembly unless an unlawful purpose or acts were shown.

The pickets long since have served their sentences and been released and the picketing was abandoned some time ago, soon after the administration came out in support of the woman suffrage constitutional amendment.

GET NEW KIDNEYS!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation; or even stone in the bladder. These symptoms indicate a condition that may lead to that dread and fatal malady, Bright's disease, for which there is no cure.

You can almost certainly find immediate relief in GOLD MEDAL Haazen Oil Capsules. For more than 300 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.—Adv.
