Time Now for Easter Clothes

What feeling is more pleasant than to step out Easter Sunday with the satisfaction that your coat or suit selection bears all the style marks of spring. Already this season we have had the good fortune to help a large number of customers avoid purchasing impure fabrics and hasty tailoring in suits and coats. In hardly any season during the past ten years has it been so important to watch closely everything, big and little, which goes into making garments—and this applies to our purchases as well as yours. **OUR FULL EASTER DISPLAY IS NOW ON.**

The Best Time to Buy

Do you realize that the best time to buy garments or general dry goods is when the stock is at its best, when every department is full of the newest and best things of the season? When you stop to consider how everything in Cotton or Wool Goods is advancing in price and decreasing in quantity, you can appreciate what it means to be able to get the thing you especially want later. Our stock is now at its best, but we cannot make any promises for the future. We will do all we can to give you what you will want at prices that are right.

Suits and Coats

Our line of Suits is now complete in every detail. We bought these garments early and can guarantee the quality and make to be the best in every way. Never were we able to give you better qualities, and prices are not so very much advanced over other seasons. The Printz-Beidermann and Wooldex garments are our standard for quality and style, and they are a standard by which all other makes are compared. We want you to get acquainted with this line of garments.

By nearly every express now we are getting new Coat models. This has been an unusually early Coat season. People are realizing the importance of buying early. We can show you now one of the largest and best lines of popular Coats we ever had so early in the season.

Separate Skirts

We received by express this week another lot of those popular Silk Skirts. These are in the same qualities as our other lot, but in combinations entirely different. If you want a good Skirt value, you should see this line.

In the Wool Skirts, our line is now complete in every way, and in quality they are All Wool. Let us show you this line of Skirts.

New Easter Novelties

In Easter Novelties we have a large showing of new and useful accessories. See our large display of Easter Collars in all the new shapes and colorings. These are just what you will want to dress up your dress or suit.

EASTER GLOVES will demand your attention, and we are showing a good line of these most important finishes to your wardrobe.

CHILDREN NEED FOOD—NOT ALCOHOL

How careless it is to accept alcoholic medicine for children when everybody knows that their whole health and growth depends upon correct **nourishment**. If your children are pale, listless, underweight or puny, they absolutely need the special, concentrated food that only

SCOTT'S EMULSION

gives, to improve their nutrition and repair waste caused by youthful activity. During school term all children should be given **Scott's Emulsion** because it benefits their blood, sharpens their appetite and rebuilds their strength by sheer force of its great nourishing power.
