

The Right Laxative For The Little Ones

The natural condition of a child is to be happy and carefree. When the girl mopes and is indifferent to school and study, or the boy is sullen and refuses to go out and play; the child needs a laxative to empty the bowels and stir up the liver.

But something should be given that will produce the result in as simple and natural a way as possible. Harsh cathartics and physics are neither necessary nor desirable.

Many mothers have found that the combination of simple laxative herbs with pepsin sold by druggists under the name of Dr.

Caldwell's Syrup Pepsin produces a free movement of the bowels without griping. A very little is required, and it is pleasant to take. A few hours after its use the child will be its happy self again.

It is an excellent remedy for the mother herself, and for the other members of the family, in obstinate or occasional constipation, for the relief of headaches, as an aid in colds and fevers, minor skin eruptions and all disorders where the basis of the trouble is constipation.

The druggist will refund the money you pay for Syrup Pepsin if it fails to do as promised.

Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

NO INCREASE

In spite of enormous increased laboratory costs due to the war the manufacturers of Dr. Caldwell's Syrup Pepsin are sacrificing their profits and absorbing the war taxes so that this family laxative may remain at the pre-war price of 50c and \$1 a large bottle. So sold by druggists for 26 years.

FREE SAMPLES

Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in America. If you have never used it and would like to sample it before buying, send your address for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If you have had the family send for a copy of "The Care of the Baby."

RANDOLPH

All but two or three of the schools in the Orange southwest district have closed for a two weeks' vacation on account of snowing.

The result of the examination given at the Kimball library to test the accuracy of the pupils taking the work in the card catalogue and reference work, have been tabulated and reported to the superintendent. The work was given to the 7th and 8th grades of the local school and the examination was given to the pupils who wished to take it. William Lamson and Marjorie Dales of the 7th grade passed with nearly perfect papers. The following 8th grade pupils passed: Lillian Gray, Albert Metzger, Bennett Bell, Bernice Flint, Alice Crowe, Maria Richardson and Marcia Russlow.

Grades 5 to 8 inclusive have 100 per cent enrollment as a Red Cross auxiliary. Owing to the assistance of Hayden Gaylord, the lower grades now have 100 per cent enrollment in the thrift stamps saving campaign.

The canvass for the sale of thrift stamps is being forwarded this week, the town being divided into districts, with a committee to canvass the territory. It is understood that they are meeting with good success.

Mrs. Dearborn of Stratford has entered the sanatorium for an operation, and Mrs. Glenn Titus and Mrs. Gove, relatives, of Stratford have come to pass some time at the home of Mr. and Mrs. Albert Spooner, nearby, so as to be able to visit her at the sanatorium.

George Mudgett furnished maple syrup for the Odd Fellows on Monday night and again on Tuesday night gave the Rebekahs a treat of the new product. Mr. Mudgett's generosity at this time of high prices of syrup, was greatly appreciated by the members of both orders.

Mr. and Mrs. H. D. McCrillis of Marshfield and Mrs. Davis of Northfield arrived here on Thursday for their official visit on Beulah chapter, and were entertained by friends over night. The chapter served a supper at 6:30 in the hall, and the work was given and reviewed by the deputies.

Mrs. Lora Michaels, who has been passing the winter here, expects to start for her home in Spokane, Wash., early next week, and Mrs. Jennie Chalmers, who has been with her for the winter, will return to Riverhead, L. I.

EAST MONTPELIER CENTER

Miss Frances, eldest daughter of Rev. and Mrs. S. F. Bloomfield of Montpelier, is spending her vacation week at A. G. White's.

J. R. Young, Harry Vincent and W. A. Hall have made quite a bit of maple syrup, but no sugar as yet.

The Gleasers and young people of the Center are to give a play and other entertainment at the schoolhouse Saturday evening.

Mrs. Lilla Greene has been in Montpelier several days on account of the illness and death of her cousin, Miss Maud Moore, and the ladies' club, which was to have met with Mrs. Greene to-day, was postponed.

Arthur Parker was taken very sick last Saturday in Montpelier, where he is a student at the seminary. He is still very ill with severe pains in his head and it is feared an abscess is gathering.

WATERBURY

A son was recently born to Mr. and Mrs. George Gale of Stowe. The child is a grandson of Dr. D. D. Groat.

Cards announcing the birth of a daughter to Mr. and Mrs. Robert W. Palmer of East Milton, Mass., on March 24, have been received. Mrs. Palmer bore her marriage was Miss Vera Powell, a teacher in our local school. Anna Taylor Palmer is a granddaughter of Mrs. Edwin F. Palmer of Union street.

Edwin T. Houston, who, for a number of years, was proprietor of the Houston studio, goes to Montpelier Monday to have charge of the Blanchard studio in that city. Mr. Houston has much artistic ability along that line and all he speaks are to give a play and all he returns to town for Sundays for a while is received with much pleasure. Mr. Houston has been for some time the

SPRING IS HERE YOU NEED A TONIC

If You Are Unnaturally Tired When the First Warm Days Appear Your Blood Requires Attention

With the advent of spring many people begin to feel the debilitating effects of lack of out-of-door exercise during the winter, the blood is thin and does not circulate as it should, the digestion is impaired and the body undernourished.

Pale, nervous people whose blood is thin and who have a feeling of lassitude as warm weather approaches should take a tonic to build up the blood and strengthen the nerves.

Some men and many women feel tired all the time. This is not natural. Fatigue following work or great exertion is normal but to be constantly tired indicates a diseased condition, usually thin blood. Backache generally accompanies this state of the system.

Such sufferers are usually pale but not necessarily thin. In blondes the transparency of the skin is increased; in brunettes it is decreased and the complexion becomes muddy.

This condition of thin blood, which doctors call anemia, is a dangerous one if allowed to progress but with proper treatment it may be speedily corrected.

Mrs. John T. Morgan, of No. 119 Shaw street, New London, Conn., found a remedy for an anemic condition. She says:

"I suffered for two years from thin blood and a general breaking down of my health. I was pale and tired out and had very severe headaches. I had no strength, no ambition and at times was very nervous and not at all myself."

"My mother had taken Dr. Williams' Pink Pills with benefit and upon her advice I began taking them. After the second box I could see an improvement and I took four boxes in all at that time. Whenever I feel run down and need a tonic I use Dr. Williams' Pink Pills. They always help me at once."

Was a Physical Wreck.

"I feel that it is my duty to recommend Dr. Williams' Pink Pills to every suffering woman," says Mrs. Frank McLaughlin, 315 Seventh street, St. Clair, Mich. "Before taking these tonic pills I was a physical wreck, unable to do anything. I was all run down, had no ambition, my blood was so thin that my face was white and I had stomach trouble, palpitation of the heart and spells of nervousness."

"I did not care to eat and the thought of food would make me sick. I could not walk very far or do any housework or I would get all tired out. It seemed as though my sleep did not rest me and I would feel very tired when rising in

the morning. I had terrible headaches. "One day I read about Dr. Williams' Pink Pills for Pale People in the newspaper and decided to try them. Before I had taken the third box I could see that they were helping me. After I had taken five boxes the color had come back to my cheeks and my weight had increased from 90 to 120 pounds. I can honestly say that no medicine has ever done so much for me as Dr. Williams' Pink Pills and I have recommended them to many of my friends and neighbors."

A Tonic for Neurasthenia.

Neurasthenia is a condition of exhaustion of the nervous system. The causes are varied. Continuous work, mental or physical, without proper vacation periods, without proper attention to diet and exercise, also worry over the struggle for success, are the most common causes. Excesses of almost any kind may produce it. Some diseases like fevers and the grip, will cause neurasthenia. So also will a severe shock, intense anxiety or grief.

The symptoms are oversensitiveness, irritability, a disposition to worry over trifles, headache, possibly nausea. The treatment is one of nutrition of the nerve cells requiring a non-alcoholic tonic. Miss Alvira Freeman, R. F. D. No. 6, Albion, N. Y., owes her good health to the tonic treatment. She says:

"For two years after I had typhoid fever I did not regain my strength. My complexion and lips were white, my blood was poor and I became very nervous. I had fainting and weak spells, when everything seemed to be in a whirl and turn black before me. I had headaches continually."

"I was constantly under the care of a doctor, but his remedies did not help me. I then began the use of Dr. Williams' Pink Pills and found they were helping me after I had taken them a short time. I continued taking them until I was restored to perfect health."

Bring Color to the Cheeks.

Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitation, color returns to cheeks and lips.

"I am glad to recommend Dr. Williams' Pink Pills," says Mrs. Roderick

D. MacLeay, of No. 75 Norman avenue, Buffalo, N. Y., "as they have been of wonderful benefit to me. A few years ago I was completely run down through overwork and worry. My blood was thin and watery and I was very pale. I grew gradually worse for a year and was weak and short of breath, especially when I walked up stairs, which I could not do without resting every few steps. I could not even walk across the room without having my heart flutter."

"I was under the doctor's care throughout the entire winter. I was not benefited by his treatment and began using Dr. Williams' Pink Pills. I noticed right away that the pills were helping me, for my cheeks began to have some color and my strength returned. I recovered entirely after giving the pills a thorough trial. I will be glad if, through this statement of my experience, some other person is restored to health."

Those who take Dr. Williams' Pink Pills for Pale People as a tonic invariably say that their improvement began with a noticeable increase in the appetite. When you are sick and your vitality is low your appetite falls. Nothing tastes good. You take no pleasure in your meals. Under such circumstances good digestion is impossible.

Dr. Williams' Pink Pills tone up the entire system, the blood is enriched and good red blood is essential to normal digestion. The glands that secrete the digestive fluids are strengthened, not merely stimulated, and you once more enjoy a good appetite. Looking forward pleasantly to mealtime is the first sign of returning health, strength and vitality.

Write for Free Booklet. The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after-effects of the grip and fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

Dr. Williams' Pink Pills are sold by your own druggist or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. A booklet, "Building Up the Blood," will be mailed free to any address upon request.—Adv.

Rub Youngsters' Colds Away With "Outside" Vapor Treatment

Local Druggists Have Imported the Invention of a North Carolina Druggist That Relieves Croup and Cold Troubles by External Application.

You Can Try a 25c Jar on 30 Days' Trial and Your Druggist Will Refund the Purchase Price if You Are Not Delighted with the Test.

Every mother breathes a sigh of relief when she first tries the North Carolina treatment, Vick's VapoRub, and finds that it is no longer necessary to "dose" the children with nauseous medicines for croup or cold troubles. VapoRub comes in salve form and when applied over the throat and chest the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, all night long, carry the medication direct to the air passages and lungs. At the same time VapoRub

is absorbed through and stimulates the skin taking out that tightness and soreness in the chest.

VapoRub has a hundred uses in the home—for deep chest colds, sore throat, bronchitis or incipient pneumonia just apply well over the throat and chest and cover with a warm, flannel cloth. For head colds, hay fever, asthma or catarrhal troubles VapoRub can either be applied up the nostrils or a little melted in a spoon and the vapors inhaled. Croup is usually relieved within fifteen minutes and an application at bedtime prevents a night attack.

All mothers are urged to take advantage of the 30-day trial offer now being made by the local druggist and see for themselves just what VapoRub will do.
