

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

An accident to the dynamo, caused by an electrical storm, caused Hyde Park to be without electricity all last week.

Arthur Willard, a Morrisville fisherman, was found by the game warden with eight short trout in his possession and settled by paying a fine of \$50 and costs.

Rev. Frederick Buttery of Norwich will assume the rectorship of St. Mark's church in Newport Sept. 1, taking the place of Rev. Walter C. Bernard, who resigns to accept a call from Brattleboro.

Mrs. Lavina Wakefield, an aged Burlington woman, committed suicide at her home Saturday, taking Paris green and also slashing her throat with a razor. It is supposed she was despondent over ill health.

Dr. J. W. Courtney, a Burlington doctor, has been notified of his commission as a captain in the medical reserve corps and is awaiting further orders, while Dr. T. S. Brown of the same city, who previously had been commissioned as a captain, has been ordered to report at Fort Oglethorpe, Ga., about Aug. 1.

Leonard D. Wheeler of the Wheeler Bros. Co. of White River Junction has announced his candidacy for nomination as representative to the legislature from the town of Hartford. He is president of the First National bank and treasurer of the Ottaquechee Woolen company of North Hartland.

Herman A. Howe, a Brookline farmer, has pleaded guilty to killing deer out of season and was fined \$100, but the fine was remitted and Howe was put on probation for a year and six months. He is 69 years old, has a family and is not in a prosperous condition financially. Jars of salted venison were found in the cellar and a deer's leg was found under the barn.

One hundred thousand feet of oak has been sold by the S. A. Smith Manufacturing company of Brattleboro for government use. The timber is cut into sticks of various lengths and sizes and is shipped to Gardner. It is not known at the local factory for what branch of the government work the contract was placed. The oak is being taken from that cut on the lot bought by the Smith Co. some time ago of Joel J. Plag in Guilford.

The family of Frank French in Hydeville is recovering from an illness caused by using arsenic of lead instead of baking powder. Mr. French bought a quantity of articles, flour and substitutes, baking powder and, among other things, a can of arsenate of lead. He told his wife to take care of the lead, but in some way she used it instead of the baking powder in preparing food to bake. A doctor had to be summoned, but all the family are recovering now.

Charles A. Harris of Brattleboro lost his seven-passenger Hudson touring car while his son, Fred, and daughter, Evelyn, were attending a dance at Paragon park, Nantucket beach, Saturday night. Mrs. Harris and daughter went to Boston to visit the son, who is at the naval aviation ground at the Massachusetts Institute of Technology, and it will when the party came from the dance hall that the car was found missing. Boston police are searching for it.

An automobile owned by J. E. Lambert of Boston and occupied by him and his family ran into and overturned a carriage with three occupants near North Londonderry Sunday, while the car was on its way from Manchester. Mrs. Bert Howe and two children of Peru were sitting in the carriage by the side of the road waiting for Mr. Howe, and the auto failed to turn out far enough to avoid hitting it. All were thrown out, one wheel was stripped off the wagon and the horse ran a short distance. Mr. Lambert offered to send a doctor and then it is alleged he made off without revealing his identity or getting the physician. Telephone messages resulted in his being arrested and he settled by paying \$55 damages.

208 BORROWERS.

Progress of the Federal Farm Loan System in Vermont.

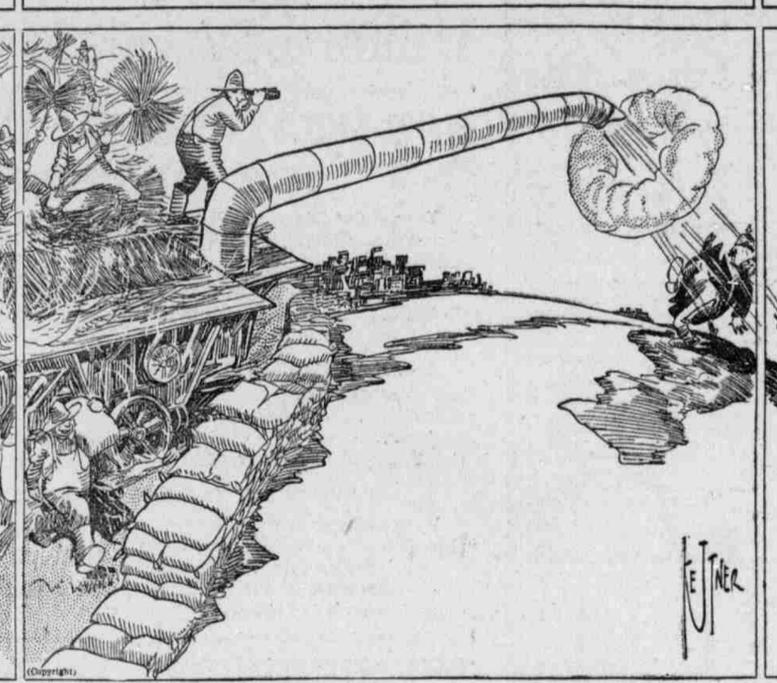

The Federal Land bank of Springfield has issued a statement summarizing the results accomplished by the operation of the farm loan act in the district served by the Springfield institution, namely, the New England states, New York and New Jersey.

That the benefit of the system appeals strongly to the agricultural interest is confirmed by the statistics embodied in the report, and justifies the conviction that this legislation will afford an excellent stabilizing influence to the field of rural credits generally.

Table showing progress of the Federal Farm Loan System in Vermont, listing states and loan amounts.

Persons desirous of obtaining information as to the farm loan system and methods used in granting loans should communicate with the Federal Land bank of Springfield, or with F. H. Abbott, secretary of the First National Farm Loan association, which operates in the counties of Washington, Orange and Lamolle.

BARRE LOST MOST HEAVILY

But Montpelier and Windsor Suffered the Highest Percentage in Polls.

The Brattleboro Reformer has prepared statistics which give the relative standing of the 11 large cities and towns of Vermont as regards their polls from 1916 to 1918. The actual number of polls in those places during 1916, 1917 and 1918 was as follows:

Table showing the number of polls in various Vermont cities from 1916 to 1918.

Taking the number of polls two years ago, in 1916, as a starting point, and figuring the gains or losses for one year, 1916-1917, and the gains or losses covering two years, 1916-1918, the results are found to be as follows:

Table showing gains and losses in the number of polls for various Vermont cities from 1916 to 1918.

For the past year alone, that is, the year 1917-1918, the gain or loss in the number of polls was:

Table showing gains and losses in the number of polls for various Vermont cities for the year 1917-1918.

Another way of showing the gains and losses, which perhaps gives a better idea than any of the others, has percentage for its basis. The following table shows the gain or loss to the nearest one-fourth per cent, the first two columns showing the gain or loss for the two-year period, 1916-1918, and the second two columns showing the gain or loss for the one-year period, 1917-1918:

Table showing percentage gains and losses in the number of polls for various Vermont cities.

RANDOLPH

Harlan Tolman, son of Rev. F. S. Tolman, a seaman now located in Boston, is passing a few days' leave of absence in town with his father. Monday he went to St. Johnsbury to visit friends for a short time, returning here for a longer stay.

Miss Madge Warren of Montpelier was the over-Sunday guest of Miss Carolyn Wright.

Three prominent men were arrested on Saturday by the police for disregarding the traffic rules of the state in regard to automobiles. In one case it was said to be on account of leaving their cars on the wrong side of the street and another because they did not turn to the right as directed by the signs.

Mrs. R. H. Ordway and her youngest son went to Lebanon, N. H., Monday to remain with her sister, Mrs. Morgan, till Wednesday.

Miss Annie Roberts of Pittsfield, Mass., after a short stay here with Mr. and Mrs. W. W. Sprague, left on Monday for her home.

Mrs. Nellie Baynes, a graduate nurse, who came from Highgate on Friday and has since been with Mrs. C. J. Rumrill, left here on Monday for Bennington, where she has a position in the Memorial hospital, where they have only graduate nurses for the present. This hospital, which is a good one, has only been opened for about a month.

Mrs. C. J. Rumrill left here Monday morning for Stratford, where she is passing some time this summer.

Mr. and Mrs. W. C. Emerson left on Monday morning for Lisbon, where Mr. Emerson has employment. They took with them on their return, Harold Chase and Kenneth Emerson, who went to spend a few days with them here.

Mrs. Wetmore and her daughter, who

have been the guests of Mr. and Mrs. F. H. Ketchum for the last ten days, have returned to their home in Daiton, Mass.

Mrs. Charles Martin of Brantree was a visitor in town Monday.

Mr. and Mrs. N. C. Buck and daughter, Iris Buck, went to Lebanon, N. H., Sunday and the latter remained over for two weeks' stay with her grandmother, Mrs. Estelle Buck.

Donald Salisbury and Carleton Jones went to Montpelier to consult with a visitor in town Monday.

Mr. and Mrs. John Ford expect to leave here next month and take up their residence in Northfield, where Mr. Ford has a business opening which is very promising. Mr. Ford has been a popular clerk in the E. A. Morse grocery store for a long time, and both Mr. and Mrs. Ford will be greatly missed in town.

Catarrahal Deafness May Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the "Tustachian Tube." When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by the mucous secretion. Hair's Catarrhal Deafness acts through the Eustachian Tube, and is cured by Hair's Catarrhal Deafness. Circulars free. All Druggists, 150, Toledo, O.
