### CHILE BRISTLES UP

Orders All Interned German Ships Occupied By Armed Forces

Santiago, Chile, Thursday, Sept. 26.—The Chilean government to-day ordered the naval authorities to occupy with armed forces all the interned German ships in Chilean harbors.

### The Diversi Fruit Co.

will open their new store in Miles' Block SATURDAY, SEP. 28

with fine display of Fruit, Cigars, Tobacco, Confectionery and Ice Cream. Come in and see us.

### Diversi Fruit Co.

158 No. Main St.

### IMPURE, WEAK BLOOD

Four-Fold Benefit From Two Great Medicines. There are conditions of the blood in which it is not only impure but also weak, thin and pale, deficient in iron. They are best treated with Hood's Sarsaparilla and Peptonin, taken in conjunction, one before eating and the other after. The medicines co-operate and supplement each other. Hood's Sarsaparilla purifies the blood and Peptonin strengthens or "ironizes" it—and they are so good a combination that to use both is to derive a four-fold benefit. In cases where laxative is needed Hood's Pills should be taken. They are gentle and thorough. Sold by all druggists.—Adv.

### CONFERENCE ON SCHOOL WORK

Supt. Hillegas Back from Washington, D. C., Where He Met Officials. Dr. M. B. Hillegas has returned from Washington, where he went on a conference relative to three matters in the educational department. The first of these was relative to installing a school for teaching the soldiers who come back to this country crippled from their efforts in France. It is proposed to start a school at Lyndonville as a part of the Vail school. The matter, when laid before the federal government officers, was received and it looks as though Vermont would be the first to start this system of teaching. She will only teach her own sons.

The second matter was that of a junior students' training corps. There are in the state many young men who cannot get into the colleges because of their lack of advanced studies, but they are as able to qualify for the military training that is being given in colleges as most of those going to the colleges this fall. It is proposed to start a similar course at the Vail school for these young men along similar lines to the instruction given in the military training camps. The war department has seen the force of it. Six states, including Vermont, have applied for authority to give this kind of training.

The third subject is one of which little is announced at present. It has to do with the remodeling of the boys' working reserve. The system will be changed, for it is found that boys who have not finished their education are being sent to go into war working industries to get more money. The new plan is to place them where they can use the training. The details are not yet worked out, but it is a part of a plan to be put in action shortly.

### WELFARE MEN NOT EXEMPT

Those with Y. M. C. A., K. of C., Jewish Welfare Board.

Washington, Sept. 28.—Only men 37 years of age or over, or those within the new draft ages who are obviously disqualified physically for military service, will be accepted for overseas duty by the war department commission on training camp activities and affiliated organizations. Chairman Foodick said men now working overseas with the commission and the Young Men's Christian association, Knight of Columbus, Jewish Welfare board, War Camp Community service and American Library association will be subject to draft call as if they were in the United States. There is "just one place for class 1 fighting men, and that is with the army at the front." He said that the war work organizations under his direction will not ask for exemption for a single man.

### FEW ACROSS ALPS

D'Annunzio, Italian Aviator, Reached Paris To-day. Paris, Sept. 27.—Gabriele D'Annunzio, the Italian aviator-aviator, arrived in Paris this morning in an airplane, flying from Italy across the Alps.

### VELES TAKEN BY SERBIANS

Important Bulgarian Base on Vardar River Has Fallen

GARRISON WERE TAKEN PRISONERS

Serbiens Are Approaching the Bulgarian Border

London, Sept. 28.—The city and fortress of Veles, one of the important bases of the Bulgarian forces in southern Serbia, on the Vardar river, has been captured by Serbian troops, the Serbian war office announced in a statement dated Friday.

The Serbian forces are pushing on from Veles toward Uskub. The troops defending Veles were taken prisoner. Serbian troops have reached Ratavistva, fifteen miles north of Uskub, and have advanced a considerable distance beyond Kociana, towards the Bulgarian border. The statement follows: "Our advance continued Thursday with excellent results. Our troops reached Ratavistva and have gone considerably beyond Kociana. "On the same day about noon, our troops entered Veles and captured the troops defending the fortress. They immediately continued their advance towards Uskub. "An enormous number of prisoners, mostly Germans, a huge quantity of war material, including several machine guns and three mountain guns, and other supplies have fallen into our hands."

### HARDWICK

Miss Hazel Cobb, teacher in Spaulding high school in Barre, is at home for a few days on account of the epidemic of Spanish influenza, which is raging in Barre. Mr. and Mrs. Alron Parks of Morrisville visited in town Friday. Mr. and Mrs. Karl Emerson of Montreal, P. Q., are guests of the latter's parents, Mr. and Mrs. C. A. Slapp, for a week. Miss Jeannette Slapp, who is teaching in Essex, was at home the latter part of the week and will remain over Sunday. H. F. Cummings is at home from his work in Boston. Mrs. Fred Engel and child left Friday for Chicago, Ill., where they will make their home. Mr. Engel having been called into the service. Mrs. Annie Pierce is visiting relatives in Calais this week. The pastors of the Congregational church were the scene of much happiness and merriment Friday evening, when the Good Hearted class of that church tendered Mrs. Karl Emerson a shower, the event being a complete surprise to the guest of honor. Patriotism ran rampant as was evidenced by the members of the different committees, who wore the regulation overalls and other regalia, but no men were allowed to be present we cannot give this event the proper notice. However, it has leaked out that the guest of honor was presented with several useful gifts and one or two other very suggestive presents. The evening was a riot of fun for all concerned. The social at the M. E. Church on Wednesday evening was a most enjoyable and well attended affair. The boy scout orchestra was in North Hyde Park Friday evening to furnish music for a dance. The campaign for the fighting fourth Liberty loan campaign opened this morning and indications point to a successful conclusion of the quota allotted to Hardwick. The merchants have been unusually liberal in the use of their windows for display purposes and some attractive displays are noted. By their bonds you shall know them if I buy, U beat U boasts. Patronize the boy scouts. The picture, "Over the Top," drew full houses at the Idle Hour theatre Thursday evening and Friday afternoon, de-

### HAPPY WOMEN

Plenty of Them in Barre, and Good Reason for It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, When she finds freedom? Many readers will profit by the following: Mrs. E. B. Lewerenz, 14 First street, Barre, says: "From my experience with Doan's Kidney Pills, I know that they are an effective kidney medicine. Last fall I began to suffer from kidney trouble, and as one of my relatives had been cured of this trouble by Doan's, I decided to try them. My back was so lame and painful I could not do any work that required stooping or lifting. After I had taken three boxes of Doan's I was relieved. I keep Doan's Kidney Pills in the house all the time; whenever I have the opportunity, I recommend them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lewerenz had. Foster-Milburn Co., Lf. Buffalo, N. Y.—Adv.

### RANDOLPH

Serious Fire at Salisbury Mill Was Narrowly Averted.

An alarm of fire was sounded on Friday night at about 6 o'clock, which proved to be at the Salisbury mill. A prompt response by the fire company resulted in averting a disastrous fire, and the blaze was soon extinguished. The fire caught over the boiler, and the damage will amount to quite a sum, much of this being caused from the water. Mrs. Fred Ladue, who has been here from St. Albans passing a few days with Mr. and Mrs. Joseph Ladue, left here Friday for Concord, N. H. Mr. and Mrs. G. A. Robinson of Erie, Pa., who have been passing several weeks here with Charles Washburn and family, left Friday for their home. Mrs. McCarthy of Essex Center came Friday to visit her sister, Mrs. Hill, who lives on Park street, for a few days. Miss Mabel Guyett, who has been in Whitehall, N. Y., for the last two weeks, visiting her father, returned home Thursday night. Mrs. Lyndon Thomas, after passing several days with her mother, Mrs. Edna Fairbanks, left here Sunday for her home in Salisbury, her husband coming to go home with her. Mrs. F. C. Angell went to Hanover, N. H., this week, having been called by the illness of her son, Wilmer Angell, who is suffering with the grip. Mr. Angell improved and his mother returned home the next day. Mrs. C. R. Steele left Wednesday for Camp Devens, where her son, Carroll Wadleigh, was ill with pneumonia, an illness case was thought to be critical. Miss Lillian Rye, who is now employed in the office of the Adams Express company at New Haven, Conn., has come for a two weeks' vacation here with her parents, Mr. and Mrs. E. P. Rye. Mrs. C. M. Donahue, a visitor here and in Salisbury, for the last two months, returned this week to her home in New Haven, Conn. Mr. and Mrs. A. Marzolini, Eugene, Alfred and Edmund Mazzolini, have been in for the past week with the grip. On Tuesday morning the fruit store was closed. Mrs. Frank Jones of Morrisville came this week, having been summoned by the death of her little niece, the daughter of Mr. and Mrs. Arthur Montgomery. Mrs. A. E. Bass and her daughter, Miss Elaine Bass, went to Auburndale, Mass., the first of the week, where the daughter will enter Lassell seminary. Mrs. Bass will remain in the city with friends for a week. Mrs. William St. Lawrence died at about 10 o'clock Wednesday morning after an illness of eight days with grip which developed bronchial pneumonia. It was thought that she was making a good recovery when her heart failed, and she died suddenly. Mrs. Bertha Scribner St. Lawrence was 37 years of age and till her marriage to Mr. St. Lawrence 17 years ago, lived in Bethel with her grandparents, Mr. and Mrs. Milo Goss. Since her marriage they have lived in town in the same rooms where they were at the time of her death. Deceased is survived by her husband and two sons, Fred, aged 15, and Eli, who is 14 years of age. The funeral was held from the house Friday afternoon and burial was in town. Owing to the prevalence of the grip or influenza in this place, it has been decided to postpone the King's Daughters' convention for a time, and the order has been given by the state president to that effect. It is said that there are a large number of cases of the distemper in town and the doctors are out all the time and have hardly time for anything. There are more than 100 cases in town, it is estimated. The 8th Vermont regiment will hold its annual reunion in connection with the reunion of the surviving members of Co. G, 8th Vermont regiment, at Randolph, Friday, Oct. 18. Only a half dozen commissioned officers, Lieut. Col. A. B. Franklin and five lieutenants and 200 non-commissioned officers and privates survive. Private Perley Terry of the medical department, Walter Reed hospital, Washington, D. C., is at the home of his parents, Mr. and Mrs. W. M. Terry, on a furlough and is now ill with the grip. Mr. and Mrs. F. S. Hewitt of Putney

### VOLUNTEERS AS NURSE

Miss Frances Stellman of West Brattleboro Goes to Boston.

Brattleboro, Sept. 28.—The Thomas Thompson trust of Boston has appointed Miss Frances Stellman of West Brattleboro to do school nursing and visit homes when necessary in a district comprising Vernon, Guilford, Halifax and Marlboro. Miss Stellman went yesterday to Boston to assist temporarily in fighting the epidemic of Spanish influenza. She has done school nursing in Idaho and at one time was a nurse in the Panama canal zone. In spite of the continued efforts of Jupiter Pluvius to keep the people away.

### Thousands of Children Have Worms

THEIR PARENTS DO NOT KNOW IT

Symptoms of worms in children are: De-ranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional griping and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red spots sticking out on tongue, starting during sleep, slow fever. Green people are subject to worms also. The one best remedy is Dr. True's Elixir, the Family Laxative and Worm Expeller. Also a pleasant, sure, safe laxative for children and grown folks. Mrs. Anselme Lamare, 29 State street, Sanford, Maine, wrote to Dr. True: "My daughter, Gertrude, had dizzy spells and could not even go to school. She always complained of being sick. She used your worm expeller (Dr. True's Elixir). She never had any fits since. I feel very grateful to you. Dr. True's Elixir can be used freely for both children and grown folks. Start taking it to-day.—Adv.

### Let Cuticura Care for Baby's Skin

It's really wonderful how quickly a hot bath with Cuticura Soap followed by a gentle anointing with Cuticura Ointment relieves skin irritations which keep baby wakeful and restless, permit sleep for infant and rest for mother, and points to relief in most cases when it seems nothing would help. Sample Each Free by Mail. Address post-card: "Cuticura, Dept. 7A, Boston." Sold everywhere. Soap 25c. Ointment 25c and 50c.

### PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit: watch the kidneys. The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes, look out! These sharp crystals tear and scratch the delicate urinary channels, causing excruciating pain, and set up irritations which may cause premature degeneration and often do turn into deadly Bright's disease. One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, high-colored or scanty urine, loss of appetite, indigestion or constipation. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. No other is genuine. In sealed boxes, three sizes.—Adv.

arrived here this week, having been called on account of the illness of G. L. Martin, their cousin. Mr. and Mrs. Hewitt are guests of W. E. Martin of Summer street for a few days. Eugene Menard has completed the mechanical course in the school of the New Hampshire State college at Durham, N. H., and has been assigned to Co. D, 212th engineers, Camp Devens, Mass. The Rochester club dance which was to have been held Friday night, Sept. 27, has been postponed to Oct. 10. Leon Eddy, who went to Camp Devens several months ago, is seriously ill at the hospital there with pneumonia, which developed from grip.

### VERMONT MUST NOT STOP FOOD SAVING

Recent Victories in War Theatres Must Not Cause Relaxing of Food Economy.

The recent triumphs of allied arms, however glorious and encouraging in themselves, must not be misinterpreted. The war is not over and an immediate victory is not assured. The great danger—and it is a danger—is that Americans will relax their efforts, especially their vigilance in food economy. It is imperative that strict conservation of all food must be rigidly maintained as long as the war lasts. There are now about 1,750,000 American troops in Europe and by next summer it is intended to have 3,500,000. This means that vast quantities of food supplies must be shipped from America in ever increasing quantities until "it is over there." Vermont people have responded enthusiastically to the requests of the United States food administration and now the government issues a warning that there be no slacking up of the conservation measures. A relaxing of vigilance will mean a longer struggle and longer casualty lists; a persistent adherence in economy of all food supplies will enable the allies to continue a vigorous prosecution of the war until the great cause of democracy shall have been won. There is no prospect of a proper ending of the war before the campaign of the summer of 1919. Food is ammunition and America is the last food resource.

### EAST BARRE

If you are thinking of having anything new in the millinery line, it will pay you to call at my parlors, as I shall sell all fall and winter goods at cost. Call early, as I expect to close my store Nov. 1 for the winter. Florence Whitcomb, East Barre.
