

Has Your Home These Three Essentials?

It is what you put into the home that makes or mars its home-like atmosphere.

You must have real necessities that contribute to comfort.

You must have harmony between the various pieces of furniture.

You must have quality, which means service, returned for the expenditure.

In all these points of service, this store is particularly able to render the utmost. Whether your needs be that of a single piece or that of completely furnishing the home, you will find it worth while to inspect what we have to offer.

And now that fireside comforts are so emphasized by the season, it surely is the time to make the living-room pleasant to live in. We have just the things that will enable you to enjoy this room — from reading lamp to card or smoker's table.

Ours is just as much a store for those who want to see nice things as those who come to buy — for we are proud enough of our goods to gladly show them.

TALK OF THE TOWN

There will be no meeting of the ladies of Clan Gordon this (Tuesday) evening on account of the epidemic.

The meeting of the women's home missionary society of the Hedding Methodist church has been indefinitely postponed.

Maurice B. White of Morrisville is passing several days with his parents, Mr. and Mrs. B. P. White of Maple Grove.

Oscar Slayton of East street has qualified as building inspector, following his appointment by the mayor and the confirmation by the city council.

The G. C. I. A. rooms will be closed until further notice. Anyone having any special business can call James Smart, 18 Forsythe place. Tel. 529-J.

Miss Ruth J. Adie, a student nurse in the Massachusetts General hospital, arrived in the city last night for a sojourn at her home on Franklin street.

Miss Marion Martin of Eastern avenue, who has been detained at home by illness, was able to resume her duties to-day in the governor's office at the capital.

O. H. Hale of the City Auction market, who had a bad spell on one of the traction cars yesterday, has so far recovered as to be able to resume the management of his business.

The funeral of Vincenzo Parnegoni will be held at 15 Pine street Wednesday afternoon at 2 o'clock. The place of Mr. Parnegoni's birth was incorrectly given in yesterday's paper. It should have been Gaggiolo, Italy.

Added to the circumstances which made necessary the introduction of young women as messengers, is the illness of Manager R. L. Hudson of the local Western Union office. The new staff of messengers still serves, but an operator is being supplied from Montpelier.

A new train schedule became operative to-day on the Central Vermont railroad, and while the changes are not numerous they are noticeable. The so-called midnight train leaves at 12:05 a. m., instead of 12:35, and the afternoon train over the M. & W. R. line leaves Montpelier shortly after 1 o'clock.

Byron C. Tillson of the Shady Hill neighborhood in Middlesex was in the city yesterday while returning to his home. Mr. Tillson has been spending the summer at Bath, Me., where he had employment in a shipyard. He will soon leave for Burlington, where he will resume his studies at the University of Vermont.

The director-general of the grip campaign has granted exemption in favor of the American Express Co.'s local office, and for the time being Agent George Marsh is trying to meet the demands of the public with less than half of his usual operating force. Patience on the part of the public will be greatly appreciated.

Notice to the members of the Independent Order of Foresters: Our regular meeting will be held the second Friday of each month in the Foresters' hall in the Northern block, as we have moved from the K. of C. hall in the Scampini block. The financial secretary's address is Nelson Larocbel, 12 Merchant street, J. C. Bombard, Rec. Sec.

No one having appeared to protest the proposed change, the board of license commissioners yesterday granted Paola Lucchina a permit to move his seventh-class license establishment, from 387 No. Main street, to the H. J. Smith block, to 355 No. Main street, in the G. Tomasi building. The place which Mr. Lucchina will occupy was formerly used by John Rosso as a barber shop.

If the "hello" girl at the central office seems a bit fagged when she gives you the number signal, or if she is slow in answering your call, do not be impatient. The central office is not immune from the malady that is rendering any kind of service good service in stores, offices and shops. A number of the girls are ill, and to assist in the emergency outside "hello" girls have been asked to assist.

Funeral services for the four-year-old daughter of Mr. and Mrs. Joseph Paris, who live near the spring house on the East Barre road, were held in St. Sylvester's church at Granville yesterday, the parish priest, Rev. Joseph Turcot, officiating. Interment was made in the new Catholic cemetery, St. Sylvester's, at South Barre. The child was ill but a few days, and her demise was due to the grip.

The body of Private Donald McMillan, son of Mr. and Mrs. Duncan McMillan, sr., whose death occurred at Camp Upton Sunday, arrived in the city early to-day. Funeral services will be held at his home, 7 Thurston place, Wednesday afternoon at 3:30 o'clock. Rev. F. L. Goodspeed, pastor of the Congregational church, officiating. Interment is to be made in the family lot at Elmwood cemetery.

The remains of Edward Leclair, a granite polisher, whose death occurred at his home in the A. Tomasi building Saturday, were taken over the Central Vermont railroad this morning at 8:25 o'clock to Essex Junction. Several of his brothers and other relatives accompanied the body. Funeral services in the Catholic church at Essex Junction were followed by interment in the family lot in the Catholic cemetery of that village. An investigation following the discovery of the man's body Sunday afternoon satisfied the authorities that death was due to natural causes.

Along Highball Lane, from Cherry Knob to Pale Ale Flats, the word went round last night that the board of health had decided to close all saloons and license establishments in the city, leaving only the seventh-class purveyors of beer and light wines to slake the thirst of a stricken city. It was an unpalatable bit of news for the old-timer who contends that Bourbon whiskey was the only reason why the well-known human race was not completely obliterated during the big grip epidemic of 1872. The board of health had gravely erred, it seemed. The rumor persisted until someone interviewed the license commissioners. They were not aware of the impending order, but later in the evening the board of health served a personal notice on every first-class licensee to close at 10 p. m. and remain closed during the rest of the week. If the Bourbon theory is not a fairy story, there's going to be a lot more grip in town.

Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchial croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.

Ask Gran'ma, She Knows!

Our grandmothers know that millions of people, children and adults, have worms, either in stomach or bowels. This trouble is just as frequent now as it ever was, but people don't know it. Ask Gran'ma—she knows!

Dr. J. F. True & Co., Auburn, Me., say: "I have always used your Dr. True's Elixir for my children, and they are all healthy and well to-day."

"I put great faith in your medicine and one of my children was dying. The doctor said she could not live until morning, and I ran out to the drug store, got a bottle of True's Elixir, was so excited I gave her the half of the bottle at once and at night I gave her the other half. I thought it either kill or cure, for the doctor says she is dying anyway, but she did not die. She went to sleep, the first sleep for a week, and the next morning she passed two worms, red in color, six inches long. The doctor came to see if she was dead, but he ran off pretty quick, as she was sitting in her chair eating a bowl of oatmeal and milk. That was twenty-four years ago and now she has a baby girl of her own, seven months old, who is also using the Elixir."

Take Dr. True's Elixir—give it to your child—The Great Family Laxative and Worm Expeller—Adv.
