

WATERBURY

Mrs. Ernest Armington Died Yesterday, Infant Daughter Two Days Previous. Emma, wife of Ernest Armington, died at her home at Duxbury Corner of pneumonia at 1 o'clock yesterday afternoon, an infant daughter dying two days previous. Mr. Armington, who is recovering from an attack of pneumonia, is able to be out. Emma Lillian Shonio was born in Duxbury 21 years ago, the daughter of Jesse and Lillian (Warren) Shonio. She was married to Mr. Armington four years ago and is survived by her husband, her little son, her parents and a number of sisters.

Mildred Holmes of the Lamoille hospital was called home by illness in the family. All are now better in the Holmes family.

Miss Della Shonio, who has been ill of influenza and pneumonia in St. Albans, has recovered sufficiently to come to the home of B. G. Webster on Blush hill.

News of the death of Herman Fisher Freeman in Massachusetts has been received. He was a son of the late J. O. Freeman and is survived by one brother, Homer Freeman, at the Center, also by his wife and daughter, Mrs. Lena Freeman and Miss Lillian, at North Duxbury. He had been away 12 years.

The body of Antonio Bacci, who died at a Burlington hospital, was brought on the noon train yesterday to Waterbury. He is survived by a wife and three children.

Because of extra work at the hospital, calls will not be sent in for volunteer nursing to Mrs. W. L. Wasson, president of the Red Cross, but to Miss Bertha Joslyn, who takes the calls for doctors at the office of Dr. H. D. Hopkins, phone 39. Although all precautions were taken to keep the disease out of the hospital, it crept in and several are now ill with the distemper, but in a very light form, and they are responding readily to treatment. Drs. Stanley and O'Neil are ill, and one of the medical students is helping out. Supt. Wasson remains all right, but he has his hands more than full, as since Dr. Allen went to Brandon the doctors have continued doing the work without anyone to fill his place, as a war duty. Mrs. Wasson is helping in the office. Miss Gabree and Miss Town of the office force being ill. The four children of Dr. and Mrs. E. A. Stanley are improving.

KNOW IT WELL

Familiar Features Well Known to Hundreds of Barre Citizens.

A familiar burden in many homes.

The burden of a "bad back."

A lame, a weak or an aching back

Often tells of kidney ills.

Doan's Kidney Pills are for weak kidneys.

Here is Barre testimony.

Mrs. William Rock, 17 Fareswell street, says: "I recommend Doan's Kidney Pills, as I found them an excellent remedy. I used them when I was troubled by dull pains in the small of my back. I had frequent dizzy spells, when everything turned black in front of me and I felt faint and weak. Two boxes of Doan's, which I got at the Red Cross Pharmacy, brought satisfactory relief."

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

They Come Out Strong For Phosphated Iron

Leading doctors all over the country are rapidly learning that one of the preparations they can always depend on for all blood and nerve troubles is Phosphated Iron, they have found that it gives results and can be depended upon. Phosphated Iron has proved a real red blood and nerve-builder to so many who are all run down and dragged out, due to lack of fresh air, exercise, good food and clogged poisonous blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves. Many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known.

There is no need of anyone going around tired out, all in, nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live man, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron today and start in right you owe it to yourself and friends to make just this one effort to regain health, strength and happiness.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-lives" Point the Way to Quick Relief

"I suffered for a number of years with Rheumatism and severe Pains in my Side and Back, caused by strains and heavy lifting.

When I had given up hope of ever being well again, a friend recommended "Fruit-a-lives" (or Fruit Liver Tablets) to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health.

the corn and cabbage separately in salted water until tender. Cut corn from the cob and chop the cabbage, not too fine. Scald in sweet spiced vinegar, such as you would use for pear or peach pickles, and can for winter use.

Your Soldier.

Miss Baker is one of the few women of the country who have no particular boy in khaki or blue—no one to be proud of, to worry about and pray for. She had never dreamed of thinking of all the soldiers as her boys.

That was why she could go from store to store and purchase all the sugar she wanted. She said frankly that there was no one in the trenches for her, and she wasn't going to put herself out to save sugar when she could get all she wanted by "going around a little."

But there are few Miss Bakers now. Even those women who have not kept the jeweled busy making service pins have come to realize that men stand in the mud and fight for them. It has taken a long time for people to feel personally responsible, to the extent of a clean plate and sugary tea, for the rations of a soldier.

Now people begin to see that they can actually send a man to France—not by recruiting, for the days of enlistment speeches are past, but by saving. It lies within the power of every citizen to provide space on a transport for a soldier.

Every ship sent to a distant port for food for the allies means soldiers kept in camp in America. But when food is shipped overseas from American docks, food saved bit by bit in American kitchens and dining rooms, then ships are sent straight across, and time is saved.

The frugality and carefulness of the United States can keep the ships of the allies playing steadily across the Atlantic. The savings of a civilian may transport a soldier—his soldier—in very truth.

Using All of the Meat.

Wherever there are meat markets which sell hearts, livers, kidneys, tongues, sheeps' heads, calves' heads, brains and sweetbreads, the housewives of the community should make it a point to purchase and use these. These recipes are for the use of such products and conform well to principles of general economy laid down by the United States food administration.

Wash a calf's heart, remove veins, arteries and clotted blood. Stuff with bread crumb stuffing or cold rice seasoned highly with sage, and sew. Sprinkle with salt and pepper, roll in flour, and brown in hot fat. Place in small, deep baking pan, half cover it with boiling water, cover closely and bake slowly two hours, basting every 15 minutes. Add more water if necessary. Make gravy with liquor left when heart is done.

Wash calves' hearts, stuff, skewer into shape, lard, season with salt and pepper, dredge with flour and saute in pork fat, adding to fat one stalk celery, one tablespoon chopped onion, two sprigs parsley, four slices carrot cut in pieces, half the quantity of turnip, a bit of bay leaf, two cloves, and one-fourth teaspoon pepper corns. Turn hearts occasionally until well browned, then add one and one-half cups brown stock, cover, and cook slowly one and one-half hours. Serve with cooked carrots and turnips.

Calf's Heart with Vegetables. Wash calves' hearts, stuff, skewer into shape, lard, season with salt and pepper, dredge with flour and saute in pork fat, adding to fat one stalk celery, one tablespoon chopped onion, two sprigs parsley, four slices carrot cut in pieces, half the quantity of turnip, a bit of bay leaf, two cloves, and one-fourth teaspoon pepper corns. Turn hearts occasionally until well browned, then add one and one-half cups brown stock, cover, and cook slowly one and one-half hours. Serve with cooked carrots and turnips.

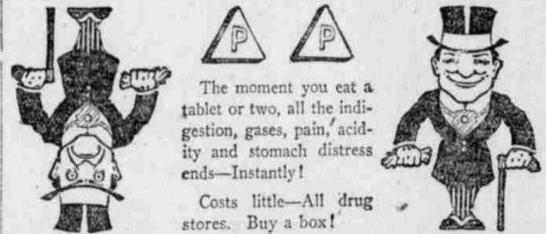

Calf's Head in Terrapin. Wash and clean a calf's head, and cook until tender in boiling water to cover. Cool and cut meat from cheek into small cubes. To two cups meat dice add one cup sauce, made of two tablespoons fat, two tablespoons flour, and one cup of white stock, season with one-half teaspoon salt, one-eighth teaspoon pepper and a few grains cayenne. Add one-half cup rich milk and yolks of two eggs slightly beaten; cook two minutes and add two teaspoons Worcestershire sauce.

Fresh honeycomb tripe is best for broiling. Wipe tripe as dry as possible, dip in fine cracker dust and olive oil, or other vegetable oil, draining off oil, and again dip in cracker dust. Place in a greased boiler and broil five minutes, cooking smoother side of tripe the first three minutes. Place on a hot platter, honeycomb

side up, spread with a little butter and sprinkle with salt and pepper. Lamb's Kidneys. Soak, pare, trim, and slice six kidneys. Sprinkle with salt and pepper, saute in a little fat and remove to a hot dish. Cook one-half tablespoon finely chopped onion in a little fat until brown; add three tablespoons flour and pour on slowly one and one-half cups hot stock. Season with salt and pepper, strain, add kidneys, and a little Worcestershire. Dorothy Dexter.

WHY WORRY ABOUT SUGAR Grape-Nuts is not only nearly solid nourishment but is rich in sugar developed from its own grains in the making. This feature, absent in the usual prepared cereal, not only saves the use of sugar but provides food material especially adapted to the cooler weather of autumn. "There's a Reason" for Grape-Nuts
