

WAITSFIELD

Obituary of Alice Folsom, Who Died Oct. 20 of Pneumonia.

As the new day was beginning, Oct. 20, death again took its toll and the life of Alice Folsom passed into the beyond.

She was born in the town of Somerville in Waterbury, where she had made her home for more than two years.

Several years ago she united with the Congregational church of Waterbury and her untiring efforts there, especially in the Christian Endeavor work, will not soon be forgotten.

The body was embalmed and brought to her old home on Monday. Due to the prevailing condition, only a prayer was given at the house, but the usual burial services were held at the Congregational cemetery at Waitsfield, on Tuesday afternoon.

Many were hindered from attending the funeral but some of those from out of town were Mrs. Grant Russell, Mr. and Mrs. Max Ayers, and Mrs. Boicourt and daughter, Jane, of Waterbury, as well as Mr. and Mrs. John Folsom of Middlesex.

Mr. and Mrs. Thomas Neill and Clayton, together with Stephen Stewart and son, are all sick at Thomas Neill's. Mrs. Neill has been assisting at Burt Neill's and presumably the disease was contracted there.

Mr. and Mrs. Moses Long arrived in town Tuesday, accompanied by their daughter, Mabel. Mrs. Long came to care for her daughter, Mrs. Ernest Griffith, who is still very sick.

Mrs. Clara Miller came to Waitsfield for a rest, but after only a few days' stay was called by her daughter, Margaret, at Lake Placid, who is sick with pneumonia resultant from influenza.

News from Mrs. Briggs is that he was much better and expected to be back with the boys a few days after his letter was written, Oct. 5.

Carl Long and Gerald Stokes, who left Waitsfield Monday morning on the former's motorcycle, arrived at 11:30 that night in Mechanicville, N. Y.

A letter from Leon Joslin states that he arrived in Washington, D. C., passed the physical examination and is now a member of the U. S. Army.

John Buzzell is improving, but Lena May is now quite sick.

Card of Thanks. We wish to extend our heartfelt thanks to all neighbors and friends who so lovingly gave their assistance, flowers and sympathy at a time when these meant so much.

Mrs. George Folsom, Mrs. Ellen Place, Mr. and Mrs. C. W. Strong, Mr. and Mrs. R. W. McAllister, Mr. and Mrs. John Folsom, Mr. and Mrs. Charles Folsom, Dan Folsom, Mr. and Mrs. Tom Meluron, Mr. and Mrs. Hugh Carpenter, Miss Louise Folsom, Miss Genevieve Folsom.

BETHEL John Byron Morse, the 10-year-old son of Mr. and Mrs. Morse, succeeded Wednesday in driving a milk into the cellar. He then called Lawrence G. Holbrook, who was at work near, and went to the house to get a gun. Mr. Holbrook did not wait for the gun, but caught the animal with his hands, one of which bit fiercely, and would not let go. The milk was choked, and then its jaws had to be pried open. The bite, though a vicious one, has had no serious results.

Donald Arnold has been promoted to the rank of corporal after a few weeks' training at Camp Levens.

PLAIN QUESTIONS

TO BARRE PEOPLE

Every Barre Reader Will Admit the Soundness of the Logic.

Would Barre people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have elapsed if their experiences did not show the remedy to be deserving of it?

Geo. W. Lander, cigar manufacturer, 92 No. Main street, Barre, says: "My back began to bother me some ten years ago. I used a box of Doan's Kidney Pills and they strengthened my kidneys."

Steadfast Confidence. On November 8, 1916, Mr. Lander said: "I still have the same good opinion of Doan's that I had when I last recommended them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lander had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

FRUIT-A-TIVES—The Wonderful Fruit Medicine—Greatly Helps To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported.

Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by care and personal hygiene". Plenty of exercise should be taken; the diet should be regulated.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry, especially those whose "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

"Fruit-a-tives" keeps the skin active, and purifies and enriches the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound digestion, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

DRUGGISTS !! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January—Last Week's Orders Called for One and Three-Quarter Million Jars—To-day's Orders Alone Amount to 932,459 Jars.

Big Shipments Are En Route to Jobbers—Until These Arrive, There May Be a Temporary Shortage—All Deals Postponed—Buy in Small Lots Only.

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED.

On October 1st we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient VapoRub to last us, we thought, until January 1st, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish influenza hit us—and in the last 10 days this stock has vanished. At first we thought the tremendous demand would last only a few days, but the orders have run: Wednesday, Oct. 16—18,654 doz. Thursday, Oct. 17—25,323 doz. Friday, Oct. 18—39,256 doz. Saturday, Oct. 19—45,833 doz. Monday, Oct. 21—77,705 doz.

Up to Saturday, October 19th, we have actually shipped for this month \$400,284.10, or over two million jars of VapoRub.

THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY.

Most of this tremendous quantity is still enroute to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before this is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO.

Last Saturday we notified all of our jobbers, by special delivery, as follows: 1st—Needs and quantity shipments of kinds are cancelled. Fill no quantity orders of any kind, whether taken by our salesmen or by your own. Sell in small lots only.
