Moses Forrest of Montpelier, who was locked up on an intoxication charge yesterday, appeared before Magistrate H. W. Scott in municipal court this morning and admitted the subsequent offense. He disclosed on a man named Bouchard and then decided to accept the alternative jail sentence when the court imposed a fine of \$15 and costs.

The case of State vs. James Grogan, charged with burying a dead body without a permit, which was set for a hearing in municipal court this morning, continued by Judge H. W. Scott until Nov. 26. The respondent has retained J. Ward Carver, who was unable to be present in city court to-day because of an engagement in county court.

Among the guests arriving at Hotel Barre last night and this morning were the following people: Mr. and Mrs. C. E. Foster of Cambridge, C. D. O'Leary of St. Albans, T. B. Garvey and John A. Wolfe of Burlington, W. B. Ladd of Bradford, E. M. Savage of Manchester, George E. McLeod of Burlington, L. E. Newton of New Haven, E. V. Schourie of Coniston, N. Y., R. W. Stevens of Springfield, L. L. Martin of Hancock. His death in France adds another gold star to the service flag which students of the seminary unfurled last spring in the chapel. At Goddard he was prominent in student activities. He was the only child of Mr. and Mrs. Martin.

TALK OF THE TOWN

"Hands Up," Bijou to-morrow.—adv. Deputy game wardens who make Barre their headquarters during the hunting season, are quoted as saying that the illegal killing of does is liable to be larger than ever this year. One deputy who traverses a large area of hunting ground in another part of the county last week was almost astounded to see the evidences of doe slaughter that accumulated during his hikes. Thus far few of the offenders have been detected. The scarcity of male deer is given as the principal reason for so many illegal killings.

War music combining the martial strains of the allies as much as war movies accounted for well pleased audiences at the Park theatre yesterday, when matinee and evening productions of "Hearts of the World" claimed the attention of many. It was another film play of D. W. Griffiths, whose "The Birth of a Nation" opened the theatre several seasons ago, but the crowds which witnessed that spectacular screen drama were not more than those of yesterday. War movies usually call to mind pasteboard soldiers, quaker canon and fake backgrounds that are located in somebody's back lot south of Los Angeles, but the setting of a sublime tragedy, the greatest war in history, is used as a background for "Hearts of the World." Much of the atmosphere is furnished by some of the finest orchestral music ever heard in the city. Only the pillars which hold the gallery remain unmoved in the more convincing scenes of the film.

First steps toward eradicating a nuisance that has long obtained in the region just north of the South Main street bridge were taken this morning when Grand Juror William Wisbart caused to be arrested Americo Polli and John Xatz, alleged members of a gang which has been making a lot of trouble for pedestrians in the south end neighborhood. The specific offense set up in the complaints served by Chief Sinclair allege that Polli and Xatz, among others, committed a breach of peace on Giuseppe Ambrosini. A third lad, whom the police interviewed, is under 16, and will be arraigned in juvenile court. When brought before Magistrate H. W. Scott in municipal court the respondents pleaded guilty and their cases were continued to Thursday, bail of \$50 being furnished in each case. The police have received numerous complaints centering around the south end gang. One of them concerns the claim that the gang, upon seeing a lone pedestrian approaching at night, will lay down a barrage of vegetables before assailing him in person.

BARRE GRANITE SELECTED For Imposing Monument in Syracuse, N. Y., for 15 Killed in Explosion.

Barre granite has been selected as the stone to be used in erecting an imposing monument in Syracuse, N. Y., to the memory of 15 men and women who gave their lives in the war. They are not of the hero dead who laid down their lives in France, but they are, nevertheless, a part of the great sacrifice made on the industrial field here at home. That is the attitude taken by the Salvay corporation, which has designated the native stone in its project to commemorate the unidentified dead in an explosion which caused the deaths of many munitions workers in Syracuse not long ago.

The contract for the memorial has been awarded the Hinman-Boynton Granite Co. of Syracuse, and the work is to be done by the Cook & Watkins Granite Manufacturing Co. Light Barre granite is to be used, and the monument will be delivered at an early date. At the center, the memorial attains a height of 11 feet, and extending wings make an aggregate length of 19 feet. All hammered work is specified in the blueprint. The dimensions of the die are 8 feet, 5 inches, by 1 foot, 8 inches, and 8 feet, 9 inches. Each of the two wings is to have dimensions of 2 feet, 9 inches, by 1 foot, 8 inches, by 10 1/2 inches. Each wing is surmounted by an artistic urn, 1 foot, 10 inches, by 10 1/2 inches. The base measures 10 feet by 5 feet, 7 inches, by 1 foot.

Incised Roman letters are to be used and on the face of the die there will appear a bronze wreath, with palm leaves. The unidentified victims of the explosion which wrecked one of the Salvay corporation's plants were working overtime that the fighting men over there might be adequately supplied with the sinews of the war, and it is the purpose of the employers to perpetuate their sacrifice in the most enduring stone available.

"MARSEILLAISE" IN BERLIN. Heard for First Time as Played by a German Band.

Berlin, Thursday, Nov. 14 (via Amsterdam).—(By the Associated Press.)—For the first time since the founding of the German empire the "Marseillaise" was played by a German band heading a procession down Unter den Linden to-day.

Recent indications are that saner counsils will dictate governmental policy in Germany. The convening of the constituent assembly is being urged in diplomatic and political quarters not identified with the present cabinet on the sole ground that it will facilitate peace negotiations.

It is believed that Hugo Maase, secretary for foreign affairs and Wilhelm Dietman, secretary of demobilization transport, justice and health, are receding from the attitude that the new republic is to be purely socialistic. The more moderate members of the government are not disposed to rigidly exclude bourgeois elements from the government. Dr. Karl Liebknecht, the leader of the radicals, apparently is deserted by his former colleagues.

Secretary Haas said to-day: "At present we are devoting our efforts solely to urgent questions. Every hour produces new problems."

As a result of an attack on police headquarters and resistance by the police to soldiers, sixteen members of the police force have been executed. The police complained that they had been kept in ignorance of the progress of the revolution by higher officials, who deserted or hid when the headquarters were attacked.

MARRIED HALF CENTURY.

Mr. and Mrs. Horace Gillilan of Barre celebrated an Anniversary.
