IDENTIFICATION DOUBTED.

Burlington, Nov. 27.—It is possible that the Lieut. Perry Aldrich who is reported to have died of wounds in France on Oct. 28 is not the Lieut. Perry Aldrich who was graduated with the class of 1915 at the University of Vermont. A letter received by his father at Essex Junction bearing the date of Oct. 21 says: "Another aviator bearing exactly the same name and rank as mine has been wounded over here." Monday Dean J. L. Hills received a letter from his son, Lieut. T. L. Hills, which said: "Last Wednesday I rode out to an aviation camp about two miles beyond the city and saw Perry Aldrich out there. It seemed so good to see him. He promised me a safe ride in the air the next day and events looked good for a chance to fly, but the next day we went away."

Try This to Banish All Rheumatic Pains

People who have been tormented for years, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed—it brings in a few days the relief you have prayed for. It attacks the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears. It is a harmless and inexpensive remedy, but sure and certain, because it is one discovery that subdues rheumatism and restores to health and vigor. Begin the Rheuma treatment to-day, and if you do not get the joyful relief you expect, your money will be returned. E. A. Brown & Co. always has a supply and guarantees it to you.—Adv.

A New Kind of Thanksgiving

YOU'VE never seen just such a Thanksgiving Day as you'll have this year; you've never had so much to be thankful for, no matter what you've gained or lost in the past months.

This time Thanksgiving ought to be more than an expression of our personal gratification; it ought not to have any cloud of personal loss.

Let us give thanks that the world is being made safe for Liberty, for freedom of conscience, for political restoration of the peoples of Europe.

The greatest era has dawned; the greatest events of history are now moving.

We can be thankful that we have enough to eat; a good many people whose hunger is as real as ours, haven't enough.

Let us be thankful, too, for the brave men and women who have given all they have to winning the triumph of Liberty; those who may return to us; those who have laid their lives down.

Let us consecrate ourselves to the great cause of international brotherhood.

RANDOLPH

Mrs. L. S. Cleveland left on Tuesday for Boston, where she will pass several weeks with her daughter and family, Mr. and Mrs. H. A. Skinner.

The Randolph grange held their meeting on Saturday night with a good attendance, it being the annual meeting. The annual reports were given to the satisfaction of those present, after which the following officers were elected: Master, O. N. Gates; overseer, George Slaek; lecturer, John L. Hutchinson; steward, George Dukette; assistant steward, Elias Gates; chaplain, Mrs. Genie Carrigan; gate keeper, Robinson Heath; Ceres, Mrs. Gates; Pomona, Mrs. Curran; Flora, Miss Kate Connolly; lady assistant steward, Miss Iris Flint; pianist, and choir director, Miss Pauline Hutchinson; march director, Mrs. Mildred Temple; press correspondent, Mrs. Genie Carrigan. It is expected that these officers will be installed the first meeting in January by Miss Kate Connolly, who has been appointed installing officer. Following the election a baked bean supper was served by John L. Hutchinson and his helpers. The grange at the present time is in a good condition.

Mrs. C. E. Root has received news that the regiment in which her son, William Blanchard, was a member, is expected to arrive at New Haven, Conn., in the near future, and if this report is confirmed, she expects to go down to meet him on his arrival. Mr. Blanchard has been across for nearly a year and a half, having been exposed to much danger during the time he was engaged in stretcher duty.

Farm Bureau Conducts Packing School. Forty-eight students attended a fruit packing school conducted by the Nevada County Farm Bureau in the building of Valley, Cal., when pears first began to ripen. Although it was difficult to secure enough pears for that number of students, due to the lateness of the fruit crop this season, the school was a success, and fruit growers of Nevada county feel that they will have sufficient help to harvest their pear crop. Five of the students were hired immediately upon the close of the school.

GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs WITHOUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place. I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of over-stoutness, such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany over-stoutness. My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat. You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take. If you are over-stout do not postpone, but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

Mr. Motorist: Winter Storage

Your battery is an electro-chemical combination. If your car is laid up for the winter the battery should be put in storage. We recommend that it be put in expert hands.

WET STORAGE. By wet storage is meant keeping the battery in a dry place, just as it is, charging and watering it about once a month. If the battery is not kept charged, it will sulphate.

DRY STORAGE. In dry storage the plates are taken out of the acid. The chemical action is suspended. Therefore, the useful life is lengthened for you. It is obvious that in Wet Storage the charging and discharging is naturally aging your battery without doing the equivalent in work.

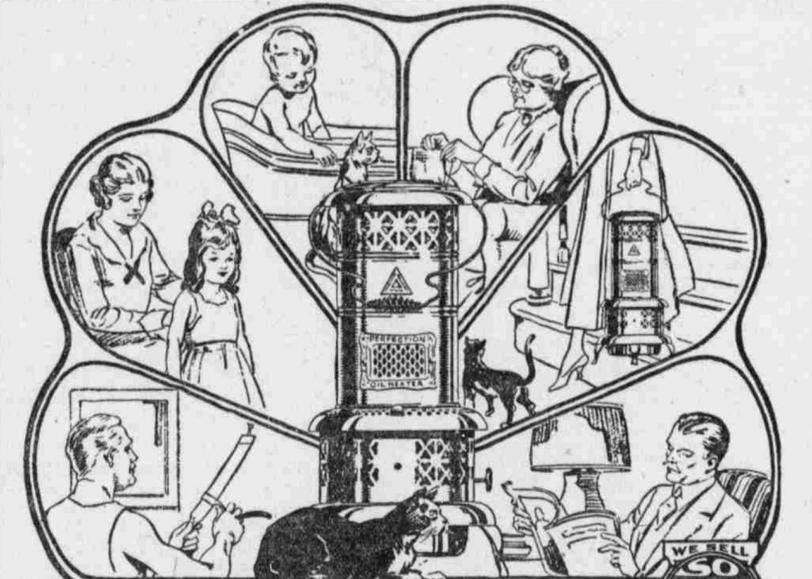

Dry Storage is therefore best. As the battery must be completely disassembled for dry storage, battery experts must do this. We are equipped for this work and will keep your battery in dry storage over the winter. It will be ready for you in the spring with new wooden separators which must be replaced. Call or 'phone us.
