

AMERICAN TROOPS REACH RIVER RHINE AND ALSO TAKE OVER AIX-LA-CHAPELLE; BRITISH PUT DOWN DISORDER IN COLOGNE

General Pershing Reported to the War Department in Washington That His Army of Occupation Is Now Established in Position on the Rhine from Rolandseck to Brohl

AMERICAN FORCES HAVE ENTERED MAYEN, TOWN NEAR COBLENZ

FRENCH ENTERED AIX WITH THE AMERICANS

German People Are Informed That the Armies of Occupation Desire the Restoration of Business

Washington, D. C., Dec. 10.—The American army of occupation marching into Germany has reached the Rhine. General Pershing under date of last night reported: "The American 3d army continuing its advance into Germany to-day reached the Rhine from Rolandseck to Brohl, and at nightfall was on the general line: Rolandseck-Brohl-Wassenach-Munstermaifeld-Rheinböhlen."

BIG WELCOME IN STRASSBOURG.

French Officials and General Pershing Loudly Acclaimed.

Strasbourg, Monday, Dec. 9.—Strasbourg's welcome to President Poincare, Premier Clemenceau and other official representatives of the French government took on a more popular aspect this afternoon, following the formal ceremonies of the morning.

AMERICANS IN MAYEN.

London, Monday, Dec. 9.—American forces entered Mayen, near Coblenz, on Friday. This was reported by the Wolff bureau of Berlin as an entry into Mayen. The Wolff bureau reports that newspaper representatives at Treves called at American headquarters there on Dec. 4 at the request of the American commander. They were told that the Americans wished to avoid interference with the liberty of the press and the public generally and assured that there was a desire that matters should remain normal in the city.

IN AIX-LE-CHAPELLE.

French and American Troops Officially Take Over German City.

Cologne, Saturday, Dec. 7.—French and American troops officially entered Aix-la-Chapelle to-day and took over the occupation of that German city from the Belgians. Allied flags were flown in the Frederick William place, where the allied generals assembled to take the salute of the troops.

ORDER IN COLOGNE.

British Troops Said to Have Settled Conditions.

Cologne, Saturday, Dec. 7 (By the Associated Press).—Order has been re-established in Cologne as the result of the arrival of an advance guard of British troops. According to Burgomaster Adnauer, the rising was due to the inability of the poor to obtain food and clothing, owing to the scarcity of these necessities. He thought there was little reason to doubt, however, that the trouble also was due in part to the freshly incited bolsheviks among the populace that it was needless to work any longer. With the removal of the restraint exercised by the presence of the German troops, the overwrought nerves of the people seem to have given way and they went out to take forcibly what they were unable to buy.

"Remember the flu and what the hospital did for you" is the ingenious slogan originated by a Spaulding student for one of the innumerable hospital posters which are decorating store windows in Barre. The message probably has gone home to a larger audience than the youthful artist ever intended, for during the shop-to-shop canvass which was conducted in the granite manufacturing plants to-day many of the donors are men who recall with the deepest gratitude what the hospital meant to them in the recent epidemic.

With the co-operation of the manufacturers, the first canvass of the week started off with a rush. By noon a large number of pledge cards had been signed and returned, but members of the campaign committee were unable to determine the total amount subscribed. A definite statement, however, will be forthcoming as the campaign progresses. To-morrow a drive similar to the canvass conducted to-day will be inaugurated among the quarries on Millstone hill. The quarry owners have gladly assented to the request of the committee that their employees be permitted to sign the pledge cards, and a thoroughgoing canvass is to be the result. The first drive will take the form of a house-to-house canvass Friday, Dec. 13, when well-seasoned teams, one to every ward, will begin early in the morning to cover the territory assigned them. Enough has been signed of the financial condition of the City hospital, and if the community fails this most essential institution, it will be the first time since the initial appeal for assistance was made away back in the crazy days when the hospital, with inadequate facilities and in cramped quarters, was trying to fulfill its mission in Barre.

To-morrow a Canvass Will Be Made at the Quarries—Goose Green Fund for Hospital Is \$2,016.30

Announcement was made to-day of the final tabulation of returns from the Goose Green benefit last week. Treasurer W. G. Reynolds submitted figures to show that the total receipts were \$2,016.30. From this sum \$450.00 was deducted for expenses, leaving \$1,566.30. Of the remainder \$110.74 proceeds of the refreshments sold at the busking, has been given to the hospital ladies' aid society, leaving a balance of \$2,016.30, which yesterday was turned over to the hospital. The advance sale of tickets netted \$1,940.30, while tickets sold at the door brought \$121.

It is the second supplementary agreement to be reached since the bill was signed in 1915. According to the contract, it will continue until the original bill expires March 1, 1920. Every granite manufacturing concern in the Barre district is governed by the revised, the territory embracing Barre, East Barre, Williamstown, Montpelier, Northfield, Montpelier and Waterbury. Fixing the new minimum at \$5.52 means that granite cutters, polishers and tool sharpeners receive an increase of nine cents per hour, or 72 cents per day. Tool sharpeners on piece fees, under the new agreement, are to receive 38 cents per man per day. Of more than passing importance is the scale arranged for apprentices. After Jan. 1, the following schedule will be in force: Granite cutter apprentices, \$1.90 for the first six months, \$2.10 for the second six months, \$2.30 for the third six months, \$2.60 for the fourth six months, \$2.90 for the fifth six months, \$3.25 for the sixth six months; polisher apprentices, \$2.30 for the first six months, \$2.50 for the second six months, \$2.90 for the third six months, \$3.45 for the fourth six months. The granite workers were represented in the negotiations by a committee consisting of Henry Alexander, James Cruickshank, John Frontini, J. Geals and Andrew Mitchell. The personnel of the States hospital manufacturers' committee was: James T. Marston, H. J. M. Jones, George Straiton, Robert Q. McDonnell and Alexander Duncan.
