THINGS OF PAST

New Hampshire Man Disabled by Exposure Arrests Decline With Blood Purifier.

When you are ill and losing weight, failing in strength and growing pale and sallow day by day, it is an indication that you need more blood.

A remedy that arrests the decline in health and strength, that begins to restore the weakened muscles and strengthen the nerves, demonstrates at once to the patient himself that the anemia is being overcome and that rich, red blood is now helping him to fight off rheumatism, sciatica, lumbago and a number of other diseases to which the victim of thin blood is liable.

Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitations, color returns to cheeks and lips.

Nothing more is needed except sunlight, good air, proper food and rest.

Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality.

Healthy Mothers Healthy Babies

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition.

Public Is Warned Against Taking Substitutes For Nuxated Iron

Physicians Below Say That Ordinary Metallic Iron Preparations Cannot Possibly Give The Same Strength, Power and Endurance As Organic Iron—Nuxated Iron

United States Judge Atkinson Gives Opinion

Careful investigation by physicians among druggists and patients has revealed the fact that there are thousands of people taking iron who do not distinguish between organic iron and metallic iron.

Therefore, physicians mentioned below, and these physicians who feel the need of a strength and blood builder to go to their families, advise to obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist.

United States Judge G. W. Atkinson, of the Court of Claims, Washington, D. C., says: "It is without hesitation that I recommend Nuxated Iron to persons who in the stress of physical or mental labor have permitted the system to become debilitated, the body exhausted or the nerves run down."

It is surprising how many people suffer from iron deficiency and do not know it. If you are not strong or well, you owe it to yourself to make the following tests.

Goldine Worth More to Me Than My Farm, Says Helmer

"I had rheumatism so bad in my arms and legs that I couldn't walk. I couldn't milk the cows or do any chores about the farm, and had to pay a man \$2 a day to do this work for me."

"When my sister died, they had to carry me into the house to the funeral. At meal time I would crawl to the table on my hands and knees, and my wife would help me into a chair and swing my legs around so I could eat. I heard of Goldine and began taking it about two months ago."

"I wouldn't take a thousand dollars for the help I got; I would rather give up my farm than to go back to the condition I was in before taking Goldine. It is the greatest medicine I ever saw."

"I haven't taken any Goldine for a month and am working every day. It has knocked the lameness out of me for good, and I am just happy to tell you about it, and for a chance to help others. Every one should know about Goldine, for it is a shame to let people suffer as I did without telling them how to get cured like I am."

Montpelier Man Endorses Goldine

Mr. Charles Andrus—you know him—the stable man who lives at 122 Main street, said: "For 10 years I suffered from rheumatism in my shoulders and hips. I doctored a lot and took many different remedies before I heard of Goldine. I was so bad that it was hard for me to do my work, and it was affecting my kidneys. I had to get up three or four times a night, and the urine would burn me. I also would get puffy spots below my eyes, and felt weak. I never found anything like Goldine before. I work at the Union House stable. You can send anyone over there who would like to know about Goldine, and I will tell them."

Goldine is sold at Cummings & Lewis' Drug Store, Barre; Rivers' Drug Store, Montpelier; British & British, Waterbury; and George C. Sanborn, Northfield, Vt. Price, liquid, \$1.15 per bottle; tablets, \$1.00 per box; Laxatives, 25c per box. Please state disease when ordering by mail. Call and talk with your friends who are using Goldine. They can tell you it's good.—Adv.

Make Yourself Fit
