Seems Just As If the Clock Went Backwards For Me, She Says

Mrs. C. C. Andrews, of 77 Barre street, Montpelier, Vt., says: "I suffered for six months with stomach trouble and nervousness. I was dizzy and short of breath and had palpitation of the heart. I was bloated and my kidney troubled me. But the worst part of my trouble was the way it affected me. I would always wake up just at midnight every night, and I could never get a good night's sleep. It seemed just as if the clock went backwards for me. I woke up when other people were going to bed."

In these reconstruction days men and women leaders are needed who literally have "iron in their blood." Pepton combines iron-nux-pepsin in true medicinal form. Gives strength of iron to the blood, nerves and digestion, freshens the complexion, reddens pale cheeks, gives the good-cheer of health, reduces danger from colds and exposure. Remember the name, Pepton.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears and Hair Stops Coming Out

Surely try a "Danderion hair cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderion and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, luster and luxuriance.

Besides beautifying the hair, one application of Danderion dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderion is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a small bottle of Knowlton's Danderion at any drug store or toilet counter and try it as directed.—Adv.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Weyth's Sage Tea and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance, which is so attractive.—Adv.

Eggs Are Cheaper, Butter Very Firm and Increase in Price Expected.

HELP!

You may be able to defend yourself from a frontal attack, but how about it if you are held up from the rear?

Your body has to fight constantly against disease. It isn't always a fair fight, because constipation is a treacherous enemy that you usually don't recognize until too late.

Stagnating, poison-forming food waste in your large intestines, helps disease to attack you and hinders you from defending yourself. Such self-poisoning causes over 90% of human illness.

You may be held fast for months in the grip of constipation, trying vainly to free yourself by taking castor oil, pills, salts, mineral waters, etc., in order to force the bowels to move. Not only will the constipation grow worse with the continuance of such remedies but you will be less able to defend yourself against the attack when it comes.

On the other hand, Nujol overcomes constipation and brings about the habit of easy, thorough bowel evacuation at regular intervals. It acts gently and harmlessly, at all ages under any conditions.

Take Nujol and constipation can't sneak up on you and cripple you when you least expect it. Get a bottle of Nujol from your druggist today and write for free booklet "Thirty Feet of Danger."

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All druggists. Insist on Nujol. You may suffer from substitutes.
