RELIEVED RHEUMATICS ENTHUSE ALL LOUD IN THEIR PRAISE OF "NEURONE PRESCRIPTION 99"

A working man buying a bottle of "Neurone Prescription 99" was asked how it was helping him. "Helping me," he replied. "Why, there is nothing on earth like it. You don't know how my poor swollen, stiff joints and muscles pained and burned. I was nearly crazy with suffering and the worry of losing so much time and pay."

Potatoes for Seed!

The short season last year gave us a large proportion of potatoes too small for the Number One grade. We delivered the Number Ones and put the leftovers, which included small and cut specimens, in the cellar.

THE DIMOCK ORCHARD East Corinth, Vermont

For a quick sale we now offer these potatoes, as they come from the cellar, at one dollar per bushel. Reasonable quantities will be delivered as far as Woodsville.

Most of those now offered are ideal in size and shape for seed. Occasional specimens are not.

NERVOUSNESS ON THE DECLINE

Doctors Encouraged, They Hold Out Hope for All

"Nothing wrong but my nerves." We hear it at home, at work and everywhere. It is the most common ailment of the day. A man or woman might better have a broken leg than a shattered, run-down nervous system.

Overwork and worry drains the nerve cells and centers of all their strength and vitality, then you get your nervous system in a state of collapse. You are restless, nervous, nervous, nervous, and you are not getting any better.

Phosphated Iron certainly does take hold. The way the majority of patients come back is remarkable.

What a change in appearance, too. The cheeks become filled out and flushed with the healthy ruddy glow that only pure, red ironized blood can give.

To insure doctors and their patients getting the genuine Phosphated Iron you have plenty of capsules, not pills or tablets. Insist on capsules.

MARSHFIELD

Mr. and Mrs. Fred Morse Get Letters from Marshfield Boys Overseas.

Mr. and Mrs. Fred Morse have within a few days received letters from two Marshfield boys overseas which will be of much interest to people in this place. The first is from Musician Clarence G. Pitkin, who is with the 21st E. A. band at Dudlange, Luxemburg, Germany. The letter was written Feb. 25. It says:

"I was very glad to get your letter and will sit right down and answer it. Yes, I have moved quite a bit since arriving in France Jan. 9. Have averaged about two weeks in a place before that. I'll write down a few of the places where I have been since landing. If it gets tiresome just skip."

"Landed in Brest, France, and after staying three days we were loaded on freight cars and, going through Ver-sur-Saillon, near Paris, went to Foulain, a small town near Chaumont, so you see the first trip was nearly across France. We stayed there two weeks, then back across France to Le Mans; two weeks there. Then went to Neuchateau, a town north of Chaumont. It was there that I saw Lee Dwinell. I was there Thanksgiving. The next move came Dec. 1, when we went by motor truck to Bar-sur-Aube, and after staying three days had another long truck ride to Gondrecourt, where the musicians were examined."

"According to French ideas, only six cornetists were allowed to each band that went from this place and as our band had eight cornetists, another cornetist and I were left and two weeks later came orders for us to go to the 21st E. A. band, where I am now. We came here by train through Metz, but could not see much, as we came in the night."

"The band here is the second best in the division. We have a minstrel show and nearly every night go somewhere and put it on. Every morning we have a rehearsal of two hours. Then if we go away we start after dinner. We travel in style. Have three big white cars with trim chassis, room enough so all can sit down and ride in comfort. Here are some of the songs we sing in the show. Do you know them? 'The Uncle Sammy Girl,' 'I'm Going to Fight My Way Right Back to Carolina,' 'Joan of Arc,' 'Somebody Stole My Gal,' 'Dixie Military Ball,' 'When Aunt Hannah's Daughter Anna Bangs on that Piano.'"

Frequently we play at an enlisted man's camp. We keep fairly busy. Enough to keep up a lip. "Hap Pike stayed with the 57th band that I came over with and they are now in Engers, Germany."

"How do you like the name of the place I live in now? It is pretty here. Two other fellows and I have a room in a private family. Nice room, best of a featherbed. The people treat us fine. Act as though they couldn't do enough for us."

"Many thanks for the picture. It seems mighty nice to see home folks and even American houses look good. All houses here are made of stone. "You are right in saying that baby Gertrude will be a big girl when I get home, for now I don't expect to be home before fall, but you never can tell. It depends upon when peace is signed, and I please remember me to Ralph and Amy. You might say I'm still making faces at music."

"Do you have any orchestra work now. "Best wishes to all from a fellow trouper."

The second letter was written Jan. 21 from Bourges, France, to the Corp. Edmond T. V. V. is treated with the personnel section of the central records office, and reads as follows:

"Your letter came to-day and, as you see, I am giving it a quick answer, as the time seems to be a little more free just now than it is apt to be later on and you know my motto is 'Never put off until to-morrow what you can do today,' so here goes."

"I don't think that I had better tell you just how pleased I was with the letter from you, as it is the first that I have had from you with the exception of the card that you sent me, and I had made a solemn promise that I would never answer a card from anyone. What I like is a good long letter and I do miss yours. This one that you wrote will do very nicely. I also got a letter from Mert the other day and that was the first letter that I have ever received from him. I think that I will answer that soon. I tell you that letters from anyone over here from the folks at home look pretty good to the fellows and that is about the only real pleasure that we do have."

"By the way, the pictures were very good, but do you know that I can't picture you and Fred as having a baby all your own. It seems to me as though I was far behind the times and will think so a great deal more when I get home and everyone that I used to go around with bring forth their children and I know that I can't help acting a bit awkward. It must be real nice after all to have one, if it doesn't cry all the time. I never like to be where they are all the time crying, though I always prided myself as being a baby charmer. You know how I used to quiet Roger when he would cry. I suppose if I tried to do that now he would tell me to mind my own business. Ha, ha. I think by the looks that you have a nice one."

"No, there is not another fellow here from Marshfield, with the exception of myself, and I think that Marshfield is pretty well represented. Don't you think? I wish that some more of them were here and I am sure that we would have some fine times together, but I have not ever seen them but once since coming to France and that was last June. Do you know that it has been about a year and a half that I have been over here? It sure seems that long to me and I guess that it will be a while longer before we get home."

"What is there for excitement at home, and I think that it is something usually is after holidays and most of the year for that matter, though I would like to be back there and I assure you that I would have a good time nevertheless. We are having a series of dances here now that began last fall. They

are at least once a week and sometimes there are as many as three and four. That seems to be about the only good thing that there is. By the way, there is one to-night and as I have an invitation I think that I will go. There are a lot of English girls that work here at this post and most of them dance, but somehow they don't dance just like the American girls, though I get on with them very well. I think that there are about 500 of them here, and there are about 4,000 American soldiers here, so you have some idea as to the size of this organization."

"You spoke that you were getting fat; well, you had ought to see me. I'll bet that you would not know me. I weigh 167 pounds. Now what do you know about that? I weighed even more than that when I came from the hospital in September. If I keep getting fat I shall have to have a boat all my own to take me across in. If I had a rowboat I think that I would make me go, and would start to-morrow morning for America. I don't think that France was ever made for me. I have a lot to tell you about when I get home, meaning France and its people (girls included and old women as well)."

"You know that picture that you sent me of Fred and the old hog. Well, I don't think that I have had a better picture of anyone that I had a better laugh over than I did that one. Tell Fred that I think he has a fine hog dairy. For we have not had much pork to eat since I have been over here and at present all eyes are turned in that direction and I am sure that that old hog would not live long if she were here in this camp."

"It might interest you to know that I was made corporal the other day. I did not know that it was coming so soon and it gave me a little surprise, but the extra pay that it will bring me is bound to come in mighty handy. I hear that corporals are to draw sergeants' pay now since they have been transferred into what is commonly known as the army of occupation. I expect that this organization will be the last to go home and probably the central records office, meaning the department to which I belong, will act as rear guard for the whole thing."

"Well, I think that this letter will have to do for this time and hope that you will write me again soon, for it sure does seem good to get a letter from someone from the old home town. Oh, by the way, I promise you that you will not be forgotten in regard to the sentence and will send you some about extra pay. Have you anything in particular that you would like? I will try and see what I can do downtown and send it to you as a souvenir of France."

"Please accept my best wishes, etc., and hope to see you sometime in the near future. Tell Mert and Carrie, if you see them, that I will write them in a day or so."

SOUTH RANDOLPH

A. M. Smith and family attended the funeral of his aunt in Williamstown Wednesday.

The family of E. P. Riford are able to be about again, after having the flu. Richmond Camp is working for Charles Hyde.

John Slack of Chelsea is at work for E. W. Kent.

The Middle Valley band is to play at Bethel Memorial day.

Mrs. E. J. Prince is on the sick list.

Mrs. Julia D. Hanks, widow of Dr. Hanks of South Randolph, writes to her cousin, Miss Greene, from New York, they have no flu and are quite well.

"Grace is busy decorating a new church (Episcopalian St. Bartholomew) in Manhattan and Lenda co-operates with board of education and is secretary of the Republican club and manager of her riding club and treasurer of other things and corresponding secretary of another society, so that her time is well taken up. As for me, I do all the mending and all the errands, and now that transportation is so bad, it takes a lot of time to get about. One hour from here to 42d street, with possible delays. In regard to laborers, our landlord, who is having rooms done over for us, says that it is almost impossible to get workmen. Painters demand \$8 a day and plumbers are three times their usual price. Shoes that used to cost \$3.50 I pay \$7.50 for now. We never had to consider every little thing as people do now. Eggs and butter are less expensive, to be sure, but nothing else. Chickens are 42 cents per pound. It seems as if everything were nearly doubled."
