Czecho-Slovak Forces Attack Waitseen, 20 Miles Northwest of Capital

FALL OF THE FORMER IS EXPECTED SOON

French Troops Are Said to Be Aiding Rumanians in the Advance

Geneva, Thursday, April 24.—Czecho-Slovak forces have attacked the city of Waitseen, 20 miles northeast of Budapest, which is expected to fall soon. French troops are said to be aiding the Rumanians in their advance in eastern Hungary, according to advices received here from Vienna.

Berlin, Wednesday, April 23 (By the Associated Press).—Hungary has hermetically closed all her borders in an effort to control the Rumanian invasion and prevent unfavorable news from escaping from the country. Reports from Budapest, therefore, are contradictory, but all indicate the situation is grave.

The days of the soviet government are perhaps numbered. The entente powers are said to have 60,000 colonial troops in Neusatz, which are advancing as a Rumanian reserve. The Czechs are believed to be preparing to attack. The people of Transylvania have revolted and are advancing with the Rumanians because of the agrarian measures imposed by the soviet regime.

A panic is said to reign in Budapest, where the communist authorities are said to be ruthlessly arresting scores of the bourgeoisie. Thousands of the citizens are fleeing, according to reports. The Budapest police have begun a counter revolutionary movement but it is said that all involved have been arrested. Government troops are leaving for the front unwillingly, having in mind the experience of their comrades who capitulated to the Rumanians.

HUNGARIANS FLEEING FROM BUDAPEST

As Rumanians Resumed the Offensive After Visit of Gen. D'Esperey to Bucharest Recently.

Geneva, Thursday, April 24.—The Rumanian bureau at Berne has issued a statement saying that after the visit of General Franchet D'Esperey to Bucharest recently, Rumanian troops were ordered to resume the offensive against Hungary, which had been suspended during the stay of General C. J. Smuts at Budapest. It is said the order provoked great enthusiasm and that numbers of officers and troops from Transylvania joined the Rumanian army, which in a rapid march beyond the old line of demarkation occupied Grosswardein, capital of the province of Bihar. Hungarian red guards fled from the city and large quantities of booty were captured by the Rumanians.

It is officially announced at Budapest that the Rumanians continue to advance toward the Theiss river and that the Hungarians have been forced to evacuate Debreczen, 36 miles northwest of Grosswardein.

Thousands of people are leaving Budapest on foot and are carrying their baggage, as there are no trains or vehicles. Five thousand women at Budapest have met and protested against the soviet government and bolshevism.

Germany Will Fight Again.

When one hears a German naval officer express thankfulness to the former Prussian kaiser because "the Hohenzollerns have made us what we are," he gets an illuminating view of the inner workings of the Teuton mind, but he doesn't get a more exalted opinion of German ethical development. If a man rejoices in having become an insolent brute he takes pleasure in a condition that most of the world desires to avoid. He is taking pleasure in wallowing in filth and doesn't know that it is in filth that he has chosen to make his bed. It is a disgusting revelation of the German character, and it is also a pitiable one. It dims the hope of reform because it shows a lack of knowledge that any reform is needed.

The man who gives us this discouraging view of the German mental and moral attitude is Commander E. Walter Dost of the German navy, who arrived at the Hoboken pier Wednesday as chief German officer and guide aboard the Kaiserin Augusta Victoria, the former Hamburg-American liner that has been allotted to the United States to carry American troops. It is his business and the business of the other German officers aboard to assist the American officers in managing the boat. Commander Dost is a hard-shelled Teuton. He speaks Eng-

FRIEND SAVED HER FROM LIFE OF INVALIDISM

This Vermont Woman Recovered From Nervous Breakdown When She Took the Proper Tonic.

The wise person in need of a blood builder selects a remedy that has passed the experimental stage and has gained a reputation for effectiveness through generations of use. A tonic that is handed down from father to mother to child and grandchild must possess real merit. Three generations have used Dr. Williams' Pink Pills as a blood builder and the best advertisement which the remedy has to-day is the recommendation of those thousands who owe their health to its merit.

Among those who gained health following the recommendation of a friend is Mrs. Nettie Ainsworth of No. 81 Elm street, Montpelier, Vt. In describing her experience she says:

"I became run down through overwork and suffered a complete nervous breakdown. My stomach distressed me after meals and I was in misery from flatulency and gas. I tossed about, sleepless, at night, and was steadily losing strength and weight.

"A friend who has taken Dr. Williams' Pink Pills following an attack of pneumonia recommended the treatment to me and I decided to give the remedy a trial. I took seven boxes in all and was completely restored to health. My nervousness disappeared and I now sleep well and eat without distress. I can't speak too highly of Dr. Williams' Pink Pills for I owe my present health to them. Two of my friends later took the treatment on my enthusiastic recommendation and I am glad to say that both of them improved."

To building up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks and lips and drive away that unnatural tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest.

A useful book, "Diseases of the Nervous System," will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 50 cents a box, six boxes for \$2.50.—Adv.

lish well and has visited the United States many times as an officer in the German marine. He went through the war as a German naval officer, and here he is, without having learned a thing in the last four years and without any appreciation of the fact that the world has in that time been moving forward rapidly.

FOR CONSTIPATION

THEY WORK WHILE YOU SLEEP

Too Worthless Even to Kill. As for Cottin and his kind, it is a pity that they cannot realize what sorry figures they cut. Clemenceau's appeal on behalf of his would-be assassin might well be accompanied by a gesture of contempt, and possibly was. Such men are creatures of their own delusions and vanity when they are not the direct product of anarchy and confusion of political and social ideas. Some of the world's greatest heroes and benefactors have fallen from the assassin's knife or bomb or bullet. If Clemenceau had been slain the people of France, who admire and revere the dauntless protector of their national rights, would have demanded Cottin's death. As it is, they

will feel that it is better that he should not be made into even the semblance of a martyr.—New York Herald.

New Englanders, Come On!

Help finish the Job I began!

In my address to Congress, Dec. 3, 1793, I said:

"No pecuniary consideration is more urgent than the regular redemption and discharge of the public debt; on none can delay be more injurious, or an economy of time more valuable. . . . Our citizens cannot but be sensible of the true wisdom of encountering a small present addition to their contributions, to obviate a future accumulation of burdens."

You have helped win a great war!

"Let us, then, as a nation, be just; let us fulfil the public contracts, which Congress undoubtedly had a right to make for the purpose of carrying on the war, with the same good faith we suppose ourselves bound to perform our private engagements."—Washington's "Legacy," June 8, 1783.

You should now pay the cost!
