AMBITION GOES WHEN BLOOD IS WEAK AND THIN

New Hampshire Resident Regained Her Strength When She Took Dr. Williams' Pink Pills.

Do you respond joyfully to the bright sunshine of the spring days? Or are you among those unfortunates whose blood has become so depleted by worry, overwork or disease that you are discouraged of ever finding health, energy and ambition?

Our grandparents used always to take a tonic in the spring to renew the blood that tended to become thin in the confinement of the winter months and medical practice has since approved that custom. Rich blood carries strength to distraught nerves and to muscles tortured by the pains of rheumatism or lumbago. The experience of Mrs. Adelaide Lavande of No. 64 Mulberry street, Claremont, New Hampshire, is an example of the benefits to be derived from treatment with the right tonic. She acknowledges her indebtedness for her present good health as follows:

"I became badly run down through overwork and worry and for years was unable to find anything that would help me. I was very weak and nervous. I became excited and unstrung at any unusual occurrence and tired very easily. I was very pale and was losing weight and strength steadily.

"A friend one day told me about Dr. Williams' Pink Pills and I started the treatment. There was such a decided improvement after the first box that I continued taking the remedy until I was completely restored to health. I not only regained my strength but I gained several pounds. My color is good and my nerves are strong. I have told many of my friends about Dr. Williams' Pink Pills.

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing 50 cents for one box or \$2.50 for six boxes. Write to-day for the free booklet, "Building Up the Blood."—Adv.
