RAILROAD MEN ARE LOYAL

Have No Sympathy With Doctrines Recently Expounded

ARE 100 PER CENT AMERICAN CITIZENS

Declares W. G. Lee, President of Brotherhood To-day

Columbus, O., May 15.—That the Brotherhood of Railroad Trainmen has "no part or sympathy in any of the plans that pretend the hope of the world is only to be found in its destruction," that the organization is "100 per cent American," and that it "does not subscribe to any theory that proposes to throw everybody into one common clough of dependency for the purpose of experimenting in the hope that out of this general mental and physical misery an average may come that will bring about a general better condition of affairs for a majority of the people," is the railroad men's attitude toward government as expressed by W. G. Lee, president of the Brotherhood of Railroad Trainmen, in his address before the convention here to-day.

"We stand for no such doctrine of destruction and ruin; we believe in the government of our representative nations and stand as 100 per cent Americans ready to defend our principles and our faith," he declared.

As proof of the brotherhood's loyalty and Americanism, he said 18,000 members of the organization took their places willingly in the ranks of armies and almost 200 of them "are sleeping in the soil of France in proof of their loyalty and devotion to the land they called their own."

In referring to the brotherhood, Mr. Lee at all times included the membership in Canada as well as in the United States.

"There are labor organizations," Mr. Lee continued, "that seek refuge under the banner of labor unionism that properly have no right to claim affiliation with labor organizations, and in proof of this their readiness to raise the red flag of anarchy and declare for the revolution of every opportunity. I want to assure you that the Brotherhood of Railroad Trainmen has neither part nor purpose in any scheme that proposes to destroy this government or take from any citizen either privilege or property that properly belongs to him; we have no sympathy with any plan that finds its basic purpose in the destruction of government or the organized forms of law and order; we do not subscribe to any propaganda that proposes a policy of destruction to find in a common basis of misery its expected hopes for reconstruction."

"We have not lost faith in our government nor in our fellowmen; we know that we have in our keeping the continuity of our government, the perpetuation of our common welfare and we believe that it is not necessary to transplant anarchy, or an autocratic government by a few self-selected rulers to preside over the destinies of a free-born American people."

The very assumption of power or autocracy established by those who have superseded former governments gives truth to the assertion that in whatever changes of this kind have been made, one autocracy has succeeded in which the last condition of the people was worse than the first, and the very fact that a few assume to control the welfare and the destinies of the man sets at naught all their pretenses to a common rule, by the common people, for the common people."

Mr. Lee said the organization purposes to continue along the same lines as in the past and added:

"We believe in our government, we believe in the expressions of our president and all the other authorities of the government who have declared emphatically their belief that the American workman is entitled to a wage that will insure a reasonably decent standard of living. We propose to direct our energies toward getting that decent standard of living and we propose to do it along orderly and legal lines, wholly within our rights as American citizens and in keeping with our belief that the workman is worthy of his hire."

Mr. Lee discussed the insurance plan of the organization, saying \$35,000,000 in death and disability claims have been paid to 45,000 in the past 35 years. During the last year, he said, \$3,000,000 had been paid due to demands occasioned by the war and pestilence. He declared the organization, which comprises 186,000 members, has been largely responsible for many of the labor laws enacted by the federal and state governments.

Calls House Steadier Than Senate.
Of the two houses, the Vermont House proved the steadier and more reliable body. The Senate several times shot off on a tangent that led nowhere. It had the good sense to yield to the House, however, in most of the matters that came to conference. In only a few cases was it obdurate. The Senate properly insisted in its right to approve or reject the governor's appointments, but erred when it tried to take the nomination power from the executive.—Randolph Herald and News.

Daddy Is a Soldier.
Tessie, aged three years, never saw her father. He was killed while fighting with the Italian army. Joseph, aged two years, is the son of a soldier who is now serving with the Italian forces and is waiting to be mustered out. Joseph's mother hears from her husband frequently and the family are looking forward to a homecoming that little Tessie will never know.

Both children are charges of the Salvation Army day nursery, 92 Cherry street, New York City. The mothers of both children work in factories. The children are great chums. In later years if they remain in touch they will have a common interest in the world war. There are other children at the nursery whose fathers answered the call to fight for world liberty.

The Salvation Army conducts its home service campaign for \$13,000,000 May 19-20. All this money will be spent in relief work in the slums of the United States.

Women Backing the Soldier Boys.

When the history of the war has been written, the work done by the women at home will impress itself upon this nation as few even now realize. Literal millions of women left their homes

and took up war activities into which women had never before been called, and many more at home devoted long hours at work in knitting and preparing surgical dressings for the boys "over there." Some may have worked at the expense of health and are now suffering from

headaches, backache, dragging-down pains or some derangement. It should be remembered that Lydia E. Pinkham's Vegetable Compound for more than forty years has been restoring such women to health and strength, and is now recognized as a standard remedy.—Adv.

SALVATION ARMY APPEALS TO SOLDIERS

Asks Their Aid in Organizing and Conquering Towns in Vermont for National Home Service Fund Drive Next Week.

The Salvation Army appeals to all discharged soldiers and sailors to form organizations in the following towns for the home service fund campaign of the Salvation Army from May 19 to 26.

The Salvation Army believes that there are ex-service men in every one of these towns and villages who have known of its work abroad and at home, and who will willingly form a small local committee to give all an opportunity to help the army on its \$13,000,000 drive.

The way to organize a town is for the ex-service men to get together, elect one of their number chairman, and then select a treasurer, preferably a banker, or if that is not possible, then a business man, who will take charge of all contributions of money and pledges, and forward same to the New England provincial headquarters of the Salvation Army at Boston.

As soon as the chairman and treasurer have been selected the chairman should at once communicate with N. B. Crittenden, state organizer, New Sherwood hotel, Burlington, Vt., who will forward publicity material, pledge cards, etc., for the campaign.

Following is a list of the towns needing your help and organization. Every little bit will help us if your home town is solicited.

Bartonville, Beecher Falls, Bolton, Bradford, Bridport, Brookfield, Brownington, Burke, Calais, Canaan, Charlesbury, Chelsea, Corinth, Cornwall, Craftsbury, Danby, Danville, Dorset, Duxbury, Dunmore, East Berkshire, East Burke, East Calais, East Hardwick, East Montpelier, Elmore, Fairfax, Fairlee, Fayston, Felchville, Ferrisburg, Fletcher, Franklin, Highgate, Huntington, Island Pond, Jericho, Jeffersonville, Londonderry, Lowell, McIndoe Falls, Manchester, Manchester Center, Manchester Depot, Marshfield, Middletown Springs, Milton, Monkton, Montgomery, Montpelier Center, Moretown, Morgan, Newbury, Norwich, North Bennington, North Craftsbury, North Ferrisburg, North Pownal, Orange, Orwell, Pawlet, Pittsfield, Pownal, Readsboro, Rochester, Roxbury, Ryegate, Rupert, Salisbury, Shaftsbury, Sharon, Sheffield, Shelburne, Sheldon, Sherburne, Shoreham, Shrewsbury, South Burlington, South Hero, South Londonderry, South Ryegate, South Shaftsbury, Starksboro, Stratford, Sunderland, Summit, Theford, Townshend, Tunbridge, Underhill, Vernon, Waitsfield, Walden, Wardsboro, Warren, Washington, Waterford, Waterville, Weathersfield, Wells River, West Charleston, Westfield, Westford, Westminster, Weston, Weybridge, Wheelock, Whiting, Williamsville, Williamstown, Wilmington, Windham, Wolcott, Woodbury and Worcester.

RANDOLPH

Rev. Fraser Metzger, who was in Rutland, N. J., Sunday to preach, has returned to his home here.

Robert Chambers, who has been overseas for more than a year, has returned to his home here, having received his discharge. Mr. Chambers has been in New York in a hospital for treatment of rheumatism since he arrived in the United States.

Kenneth Chase, a student at Montpelier seminary, has been home for a few days while recovering from the measles, and Wednesday went back to resume his studies.

Mrs. George Farr of Hancock has been in town for a couple of days to visit her son, Claude Farr, who was seriously injured in an accident several weeks ago and since that time has been here for care and treatment. It was thought that he was improving very slowly, having been more comfortable on Wednesday.

Mr. and Mrs. A. H. Beedle went to South Royalton Wednesday to visit Mr. and Mrs. Glenn Lathrop, the former being a nephew of Mrs. Beedle's.

Mrs. Cotrell, who has been with her sister, Mrs. John Bass, for several days, left on Wednesday for her home in Palmer, Mass.

Mr. and Mrs. Walter Fisk have been here from Springfield this week, making arrangements to move his household goods to that place, where they have a tenement, and where also Mr. Fisk has a good position.

Mrs. R. G. Morton left Wednesday for Woodstock to pass a few days with her sister, Mrs. King.

Mrs. R. H. Slack and Mrs. W. S. Smithers were in South Royalton on Wednesday to attend a meeting of the Foreign Missionary society of this district, which belongs to the Methodist church.

Mrs. Frank Kezer of Rochester and Mrs. Galen Fisk of Stockbridge were the overnight guests on Tuesday of Mrs. Harry Allen, and Wednesday morning they returned to their homes.

Miss Grace Pitkin, who has been confined to the house by an illness on her ankle, is now improving and she is able to get about, but not able to work yet.

Mrs. William Mann, who has long been an invalid and at the sanatorium for care and treatment, is not as well and is in an unconscious state. George Mann, her son, was here the first of the week to visit her.

PLAINFIELD

At the opera house, Plainfield, May 16, Wallace Reid in "Nan of Music Mountain." Do you like thrilling stories? Then you'll like Wallace Reid in this corking story of mountain feuds and tense heart interest. Adventures, thrills and dramatic moments such as this great screen idol has never done before. Don't miss it. We also have a dandy two-reel Arbuckle comedy in "The Butcher Boy;" some comedy. Admission, 17c and 25c.—adv.

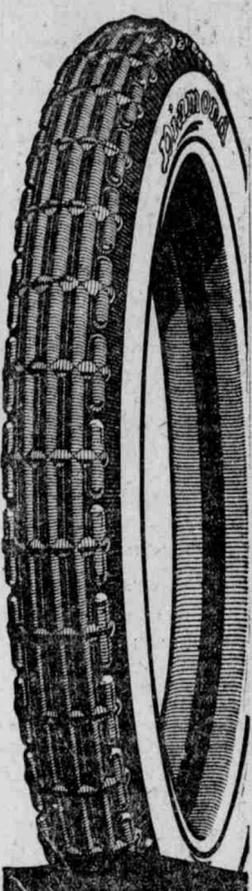

If any report of the play now being presented by the Nellie Gill Players around the circuit has reached Plainfield, those who don't secure their seats in advance for Saturday night will run the risk of being disappointed. "A Run for the Money" is by far the best yet, according to those who have seen it. Why not leave your name at Leavitt's and have the same seat reserved for you all summer? It costs no more, and think of the convenience! Ask about it.—adv.

Private Newton H. Davis from the 76th division spent last Thursday with Mr. and Mrs. Will Davis.

Fred Crowell from Windsor is boarding in the family of Will Davis.

Mr. and Mrs. Raymond Page and daughter were in Northfield last Tuesday.

Eli Swinger from the 28th division called on Mr. and Mrs. Will Davis last week.

Diamond SQUEEGIE TREAD Tires

Why their treads are black and their sides are red

Color cuts no figure in making the treads of Diamonds. For a tire tread must resist the mauling of rough and stony roads—the grind of macadam and brick.

When the toughest, most gristly rubber that could possibly be made for Diamond Treads was made, it just naturally CAME BLACK! Black it will be always unless a tougher rubber is discovered.

But the sides of Diamonds are made red purposely—because Diamond Red Rubber admirably resists side wear, and those red sides make Diamonds distinctively beautiful.

Watch those red-walled Diamonds—they're rolling up 5,000 to 8,000 miles for our customers as often as any other tires, and they COST YOU LESS than most other tires.
