One of the trout measured 24 inches and weighed five pounds two ounces, while the others all ranged from two pounds up.

MONTPELIER

Seven Respondents Were Arraigned in City Court To-day.

It has been a long time since such a bunch appeared in Montpelier city court as appeared this morning, a total of seven, all of whom were arraigned on charges of intoxication and nearly all of whom went to jail because they could not settle. Five of the bunch were taken from a passenger coach of the Montpelier & Wells River railroad and another charge may be made against them, namely, that of breaking and entering. The fact that persons have been using the coach for sleeping quarters was reported last evening to the officers. They visited the place three times and on the third trip rounded up five of the seven men. The other two were arrested on the street Saturday night. The bunch is composed of Herbert Vorvor of East Montpelier, who expects to be able to pay; Joseph Pinard of Ohio, committed; William Burke of Boston, committed; Charles Pecor, who expects to pay; James Thompson of New Hampshire expects to pay; Thomas Lavine of Burlington, committed; Charles Carbo of Montpelier and Boston, committed. All were given fines of \$5 and costs.

A youth named Leno was in city court this morning with his father on the charge of truancy, which was not established, it is understood. At least the matter is left with the court. It appears that the father sent excuses to the teacher, Mrs. Edwards, stating that the child was ill. It also appeared in the testimony that the child had been excused one-half of the time that he had been originally claimed absent. There did not seem to be much of a case against the child, the prosecution's testimony appearing widely different from that of the father and no decision was given in the case.

J. J. Williams was considerably surprised Saturday morning when Chief of Police Connolly walked into his place and notified him there were four automobile tires at the police station which belonged to him (Mr. Williams) and that he could have the same if he would go after them. It appears that the man who closed up the store Friday night left these standing on the front steps. Night Officer Sloan, in trying his doors, found them and carried them to the police station. Charles Stewart was also advised the same morning that there were some vegetables at the police station awaiting his possession of them, these having been found on the front steps of his store after the closing hour Friday night.

Charles S. Dana of West Haven has not disturbed the executive affairs, at least as far as can be ascertained at the State House, in the past 10 days, while he has been acting as governor of the state in the absence of Gov. P. W. Clement, who has been in New York and other places in the interests of the state. Under the statutes the lieutenant governor acts in the absence of the governor and in the absence of the lieutenant governor at the same time, then the speaker of the House is the acting governor. Mason S. Stone is in Europe; therefore, while Governor Clement was out of the state, Speaker Dana was the acting governor. A similar instance took place during the regime of H. F. Graham and at that occasion Mr. Dana was governor. In view of the fact that Mr. Stone will be away for a long time, Mr. Dana bids fair to be acting governor several times in the coming months.

As a result of the two days' work of United States district court in receiving applications for second papers and granting first papers, 19 petitions for second papers were acted upon, while 11 were granted first papers in the session of nationalization court. Charles DeF. Bancroft, sr. expects to have another large bunch of aliens lined up for another session about the middle of June. The following petitions for second papers were received Friday in Barre, with name, place of birth and residence, respectively: Thomas J. Blann, jr., Scotland, Barre; Robert Mutch, Scotland, Barre; Alexander Cooper, Scotland, Barre; Victor J. Mattinson, Sweden, Barre; William J. Ritchie, Scotland, Barre; Edward A. Anderson, Canada, Barre; Adolfo Guazzoni, Italy, Barre; Paola Simonette, Italy, Barre; Giovanni Osenda, Italy, Barre; Anton Bohm, Germany, Barre; Giovanni Vicari, Italy, Barre; Adolfo Buzzi, Italy, Barre; Eugenio Marchel, Italy, Barre; Giovanni Bellerin, Italy, Barre. The following made petition Saturday: Nasar Mike, Syria, Barre; Arthur A. Telfar, Wales, Barre; Giuseppe Catto, Italy, Barre; Philip Shadrout, Syria, Barre; William J. Henry, New Brunswick, Barre. The following were granted first papers Friday: John N. M. Meister, Germany, Northfield; Jacob J. Derne, Germany, Montpelier; John M. Essigman, Austria, Bethel; Archie J. Bennett, Canada, Essex. The following were granted first papers Saturday: Frank Millman, Finland, Westerville; John Y. Bardis, Greece, Montpelier; Octavius A. Kirkman, England, Waitsfield; Henry Cerro, Spain, Montpelier; Harold H. Kingsbury, Canada, Fayston; Johnston R. Owens, New Brunswick, Waterbury; Giuseppe Bianchi, Italy, Montpelier.

Prof. Willy Maiden, who has been coach and instructor in Montpelier seminary for the last few years, is completing his work in the institution, although probably he will remain until the end of the present season. He has been in poor health and will give up teaching for business.

ness. Montpelier seminary suffers probably the biggest loss of recent years in his leaving the school and there is a feeling among the members of the alumni who have been closest to the school that the school can better afford to retain him as a coach without teaching than to make a change at this time, for when Prof. Maiden came to the school the athletics were down and out. In the first year he put pep and fight into the teams and since that time they have been coming along until this school year they are playing extra strong teams in order to get games and are going out of the state for these contests. The present baseball team is the strongest in 10 years and to change coaches at this stage of the season might be the undoing of the excellent work that the team is now showing, regardless of how strong a successor might take Coach Maiden's place. The townspeople are looking towards the present baseball team claim the championship of the preparatory schools of the state this season and with the present record the team bids fair to do so.

Edgar B. Jackson of Chelsea was to-day appointed in probate court as administrator of the estate of Fred A. Jackson, late of Barre City.

Rev. and Mrs. L. C. Carson left this morning for Boston, where they attend the week the annual meeting of the American Unitarian society. Mrs. Ella Bailey left Saturday. Mrs. O. H. Richardson went this afternoon.

J. B. Walker of Springfield, who has been visiting in the city, went to his home this morning.

Chandler Brown went back to Dartmouth college last evening after spending the week end at his home here. The night policeman held Dr. Paulson of Danville Sunday morning because he was operating his automobile with 1918 number plates attached to the car. It appears that he went to Burlington to get his car, which had been in a garage during the winter and that he did not have his new number plates. Dr. Paulson lays the blame of the affair on the Burlington authorities for he said that he drove all over Burlington before coming here Saturday night and that he had the old plates on the car. A conference between the police and W. S. Teachout of the secretary of state's office occurred and after some two hours' delay, Dr. Paulson was allowed to go to his home. It is not understood that the case is dropped, however.

Gov. P. W. Clement has appointed E. W. Gibson of Brattleboro state's attorney to take the place of Harris B. Chase, who recently resigned when appointed superior judge. Captain Gibson was recently discharged from the army after service in the war. He was a senator in 1908, a member of the House in 1906, and has been municipal judge in Brattleboro. He was born in 1872, a native of Londonderry, educated in the Black River academy and Norwich university, graduating from the latter place in the class of 1894. Captain Gibson was not an enthusiastic seeker for the office.

John T. Condon of Rockland, Mass., who has been here for several days waiting to see Governor Clement, left Sunday evening for Burlington, where he will find papers waiting for him to take a prisoner to Massachusetts for trial. The man, whose name was not learned here, is in jail in Burlington, it is understood. Mr. Condon came here Thursday. Governor Clement was in New York, and after the officer made his application for extradition papers, he had to wait here until the governor could return to Vermont. The papers were sent to Gov. Clement in New York and as soon as he, accompanied by Major H. E. Goodell, arrived at the state boundary Saturday night the papers were signed and then mailed to Burlington, where the officer got them this morning. The papers could not be signed until the governor was in the state. Governor Clement and Major Goodell returned to Montpelier to-day.

M. E. Shedd is in Franklin and upon his return will bring his family here. They have rented a house on Winter street.
