

HEAVY BATTING BY SPAULDING

Gave Home Team 16 to 1 Victory Over People's Academy

POLL'S PITCHING WAS A PUZZLE

Morrisville Lads Also Made Many Errors That Were Costly

With a group of heavy hitters and the team going strong, the Spaulding high school team which defeated People's academy of Morrisville at Lincoln campus Saturday afternoon by the score of 16 to 1 has all the characteristics of a championship outfit.

Eight errors on the part of the visiting players contributed to a large degree toward the unevenness of the results, several of these coming at critical stages of the game.

Parks of the home team, who covers third base, did very creditable work with the big stick, hitting for a percentage of .800 during the game and scored four runs from his four hits.

Warren of Morrisville had a knack of stopping the ball with his body and was consequently allowed to go to first. This occurred once in the third inning and again by it the one run of the team.

DRAFTED TROOPS BACK

Pennsylvania Men Returned To-day from France.

New York, May 26.—More than 3,500 drafted troops of Pennsylvania—units comprising part of the 79th division—arrived here to-day from St. Nazaire on the steamship Princess Matoika, which brought also 54 sick and wounded men, a few casualties and the 315th bakery company, 3,714 troops in all.

The 79th's units were 154th field artillery brigade headquarters, five officers, including Brigadier General Andrew Hero, Jr., commanding this brigade, and 64 men; the 314th infantry's field and staff, its 12 letter companies and other detachments, 82 officers and 2,648 men; the 310th machine gun battalion's Companies A and B and headquarters and sanitary detachments, eight officers and 392 men; and the 304th field signal battalion's Companies A, B and C and headquarters and supply and medical detachments, eight officers and 451 men. These Pennsylvanians are assigned to Camps Dix, Meade, Upton, Devens, Dodge, Sherman, Taylor, Grant, Travis, Funston and Lee and Fort Russell.

It Will Look Better Filled.

BATTLED TO A TIE.

Brazil and Uruguay Football Teams for South American Championship.

Rio Janeiro, Sunday, May 25.—Playing in the final game for the championship of South America, the football teams representing Brazil and Uruguay battled to a tie here today, the score being 2 to 2. The game was played in the rain. Another contest will be played during the coming week.

Brazil to-day won the water polo championship, defeating the Uruguayan team 11 to 0.

MROE COMFORT STATIONS.

With the Saloons Closed, the Needs of Public Must Be Met by New Institutions.

The advent of prohibition strongly emphasizes one of the great public needs of today—adequate toilet facilities, or comfort stations, as they are generally called.

What will replace the saloon, that Mecca which has often been sought under the spur of necessity? Surely some accommodations must replace it. Male citizens, both of large cities and small towns, have relied upon it, often buying a beer for no other reason than to make use of the facilities that the saloon affords.

Office buildings will in many instances be called upon to make good the lack. New managers of such buildings are showing an increasing tendency to restrict to tenants the use of facilities of buildings under their charge.

Citizens of small towns will have to depend on railway stations, where the key is frequently in charge of an agent who only hands it out to those possessing a ticket. Small towns are notoriously slack in providing accommodations for strangers.

Comfort stations should at least be one to the square mile in larger cities, while in small towns one should be placed at the intersection of the main streets; this is the minimum. Such comfort stations need not be unsightly, but may be made architecturally attractive. They may be placed underground, being lighted from above by sidewalk lights. If a proper ventilating system is installed and the stations kept clean, this type will prove satisfactory.

London has made good provision for her citizens, her comfort stations being mostly underground. Clean and well kept, they afford marked contrast to the many places here, which are malodorous and unsanitary in the extreme.

In many European cities the back of a store is utilized, the front being rented as shops, thus bringing in a profit to the town.

Much of a town's prosperity is gained from travelers, either resident or transient. Their importance in the local scheme is more than sufficient to warrant attention being paid to their comfort.

Comfort stations, although designed primarily for the convenience of citizens and, therefore, necessarily being free, may yet have pay closets for those who desire additional sanitary conveniences, on the scheme followed in the terminals of many railroads. Such revenue will go far toward meeting the expenses of upkeep and attendants to keep the place in proper condition.

Now that the need for comfort stations will be emphasized more than ever before, it behooves municipalities to devote some attention to this matter.—Building Age.

Until July 1.

TIGHT BASEBALL AT GODDARD

Enabled Seminary to Score 3 to 0 Shut-Out Against St. Michael's

CLARKE AND KELLY PITCHED STRONGLY

C. Clifford, Brackett and Sassi Carried Off the Batting Honors

The best game of baseball staged in Barre this season took place at Goddard seminary campus Saturday afternoon, when St. Michael's college nine suffered a defeat at the hands of the local seminary by the score of 3 to 0 in a very exciting contest that held the fans in great suspense until the final out had been made.

In the third inning Coach Brackett fulfilled his duty as cleanup man, for two men out and two men on bases he drove to deep center field that scored two of the runs.

C. Clifford solved the combination to Kelly's snakelike deliveries, as each time he faced his opponent he connected with the ball, crediting himself with a line drive to deep right field for two bases together with a single.

In the fourth period of the game he was robbed of another two-bagger by Right Fielder King, who pulled down with one hand, a ball that was destined for over the cliff at the far end of the campus.

Scoring remained at standstill until the seventh inning, when the final tally was added. Sassi, the first to bat, got a two base hit, stole third, undermining the third baseman when he slid into the base, and again roughly forced the catcher from the base line when he bluffed a catch at home plate.

Advertisement for Indian Motorcycle: 'Indian Make It a Record Breaker IN SPITE OF the scarcity of labor and power, every staple American crop must now be a record breaker. How can crop success be secured? By making every acre produce all it can—more than ever before. And that requires proper fertilizing. You have, or can get, stable manure. You have power and help enough to spread five to eight tons of that manure in a top dressing on every acre you plant. All you need now is a Low 20th Century Manure Spreader This is an easy running, light draft, wide spreading machine. It saves labor. It saves time. It saves fertilizer. It increases crop yields. With a 20th Century you can make every acre produce to its limit. It spreads evenly because it gives the manure a double beating, breaks it up in small pieces, and spreads it out beyond the rear wheel tracks. Three sizes—small, medium, and large—all light draft machines with narrow boxes. The size you buy will do just the kind of spreading your soil needs to make it produce bumper crops. Telephone your order, or come in and get a 20th Century spreader. We can make immediate deliveries. Come in and Look the New 1919 Indians Over Order one and ride away with it the same day. Count the Indians on the road and see what most of the riders like the best. A. M. Flanders'
