

RANDOLPH

Mrs. Sarah Sharpe Died Monday After a Short Illness.

Mrs. Sarah Sharpe, after a short illness, died at 10 o'clock on Monday morning from the effects of bronchial pneumonia. Mrs. Sharpe was taken ill last Friday with a severe chill and a high temperature and from that time the disease progressed rapidly, and nothing could be done to relieve her condition.

Mrs. Sarah (Mann) Sharpe was born in Randolph Sept. 5, 1845, the daughter of Misch and Minora (Ford) Mann.

When she was a small child her mother died, but the father married the second time and she remained constantly in town, where she had always lived.

She married Hayden E. Sharpe Jan. 27, 1864, and to them was born one son, Harold Sharpe, who is now employed in Boston and who arrived here on Monday afternoon, several hours after the death of his mother.

Mrs. Sharpe's long residence here gave her an extensive acquaintance and she was known to nearly all of the older residents, as well as many of those who have lived in town for a shorter time.

She is survived by her son and one half-brother, Clarence Mann, who lives in New Hampshire.

Miss Genevieve Lamson, who has been taking a course of study in Chicago university, returned home for her summer vacation on Monday of this week.

Miss Emma Wood, who has for several months been with Mr. and Mrs. Frank Miles, left Monday for Boston, where she was to meet her sister, and the following day go to Oakville, Conn., for a several days' stay.

Mrs. J. D. Wheeler of Boston has come for a several weeks' stay in this vicinity and is for the present at the home of Judge Rowell.

Mr. and Mrs. Warwick came from Montpelier on Monday for a few days' stay here with Mr. and Mrs. W. W. Brown.

Frank Wood of Springfield came on Sunday and was the guest of friends while here for a time.

Mrs. Julia Udall, after several weeks' stay in Middlesex with her sister, returned home on Monday.

A son was born to Mr. and Mrs. Lucien Hutchinson on Sunday at the home of Mr. and Mrs. R. W. Allen on School street. The mother was Ruth Allen, and the child is the grandson of Mr. and Mrs. Allen.

Miss Helene Ranney came from Greenfield, Mass., Saturday for an over-Sunday stay with her mother, Mrs. Harry Chase. With her came Stephen Witham, who was recently discharged from the army, and is now at his home in South Royalton.

Miss Ranney returned to resume her work on Monday, and Mr. Witham also left for his home.

Dwight Adams, who was graduated from West Point and since that time has been in service, is in town for a few days, passing the time with friends.

The first entertainment given by the band was held on Monday night, and it was reported very successful. Mr. Gage, who has had the training in charge, is said to be very efficient in the work and the concert was good from the beginning.

Mrs. J. H. Harlow, who has been critically ill, is now reported more comfortable. Her daughter, Miss Emma Harlow, a student at the University of Vermont, was in town for an over-Sunday stay.

ORANGE

Margaret Barnes, the little daughter of Mr. and Mrs. H. J. Barnes, fell from a swing Saturday and broke her nose.

Harry R. Blake is home from France, having been honorably discharged at Camp Devens after over a year's service overseas.

Dan Nelson has received his honorable discharge from the army and is home.

Miss Anna Savah is home from Quebec for a vacation.

Miss Lena Tucker was a visitor at Mrs. Flora Beard's several days recently. The center school closed Saturday with an entertainment and dance at the hall in the evening. A very enjoyable evening was spent by all and much credit is due the teacher and pupils for the work done by them.

They netted a neat little sum for furnishings for their school room. It is regretted by all that the teacher, Miss Albisetti, cannot return to this school for next year, having been engaged for seventh grade work in the city.

Miss Vernice Whitcomb is sick with tonsillitis.

Mr. Bowman from East Barre has moved his family into H. I. Whitcomb's house.

D. A. Nelson is moving into L. E. Nelson's house.

ARE YOU DISAPPOINTED

often by not feeling well enough to attend some social gathering, or to keep an appointment, on account of an attack of indigestion? Such experiences cause disappointment, don't they?

You can ward off these attacks, and keep your stomach and digestive organs healthy by taking SEVEN BARKS, Nature's remedy of roots and herbs.

When the stomach is out of order, the liver not working properly, or the bowels are sluggish, a few doses of SEVEN BARKS will stimulate the liver, regulate the flow of bile, expel distressing acids and dangerous poisons, and quickly restore you back to good digestion and normal health.

Stomach disorders are the direct cause of nearly all the ailments that affect the human system, and make life a burden, instead of a pleasure.

Digestive trouble also spoils beauty, robs you of sleep, makes dark rings around the eyes, and ruins the complexion. Let SEVEN BARKS digest your food and tone your stomach, then you may eat what you like and bright eyes will soon return.

Ask your druggist for SEVEN BARKS. If he does not happen to have it, he will get it for you. Accept no substitute. PRICE, 50 cents.—Adv.

HAS NOT HAD AN HOUR'S SICKNESS

Since He Commenced To Take "Fruit-a-tives"

73 LEES AVE., OTTAWA.

"Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Troubles. Having heard of 'Fruit-a-tives', I thought I would try them. The result was surprising.

I have not had an hour's sickness since I commenced using 'Fruit-a-tives' or Fruit Liver Tablets, and I know now what I haven't known for a good many years—the blessing of a healthy body and clear thinking brain." WALTER J. MARIOTT.

WELLS RIVER

Wells River vs. Piermont—Local Team Won By Score of 17-12.

In the second game of the season Wells River defeated Piermont by the score of 17 to 12. The opposing team was handicapped by the lack of a pitcher, their man failing to show up. Wells River pitched Stark for seven innings, finishing the game with Chase, who showed his usual good form. Notwithstanding the score, the game was an interesting one to watch. It is to be hoped that we will be able to have a home game each Saturday. Line-up as follows:

Table with 2 columns: WELLS RIVER and PIERMONT. Lists players and their statistics.

Summary: Bases on balls—Putnam 5, Stark 7, Struck out—Stark 2, Chase 2, Passed ball—J. Bailey, Umpire—Myers.

Several from here attended the Masonic meeting at Haverhill last Wednesday evening. A royal good time was voted by all who went.

A Single Application Will Banish Objectionable Hairs

(Aids to Beauty.)

Here is a home treatment for removing hairs that is quick, painless and inexpensive: With some powdered delatone and water make enough paste to thickly cover the objectionable hairs, apply and after 2 or 3 minutes rub off, wash the skin, and will be left clean and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real delatone.—Adv.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitter-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is obtained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitrophosphate, which is made and sold by E. A. Drown & Co. in Barre and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitrophosphate accomplishes its purpose. Transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear. Full eyes ought to be bright and pale cheeks glow with the bloom of perfect health.

Although bitrophosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.—Adv.

Fatness Kills 31,000 Yearly

Fat is fatal to health and personality. It is estimated that over 31,000 persons have died each year in the past decade long before their allotted span of life, through the effects of excessive fatness. Any over-stuffed man or woman is carrying unhealthy adiposity that is pressing against and injuring vital organs of the body. The heart, that delicate human apparatus, becomes congested in these cases and there are dangerous gatherings of packed-in fat around the throat, stomach, liver and other delicate parts.

Through over-stuffing the afflicted person while apparently well is liable to nervousness, despondency, physical or mental collapse and other disorders, for obesity is irritating. Cases of Aneurysm, apoplexy, stroke, etc., are frequent causes of premature death. Fat persons are particularly victims of accidents and are more liable than others to suffer sudden death from influenza, pneumonia and other severe ailments.

If you are over-stuffed you should know it is truly a case of slow suicide for you to roll yourself a good deal of extra fat. Fatness may be cured if you do not antagonize yourself from the burden of unhealthy, ungraceful fat. Moreover, your efforts should be directed toward increasing your appearance should become plumper and more attractive. There is a scientific method of weight reduction known as keton dieting. It cuts down on the amount of fat in the body. This method is so pleasant because it contains no thyroid or other such drastic medicine. It is a natural process. The keton dieting is so simple that you may eat all you need. The keton dieting is so simple that you may eat all you need. The keton dieting is so simple that you may eat all you need.
