

BETHEL

No Power Shortage Has Been Experienced By Industries.

There was no shortage of power for industries in this section during the recent dry weather. The Horton Power company last Monday was obliged to resort to its steam plant at this place. Ordinarily the Bethel and Gaysville water supply, together with the Lake Dunmore supply, is sufficient. The reservoirs at Bethel and Gaysville by the present arrangement are adequate for the late mines at Rochester, the tannery at Bethel and the users of power in Randolph and Bethel. The Lake Dunmore supply takes care of the tale mill at Rochester and the lights at Randolph, Bethel, Stockbridge and Rochester.

This is Worth Reading

Thousands have been relieved of indigestion, stomach and liver disorders by SEVEN BARKS; the following extracts from testimonials, voluntarily given, prove our assertion. For the past 20 years SEVEN BARKS has saved me many a doctor bill. Have found it a most excellent remedy for indigestion and kindred troubles.—L. A. Ames, Prospect, Maine. For seven years I was troubled with stomach trouble and rheumatism, could get no relief. SEVEN BARKS helped me wonderfully, and I will never be without it. In fact, it is a doctor itself. Since using SEVEN BARKS I eat well, sleep well, and feel like a new person.—Mrs. Mary E. Sturgen, Sheldon Springs, Vt. I have used SEVEN BARKS, and it cured me of a very bad case of constipation and indigestion. I was all run down, had no strength, could hardly go outdoors, etc.; your SEVEN BARKS did me more good than anything I ever tried; it's a good standby, and I can heartily recommend it.—Edward Upham, Lynn, Mass. What SEVEN BARKS has done for others, it will do for you. For sale by druggists, 50 cents per bottle. Don't neglect to try it.—Adv.

PIMPLES 3 YEARS CUTICURA HEALS

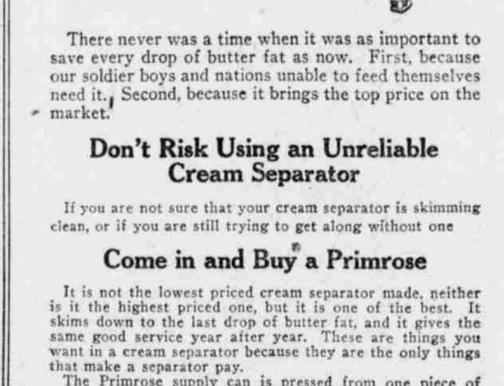

All Over Body, Face, Arms, Back and Limbs. Itched. "I had many pimples all over my body, face, arms, back and limbs. They were hard and red, and they itched very much which caused me many weary nights of lost sleep. I began scratching, and I never could stop until I saw the blood come. "This trouble lasted three years. I made up my mind to try a free sample of Cuticura Soap and Ointment. I bought more, and in a week I was healed." (Signed) John Palma, 85 1/2 Elm St., Lawrence, Mass., Sept. 6, 1918. These fragrant emollients are all you need for all toilet purposes. Sample Each Free by Mail. Address post-card: "Cuticura, Dept. A, Boston." Sold every where. Soap 25c. Ointment 25c and 50c. Tablets 25c.

SAVE WHILE SAVING MEANS MOST

There never was a time when it was as important to save every drop of butter fat as now. First, because our soldier boys and nations unable to feed themselves need it. Second, because it brings the top price on the market. Don't Risk Using an Unreliable Cream Separator. If you are not sure that your cream separator is skimming clean, or if you are still trying to get along without one. Come in and Buy a Primrose. It is not the lowest priced cream separator made, neither is it the highest priced one, but it is one of the best. It skims down to the last drop of butter fat, and it gives the same good service year after year. These are things you want in a cream separator because they are the only things that make a separator pay. The Primrose supply can be pressed from one piece of metal, heavily reinforced top and bottom. You can pour milk into it without splashing. The faucet is located inside the can so that the outside is smooth. You can set the can on a bench or table without pushing the faucet out of place. If you accidentally drop the can, you will not bend the faucet and throw it out of line as when the faucet is located on the outside. The faucet has two openings and drains the bowl completely. There are so many other things to tell about the Primrose that the only way you can get it all is to come in and see the machine. Do this at your first opportunity. DEALERS—J. C. Hood, Barre; John McKay, Waitsfield; Frank DeGoosh, Bradford.

Don't Take any Chances

A battery may seem to be doing its job nearly as well as usual—may turn, the engine over strongly enough to "get by"—may supply enough current for light—may produce a fairly hot spark—and may go on doing so right up to the point where the spark of life goes out.

If you don't know that your battery's in good health, you're taking chances.

Drop in at the Service Station for ten minutes and let us test your battery.

And ask about the Still Better Willard—the only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.

Sanitary Soda Water

No beverage in the world is more wholesome or deliciously refreshing than bottled soda water if that soda water is pure and the bottles clean. Pure soda water means a beverage consisting of pure water, pure carbonic gas, pure sugar and pure, wholesome flavoring extract. Pure water is our first consideration. Every drop of water that goes into our goods goes through a filtration process which makes it safe for the public to drink. Some dealers are careless as to the quality and purity of the goods they sell. They place their business with the bottler who will quote them the lowest price, so they can make the largest profit for themselves, as they charge the public the same price as other dealers charge the public on first-class, clean, pure, sanitary goods. The public's greatest safeguard is to ask for Granite City Sodas and refuse to buy goods of any shops that do not measure up to the highest standard.
