M., of Barre received word last night that it had won the state silk banner for new memberships acquired during the past six months, 108 new members having come into the review here in that time. Mrs. H. G. Bennett has received a letter from her son, John Eastman, a wireless operator on the S. S. Eastern Shore, in which he tells of the good times he has been having in Paris and vicinity.

Mr. Eastman left the United States six weeks ago, expecting to be overseas four months, stopping at various ports. Of his stay in Paris he wrote in part as follows: "At last gay 'Paris' has welcomed me with open arms. Arrived last night (July 16) from London and intend spending three or four days before leaving for England again. . . . I am having a pretty good time. This afternoon we took a free trip to Versailles (compliments of Y. M. C. A.) and visited the palace where the peace treaty was signed, even to the very room where they all sat. Everything was explained by a Y. M. C. A. secretary. Altogether we had a fine time. To-morrow we intend visiting Chateau Thierry and Rheims. We were lucky enough to nab the last two tickets (free) the Y. M. C. A. had. You get lots of free trips around here. This morning we went up in the top of Eiffel tower, the highest in the world (around 987 feet) and looked out over Paris. Quite a splendid panorama of the city." Referring to his new "Luger," he says: "It's a nice souvenir. Yesterday, in coming from the French coast, we passed through Amiens. Saw thousands of dugouts, trenches (filled and unfilled) and rolled-up barbed wire. Quite a sight."

Much interest is being shown in the proposed change of location for the Barre Golf club. Last evening a large number of the members of the club met to consider the city pasture site, located at the upper end of Merchant street. A committee had been appointed before to consider this site and find out the possibility of obtaining it if it were suitable.

They made a report that it seemed to them a very feasible spot and said that the city council suggested a 10 years' lease. Finally the meeting decided to have a golf architect come to look over the grounds and see if they are suitable for a nine-hole course. They also asked the committee to confer further with the city council and see if a longer lease could not be obtained. The architect is expected within two weeks, so that if the site is found suitable work may be begun this fall in order that the course may be ready for use in the spring.
