Passenger Service on New Haven System Was Unchanged This Morning

New York, Aug. 12.—Passenger service into New York over lines of the New York, New Haven & Hartford railroad to-day was unchanged and it was said that the public was apparently adjusting itself to conditions.

The embargo on non-perishable foodstuffs for human consumption and feed for livestock was lifted last night and they may now be shipped over the lines of the company.

The railroad will also carry livestock and newspaper paper when such shipments are authorized by permit of J. C. Halliday, superintendent of trains of New Haven, Conn., and the transportation of milk, perishable foodstuffs and coal consigned to branches of the road will continue as heretofore.

At the offices of the company in the Grand Central terminal it was said that all other freight must be taken only subject to delay.

POWERLESS AGAINST PROFITEERS

As Far as Present Laws in British Isles Are Concerned.

London, Monday, Aug. 11 (By the Associated Press).—Sir Auckland Geddes, in addressing the House of Commons on the food bill to-day, said that among the strong reasons for checking profiteering was its responsibility for social unrest and discontent and for continued inflation of prices. He explained that the government had rejected the idea of internal control of trade and also the idea suggested in America of stamping goods with factory prices and establishing a system for fixing prices.

AMERICAN REGIMENT GIVEN CROIX DE GUERRE

Officers of 28th Infantry of First Division Now Believe That Authority Will Soon Be Given from Washington to Wear the Fouragere.

With the American Forces in Germany, Aug. 11 (Correspondence of the Associated Press).—Decorations bestowed recently upon the 28th infantry, first division, by Marshal Petain included the second regimental award of the croix de guerre with palm, which, in the French army, entitle the officers and men of the regiment to wear the fouragere.

All infantry regiments of the first division have now received the croix de guerre with palm, the 18th and the 26th infantry being decorated this week at ceremonies in Coblenz. The 18th infantry received the award some time ago.

The 10th, 18th and 26th artillery regiments of the third division also received from Marshal Petain collective citations amounting to the decoration of the colors of those regiments with the croix de guerre with gold star.

WOULD RESTRICT EXPORTS.

Senator Myers Says Supplies Sold Cheaper in England Than Here.

Washington, Aug. 14.—Senator Myers, Democrat, of Montana, told the Senate yesterday he understood that supplies purchased here with money loaned by the United States to foreign governments and the \$100,000,000 fund appropriated by Congress to relieve distressed peoples in Europe were being sold abroad at lower prices than those now demanded of the American people for the same articles.

The senator was speaking in support of his resolution requesting the judiciary committee for an opinion as to the advisability of restricting exports. He declared he did not believe the people of the United States should be "bled white" in order to aid the remainder of the world.

RUMANIA WILL PAY HUNGARY

For Supplies Being Seized for Her Army, Says a Member of Mission

PEACE CONFERENCE FEARS MORE LAXITY

If Rumania Is Not Forced to Live Up to Terms of Armistice

Paris, Aug. 11 (By the Associated Press).—There is no indication here that any member of the supreme council of the peace conference desires to have relations with the Hungarian government set up by Archduke Joseph before a report is received relative to its establishment from allied representatives.

Nicholas Misa of the Rumanian peace delegation conferred with M. Benes, one of the Czechoslovakian delegates to-day and assured him Rumania was taking only such supplies as are necessary for her army and expects to account fully to the allies for everything so that reparations claims may be equitably settled.

NOT IN LOTTERY GAME.

Prof. Luzzatti, Former Premier of Italy, Denies Responsibility.

Rome, Monday, Aug. 11 (By the Associated Press).—Professor Luigi Luzzatti, former premier, has received thousands of letters from America which demonstrate the love of Americans for correspondence, which the aged statesman showed the correspondent to-night, was filled with checks for amounts varying from one dollar to one hundred dollars, the aggregate running up into the thousands.

The letter implored the former premier to reserve tickets in the gigantic international lottery which the letters asserted he is conducting to pay the cost of war.

"The proposal for an international lottery was widely published in the French press," he said. "Such a scheme was shown me by an Italian some months ago, but I am not identified with it. In fact, at the time that I was interviewed regarding the plan I strongly disapproved of it. I hope Americans will forgive my inability to satisfy their appetite for a good game."

FOR BENEFIT OF UNITED STATES

An Industrial Survey of Occupied Areas of Germany to Be Made.

With the American Forces in Germany, Aug. 11 (Correspondence of the Associated Press).—An industrial survey of the occupied areas of Germany is to be made this summer for the benefit of the United States government. Information gathered as a result of the survey, which will require a year or more to complete, is to be available at the department of commerce in Washington and is to have a bearing on the future commercial relations between the United States and Germany.

The Cologne office is in charge of H. T. Noyes, who has been attached to the interallied Rhineland commission. Mr. Noyes will also look after American business interests in the British zone.

GOVERNMENT SELLING BLANKETS CHEAP

About 2,000,000 of Surplus Stock Are to Be Disposed of at Prices Ranging from \$1.25 to \$6.

Washington, D. C., Aug. 12.—Problems of the high cost of living continued to-day to absorb the chief attention of Congress and government authorities. While Congress went ahead with consideration of various bills and suggestions for legislative relief, Attorney General Palmer continued negotiations with representatives of his department and state, city and county agents throughout the country for co-operation to bring about lower prices for the necessities of life.

Coincident with the announcement by the war department that prices of surplus army food would be readjusted from time to time to conform to reductions in the retail market on similar commodities, which was taken here as an indication that retail dealers already were beginning to feel the effects of the government's action in placing the vast quantities of stores on the market, it was announced last night that the war department also would offer to the public 2,000,000 surplus blankets.

Sale and distribution of the blankets will be conducted through postoffice and municipal channels on the same plan that foodstuffs are being handled.

STRUGGLE FOR LABOR LEADERSHIP

Of Situation in Winnipeg Is Getting to Be Serious.

Winnipeg, Manitoba, Aug. 11.—A conflict is in progress here between union labor men over the question whether the American Federation of Labor, the Dominion Labor congress or one big union shall control labor organizations in Winnipeg. The struggle is the outcome of the general strike which took place here in May and June, involving labor and capital throughout the dominion.

A short time ago the Winnipeg Trades and Labor council voted to join one big union by a vote said to be 8,841 to 705. As a result of this action, the Dominion Labor congress cancelled the charter of the Winnipeg Trades and Labor council and announced that an effort would be made to form a new council in Winnipeg to include the local organizations opposed to the one big union plan.

Some Canadian newspapers assert that the split in the labor ranks was precipitated by the alien element and say that the one big union organized at Calgary demanded that the government release all "political prisoners" interned during the war. Federal ministers have charged that a heavy percentage of the one big union membership was composed of aliens.

Ernest Robinson, secretary of the Winnipeg Trades and Labor council, has announced that the one big union will immediately supply charters to the local unions to take the place of those revoked by the American Federation of Labor. Winnipeg labor leaders supporting the one big union have promised to support the movement to organize similar unions in every city in the dominion.

GERMANS ARE GAMBLING MUCH

Partly Due to High Living of Individuals Who Made Fortunes in the War

BAD NANHEIM IS SECOND MONTE CARLO

One Woman Had to Auction Off Clothes and Valuables to Pay Hotel Bill

Frankfurt, Aug. 11 (Correspondence of the Associated Press).—Gambling is on the increase throughout Germany to an alarming extent, according to German newspapers. This is said to be due partly to the high living of individuals who made fortunes during the war by government contracts or otherwise.

At Bad Nauheim, three gambling houses have been running day and night for some time and the German newspapers refer to the place as a second Monte Carlo. Regarding conditions at Bad Nauheim, the Frankfurter Zeitung recently declared: "The demoralizing effect of the three gambling resorts erected in Bad Nauheim during the period of the soldiers' council, now is seen in its grossest form. Following the scene of a week ago when a summer guest drew his revolver in the center of the gambling hall at the Villa Heinemann after losing 30,000 marks in an hour, another guest, said to be from Frankfurt, was found murdered in one of the parks. The investigating committee summoned from Giessen asserted that the murder had been committed by a thief. The murdered man had won 70,000 marks at the 'Club 1919' in the Grand hotel on the night he was killed on the way to his quarters where he was shot in the back and all his money stolen."

"At the Bristol hotel it is said that a German woman recently lost 35,000 marks by gambling, and could not pay her hotel bill, so that she was obliged to auction her clothing and valuables. Another man from Frankfurt lost 50,000 marks one Sunday afternoon at the Villa Heinemann and a few days before another guest lost as much as 700,000 marks."
