WELLS RIVER

Wells River Wins from Woodsville, 5-3, in Labor Day Game.

In a game played with Woodsville on Labor day at Woodsville, Wells River won 5-3. The game throughout was close and interesting, showing two teams most evenly matched. Stinson, for Wells River, pitched wonderful ball. We are told by many, including several Woodsville people, that he was one of the best pitchers ever seen in this section. He is slated for the American League, Washington team. His father is Mr. Stinson of this place. For Woodsville, Sullivan pitched a great game. He showed wonderful improvement from the time we battled against him last. We would be proud to have him on our own team. Some of the decisions of the umpire seemed pretty raw and to show favoritism.

Chelsea Defeats Local Team in Game at Chelsea.

In a game played in a driving rain at Chelsea last Saturday, the local boys were defeated by a score of 7 to 1. Errors played an important part of the score, there being only two earned runs in the entire game. The Wells River boys offered to call the game in the second inning and offered to come to Chelsea for another game in the future, but such was not the umpire's decision. Hits were few considering the rain and wet ball. The game was called at the end of the sixth. The tabulated score:

The return game with Chelsea was played at Wells River to-day.

Wells River has accepted the challenge issued in The Woodsville News by the Woodsville baseball club for a series of three games to be played on the Woodsville grounds and a side bet of \$25. All arrangements have been perfected by the following men, representing the two teams: Philo VanDyke, M. F. Buck, Dr. R. G. Perry, for Wells River, and MacAnally, Larty and Bartlett for Woodsville. The series is to consist of three games, beginning Sept. 13, and continuing each Saturday until the three games are played. Loser takes 40 per cent and the winner 60 per cent, besides the side bet. No man outside of either team to play, an impartial umpire to be employed. This series has all the appearance of a real professional series. We trust the managers warrant the time that the managers are putting into the preliminaries. Remember the first game to be played at Woodsville Saturday, Sept. 13, at 3:30 p. m.

The Wells River Athletic club, which has been in existence for the last three years, closed its doors Sept. 1 on account of the fast disappearing membership, which had dropped to 14 paid-up members. The furniture of the club, pool table, etc., will be sold to the highest bidder sometime during the coming month. We will all miss the club and are sorry that such was the trouble, but a book full of non-paying members will support no club.

W. K. Kellogg

The sweetheart of the corn

"Mama, I Want a Soda!"

How often do mothers hear that wail from rosy-cheeked little ones? It means either that the mother has to drop her work and trot away with the youngsters to the nearest soda fountain or that she give them money and let them go alone—something that many mothers hesitate about doing. How much better it is to have your own "Soda Fountain at Home", in the shape of assorted bottles of our delicious sodas in your ice box. It costs less than half as much money as the soda fountain kind, and is so much cleaner and more sanitary that there can be no question about its being the better plan. Another argument for "sodas at home" is that you know exactly what the little ones are drinking, while you don't know what they get when they order some catchy name printed on the fountain menu. Order Granite City Sodas that's 100 per cent pure. They are worth more than they cost.
