How we pick a winner?

A long time ago we learned that to fill our logical place in the community we needed to do more than "sell groceries." We had to sell "service."

Perhaps you don't know it, but we feel a keen sense of responsibility for everything we sell you. We feel it is our duty to know all there is to be known about the products on our shelves. So, when something new comes on the market, we test it. Test it in our own homes. That's one way we render service.

A striking example of this is RYZON, The Perfect Baking Powder. Now, we were among the first to realize that if RYZON was all that it was said to be, we ought to know about it.

And now we do.

We know so much about it that we recommend it to you as the dependable, economical baking powder. We sell you your flour, eggs and other ingredients, and we want your baking to be successful—there is no better way of insuring this, we feel, than by selling you RYZON.

It is 40c per pound, and we would like to tell you something about the RYZON Baking Book, which is a complete manual of baking, edited by Marion Harris Neil, and comprising 200 tested recipes. Ask how to get this \$1.00 book for 30c.

Charles Colby and his brother, George Colby, both of San Francisco, arrived in Barre Saturday and have been visiting friends and relatives in the city for the past few days. Charles Colby, a man of about 70 years, left Northfield, his native town, when quite young and for a great many years was gone and none of his friends or relatives knew of his whereabouts for about 30 years. Upon his return he was able to give accounts of a great many adventures and experiences. One which he is distinguished in was the Jeanette expedition in 1881. Mr. Colby's story agrees with that of the new international Encyclopedia. The Jeanette relief expedition, which was sent in search of the lost Polar, the Arctic exploring steamer which went out from San Francisco in which Captain Hall had sailed, was headed by Lieutenant Commander DeLong, and in the search of the Jeanette was crushed in the ice north of Siberia and the party, after traversing the ice on sledges, set out for land in three boats, of which one was lost at sea. The boat containing DeLong reached the Lena river; but (except two seamen who succeeded in reaching a settlement) her crew, including Captain DeLong, died of starvation. Charles Colby was one of the two survivors of that crew and tells of some very interesting experiences of life while there. He states that up to that time no missionary had ever been in the locality that he and his brother seaman reached. He lived for about six months in one of the coldest places on the earth and within a few miles of the place where the lowest record of temperature has been taken. He also says that while with this settlement his food consisted entirely of frozen walrus meat. No fire was built; all the heat used there was generated by the body and kept concentrated by animal skins.

LOST WEIGHT AND GREW WEAK WHEN STOMACH REVOLTED

New Hampshire Woman Tells How Dr. Williams' Pink Pills Restored Her Health.

"I suffered from stomach trouble for years and sometimes became so worn out and run down that I was forced to keep to my bed for days," says Mrs. Lillian Dow, of No. 135 Amherst street, Manchester, N. H. "I had severe pains in my stomach, felt faint and dizzy at times and could eat very little. I suffered from gas on my stomach and from sour stomach. The least effort caused shortness of breath, and I was forced frequently to stop and rest. I was very nervous and couldn't sleep well."

"A friend recommended Dr. Williams' Pink Pills to me, and I began the treatment. After taking three boxes, I had improved so much that I could do my work without resting. Gradually my color returned and my stomach gained strength. I no longer suffer from indigestion. I sleep well and can eat heartily without any distress. I feel good now. My weight had decreased to 95 pounds before I began the treatment with Dr. Williams' Pink Pills. I now weigh 150 pounds. It has given me great pleasure to recommend Dr. Williams' Pink Pills to my friends."

Dr. Williams' Pink Pills are sold by all druggists, or direct from the Dr. Williams Medicine Co., Schenectady, N. Y., at 50 cents per box, six boxes for \$2.50, postpaid, on receipt of price. Write for the free booklet, "What to Eat and How to Eat."—Adv.

FORBIDDEN PASSPORTS

London Newspaper Says American State Department is Taking Steps to Check Extension of Prohibition Campaign in Europe.

London, Sept. 23.—The American state department is taking measures to check the extension of the Anti-Saloon league's prohibition campaign in Europe, according to the Daily Mail, which says two agents of the league who recently sought passport facilities in Paris preparatory to visiting foreign lands were unable to obtain the necessary visas.

"The American state department," the newspaper continues, "is fully alive to the detrimental effects which an extension of the Anti-Saloon league's activities to Europe might have on international relations, especially at the present time, and is said to be resolved to avoid possible misunderstandings."

The Daily Mail, which is conducting a campaign in opposition to William E. Johnson, organizer of the Anti-Saloon league, says it is considered unlikely that many more anti-saloon campaigners will be allowed to embark for England at present and quotes Johnson as saying that officers of the organization are "seared" at all the attention which has been focused upon them.
