Work of repairing the roof of the first station was continued to-day by Chief A. G. Preble and two regulars. In the past few days a portion of the roof has been covered with cement to prevent further leaking, and this morning the remainder of it was being tarred.

Tosi's academy football team met the North Barre Red Sox Wednesday afternoon in an hour's battle, in which the Red Sox were defeated, the game resulting 26 to 0. Several of the academy team suffered cuts, sprains and bruises. Bianchi received a bad gash in the head. "Denny" Ricciorelli is manager of the team and K. Smith captain. Paul Scampini has been acting as coach for the team.

After the special meeting of Ruth chapter, O. E. S., held Wednesday evening in the Masonic banquet hall, 17 ladies of the chapter entertained the rest with a clever minstrel show with Miss Eva G. Smith as interlocutor. Representing end men were Miss Ena Adie, Mrs. Etta Bennett, Miss Lillian Roberts and Mrs. Grace Batchelder. Miss George Washington Roberts rated high in comedy when she sang "N'everythink." Miss Giovanna Gow sang "Shadows," and Miss Dina Dewdrop Barclay "A Little Puff of Smoke."

The neighbors of Mrs. Helen M. Camp of Elm street gave her a surprise party last evening when a party of sixteen of the ladies on the street walked in unceremoniously at 7:30 o'clock and took possession. Each visitor carried a gift, accompanied by a verse. The verses were read by Prof. W. A. Wheaton, who occupies an apartment in the house. The evening was passed very pleasantly with music on the graphophone and with story telling and visiting. Ice cream, cake and candies were served. Mrs. Camp is soon to go to the home of her son, Don V. Camp, in South Barre, and this gathering was planned by Mrs. Camp's neighbors to show their appreciation of her friendship and to wish her much happiness in her new home, or rather in her home of former years.

A recruiting party, consisting of seven men riding in two army automobiles, one a Ford touring car and the other an army truck, loaded with tents and equipment, arrived in this city shortly before 12 o'clock under the supervision of First Lieutenant Herbert Ernest of Fort Ethan Allen. The other soldiers were: Sergt. Ray Gain, Saddler James Stuart, Wagoner Samuel Harris, Private Roy Palmer, and Chauffeurs Joseph Haudoin and Noel Guillette. These men have been recruiting in this state for the past two months coming here from White River Junction. This party is here for a two-fold purpose: First to secure men for the cavalry, or for any other branch of the service; second to show anyone who is interested, the educational advantages and the opportunity for bettering himself. As soon as the tents are erected, the recruiting officer or any member of the party will be ready to furnish any information possible about army life. These men will be stationed here until next Monday morning. They will be on display at the headquarters a German machine gun, which was captured in the Argonne forest, and various smaller trophies. This machine gun is one of the types that was usually left behind by the Germans in their retreats, and the kind that did so much havoc with the advancing allies.

SPAUDLING WON, 14 TO 0. Defeated South End Team in Practice Game. Despite the heavy rainfall late yesterday afternoon, the Spaulding high school team met and defeated the South End team in four eight-minute periods, 14-0. At the sound of the first whistle Spaulding kicked off to the southeners, all of whom were heavy lids. No scoring occurred in that quarter, but in the next period the boys in red and blue scored two touchdowns and kicked two goals. It was very evident that the school team was the better of the two, for at no time during the game did the opposing side reach as far as the 20-yard line. The two touchdowns for Spaulding were made by the Denmore brothers, the smaller of the two carrying the ball for a 40-yard run and the last touchdown. In the last quarter nearly every substitute of Spaulding had an opportunity to play, which made the teams more evenly matched and the game much more exciting. The high school team averages 147 pounds to the man. To-morrow afternoon at 3:30 Spaulding plays a sturdy North Barre aggregation.

The line-up in yesterday's game: SPAULDING. SOUTH END. O'Keefe, c. P. Hackett, lb. Bellville, rg. J. Webster, qb. Ellenswood, lg. J. Adams, fb. Ladd, r. E. Little, qb. Jones, t. G. Ironside, c. Reardon, rg. A. King, rg. Oliver, lg. J. Burns, lg. Denmore, fb. Mungett, rt. Murphy, rfb. McAllister, rt. Denmore, lb. Criswell, lg. Smith, qb. Glass, rg.

MONTPELIER

Rain did not stop the football squad of Montpelier seminary from having a good practice Thursday afternoon, with nearly enough for two teams playing. Some of the others, who have been practicing are laid up for a few days, so they will not get into the game Saturday on the campus against Littleton, N. H., high school, which is the first game of the season. "Mick" Ceresola appears to be making good as quarter, while Granal, Ward and Woodward look like the regular back field. St. Mary will be on end, where he played last year and may develop enough to substitute as halfback. Captain Tiltonson will play guard, but is out of the game now with an injured knee, as is Bisbee. Ramsdell is back in the line again, while Lynde will probably get in shape about the middle of the season. There are many new fellows who look good and who are taking to the game in good shape. Granal may play quarterback, the night school and Norwich freshmen. The squad has been sufficient for two teams most of the time. Albert Laird was working with some of the men in the line Thursday afternoon. Thus far there is no certainty as to who will have the positions. Some of the places looked filled, but there is nothing as yet to be certain. Michael Coban, who is a fast quarterback, has dropped out of the game because of injuries received in France, which will not permit his playing. He has bruised the leg a couple of times. His disappearance is a serious loss to the team.

Mrs. William Kelleher arrived last evening from Des Moines, Ia., where she has been in charge of an office of the National Life Insurance company for several weeks. Mrs. Kelleher is the first woman in Montpelier to have gone up in an aeroplane, the experience having taken place in Des Moines. She tells her friends interestingly of the trip.

Reports from Lewis J. Hathaway, who was taken suddenly ill at Middlebury, are that his condition is more favorable. It was feared at first that an operation would be required to relieve his condition. He was formerly instructor of music in Montpelier seminary.

Raymond Briggs was in Waitfield on Wednesday, and gave a demonstration of corn variety tests, showing the people the grades of corn that can be most profitably grown in that section of the county.

A marriage license has been issued by the city clerk to John W. Hatch of Montpelier and Miss Nellie May Worth of Bangor, Me.

Mr. and Mrs. James Hooper and children have gone to New York for a few days' visit.

George Reed, secretary of the state engineers' society, is completing the details connected with the summer meeting, which occurs this evening in the reception room of the State House, and followed by a trip to Smuggler's notch to-morrow.

Miss Mildred Lake of Barre will commence work in a few days in the office of the state purchasing agent.

The will of Rosalia Dunsmore, late of Northfield, was proven in probate court Thursday. It had been contested by the Cram family, there being a tendency to show that undue influence had been exercised in having the will made as it was. The legatees under the will were N. Eleanor-McKee and Henry C. Cuiver, the former of whom is a sister of the deceased.

Chief Forester Hastings has discharged the fire warden's duties in his department during the summer in his department. The recent rains, it is considered, will take care of the prevention of fire so that the expense of the warden can be eliminated.

The large display cases which have stood in the main corridor in the new state building, have been emptied of the granite and marble exhibit. These have been placed in new cases that match the woodwork of the alcove leading to the historical room and white cases will be moved into the historical room and decorated, after which they will be used in connection with the historical exhibits.

Mt. Sinai temple, Nobles of the Mystic Shrine, has received an invitation to go to Sherbrooke, P. Q., Oct. 18, to be entertained by Karnak temple of Montreal, which will be on a pilgrimage to Sherbrooke. The officers of Mt. Sinai temple are comparing their plans for the ceremonial that will take place in city hall in Montpelier Oct. 3, when it is expected a large class of candidates will cross the hot sands. They are trying to secure 50 candidates. The parade occurs at 3 o'clock, welcome at 5 o'clock, banquet at 6 o'clock, and degree work at 8 o'clock.

Private Stewart has returned from service in the war, having been discharged last Monday. He was enlisted in the drive made to fill Co. H at Camp Greene after it was depleted by the composition of the 101 ammunition train. He was transferred into the motor service of the fourth division and went into Poland, where he was several weeks in motor transport service. Probably he saw more of Russia than any other Montpelier boy who has been in service.

He went about 300 miles into Poland. There was no fighting where he was excepting a few little "bats." The fighting was in the northern part of Poland. The motor transports are carrying large quantities of supplies into Poland because there is not enough foodstuffs being grown to care for the people's needs. This trip is made from Verdona across Austria. Mr. Stewart's popularity with the commanding officer probably had much to do with his getting an early discharge from this service. He missed going into Turkey by only two days, after his service in Poland.

VERMONT COLONIAL DAMES.

Middlebury, Sept. 26.—The 22d annual meeting of the Vermont Society of Colonial Dames was held in the Masonic hall here yesterday, with sessions at 11:30 a. m. and 2:30 p. m. The forenoon meeting began with a registration of delegates when it appeared that there were about 150 present.
