

ABOUT THE STATE

Happenings of Interest from Different Sections.

At the annual game supper in Dummerston Thursday evening, 422 supper tickets were sold and about \$800 in cash was taken in for the supper and dance.

While handling a new gun he had just purchased, Homer Burns of Waterville accidentally shot his mother through the shoulder. Her condition is serious.

Charles Parsons and George Whitney found a bee tree recently on the land of Seymour Hulbert at Hydeville, which contained 400 pounds of honey of fine quality.

Rev. Dana Fish of Castleton Corners, a Civil War veteran, has been adjutant of Roberts post of Rutland for three years and, although now living 13 miles away, has never missed a meeting.

Rev. R. W. Roundy, a former pastor of the Congregational church in Ludlow, has resigned his position with the American Missionary association and is now with the Congregational home missionary society, with headquarters in New York City.

Mary Miss Pond, 62, died Thursday morning while out riding with a neighbor. She had been a resident of Burlington for 20 years, for many years being a canvasser for toilet articles. Although partially crippled and in poor health, her death was wholly unexpected.

The annual meeting and dinner of the New England Men's club will be held at the club's headquarters, Hale's tavern, Wells River, on Friday evening, Nov. 14. As this is the 15th anniversary of this "great" organization an endeavor will be made to get as many of the founders back as possible.

The Wells & Richardson company of Burlington, one of the largest and best known companies in the state and known all over the world, was sold to western and southern capitalists Saturday.

Archie L. Minkler narrowly escaped injury at Highgate Friday when his big Packard touring car which he was driving became unmanageable and overturned on a 20-foot embankment. The car was going about 30 miles an hour and its descent turned over twice, finally coming in contact with a big maple tree, which stopped it. The driver managed to stay in the car and did not receive any injury, while the car itself was very little damaged.

No will has yet been found which disposes of the property of James E. Pritchard, who died in Burlington Nov. 1, he never married and has no relatives so far as known. Mr. Pritchard is known to have had several thousand dollars, retiring from active business 25 years ago and since that time living on the income of his money. In case no will or relatives are found, the property will go to Burlington to be used for the maintenance of schools. A claimant has appeared at the estate of Mrs. Lucy Albee, who recently died intestate at the state hospital in Waterbury, in the person of Mrs. L. L. Bombard of Bakerfield, a niece. It was thought she left no heirs and that the money would go to the schools of Jericho.

HONORED GROTON SOLDIER. Service for Wendell E. Lord Was Held Saturday.

Groton, Nov. 10.—The Methodist church was filled Saturday afternoon at the memorial service for Wendell Edmund Lord, the only Groton boy who made the supreme sacrifice, dying at a hospital 300 miles from the front just a year ago as a result of wounds sustained at Verdun. Delegates from the posts of the American Legion from Montpelier and Groton were present. The memorial tablet was given by his parents, Mr. and Mrs. C. Lord, formerly of this town, but now of St. Johnsbury.

The prayer at the service was offered by Rev. E. W. Puffer of the Baptist church and the scriptures were read by Rev. S. Thornton of the Methodist church. Rev. Chauncey A. Adams of Danville, chaplain of the 101st ammunition train, and Rev. F. W. Lewis, pastor of the Highgate Methodist church and general agent of the Legion, who the young soldier attended, made addresses.

Private Lord enlisted in this town June 1, 1917, in Co. H, Vermont National Guard, and was sent to Fort Ethan Allen. He was then transferred to Camp Bartlett at Westfield, Mass. and went overseas with the 26th division. He fought in the battles of Chateau Thierry, St. Mihiel, the Argonne and Verdun.

POTATO FIELDS CERTIFIED.

Only Five in Washington County—Beetles, Blight and Rot Ruined Others

The beetles, blight and rot have ruined many potato fields in Washington county this season, says the Washington County Farm Bureau Notes. Twenty farmers applied for seed certification to the state department of agriculture. Out of this number of applications, only five fields have passed certification. The successful growers are:

F. V. Winslow, Montpelier, one and one-half acres Delaware.

R. W. Pike, Plainfield, one acre Green Mountains (Bartlett Beauties).

W. C. Joslyn, Waitfield, four acres Green Mountains.

The following are the reasons for the disqualification of the other fields:

No. of fields disqualified. Too much mixture in variety of seed..... 3 Colorado beetles..... 1 Late blight (disease)..... 8 Leaf roll (disease)..... 1 Mosaic (disease)..... 2

It will be noticed that there are other reasons for disqualification besides the beetles and blight. The diseases, leaf roll and mosaic, are coming into prominence very rapidly in this state, and much care will have to be taken in the future in selecting seed potatoes, whether grown for certified purposes or not. Farmers should not become discouraged with certified work. Those who have endeavored to grow certified seed this year know how to better their conditions next year. Those who enter the work another year should profit by the failures of this year.

Anyone who is in doubt as to whether their potatoes, which they plan to use for seed, are fit for seed purposes, would profit well by purchasing certified stock from those seed growers listed above.

Supply of Sugar for Wintering Bees.

Vermont bee keepers who have difficulty in obtaining a supply of sugar sufficient to feed their bees during the winter should at once communicate with E. S. Brigham, commissioner of agriculture, Montpelier.

With the permission of the Massachusetts commission on the necessities of life, which has charge of sugar distribution in New England, arrangements have been made with the Massachusetts department of agriculture to use their facilities for obtaining a supply of sugar for apiarists.

Not more than 15 pounds will be allowed per colony of bees, and the owner will be required to take oath to a statement that the sugar is needed for winter maintenance of bees, and that it will be so used. The price of the sugar is 10¢ cents per pound in lots of 25 pounds or over.

AUTO PROFITEERING ATTACKED.

Determined Effort Being Made in London to Stop Practice.

London, Nov. 10 (By the Associated Press).—A determined effort to break up profiteering in automobiles is being made by the British Motor Trades association and the Motor Agents' union.

Heavy fines have been imposed in cases where agents have advanced the prices fixed by the manufacturers. If the dealer refuses to pay the fine he is cut off from all source of replenishing his stock.

Another form of profiteering in cars is often encouraged, it is said, by the private automobilist. On receiving a new car, the owner in a number of reported cases has resold it to a second-hand dealer and pocketed an immediate profit of \$500 or more. Such is the demand for cars, that the second-hand dealer has no difficulty in disposing of the automobile at another \$300 profit for himself.

Owing to the shortage of cars, every dealer has a long list of expectant purchasers and attempts have been made to bribe salesmen to shift the names of waiting customers from the bottom to the top of the list. In one instance reported to the Motor Agents' union, the bribe offered a salesman was \$750.

A NASTY COLD EASED AT ONCE

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, fever, lachrymation, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's—Adv.
